T U R I N, April 13. On the 13th Instant, about Ten o'Clock in the Morning, the Court being in Gala, the Ambassador from France had a solemn Audience of the King and the Royal Family, in which he made a Demand of the Princesses Maria-Josepha Louisa, who, after having the Tokens of the Consent of the Duchesse her Mother, was presented by the Ambassador with a Letter from the Count de Provence, together with the Picture of his Royal Highness.

PARIS, April 22. Last Thursday, in the Night, the Musketeers carried Letters de Cachet to the Twelve Members of the Great Council, who had resigned, ordering them to return to the Palace, and resume their Functions. Some of them would not go there, and others returned only to renew their Protest.

HAGUE, April 26. The last Letters from Paris advise, that the Duke of Harcourt has refused to take the Command of the Troops in Normandy. They write from the Capital of that Province, that on the 15th Inst. the Day after the last Bed of Justice, the Parliament assembled and issued an Arret, which declares the Members of the new Parliament Intruders, Usurpers of the Effects of the People, Enemies of the State, and Violators of their Oaths, and strictly forbids the Acknowledgment or Execution of any of their Arrests: This Proceeding will probably cost the Parliament of Rouen very dear.

L O N D O N, April 30. Yesterday Sir George Rodney set out from his House in Welbeck-Street for Portsmouth, to take upon him the Command of the Squadron destined for Jamaica.

So greatly have Administration increased their Power of late, by an enormous Number of Dependents, that above 700,000l. per Annum goes to the several Officers concerned in collecting the various Taxes.

The Army have shewed that they retain the same Spirit of Liberty, which English Armies have always shewn: They have had the Judgment, in the first Instance, to nip the Attempt of introducing foreign Troops into the English Dominions, and have dared to vote, in spite of Influence, against the Bill for the more effectually raising a military Force for the Protection of the Settlements and Possessions of the East-India Company, and threw it out, to the great Joy of all thinking Men, who are Friends to his Majesty and the House of Hanover, and the Liberties of England.

May 1. Yesterday the Lords North and Rockford, had a long Conference with his Majesty, at the Queen's Palace.

The same Morning Lord Sandwich had a grand and numerous Levee of Admirals, and other naval Officers, at his House at the Admiralty.

The Sheriff of Middlesex, when he enters into his Office, swears, that he will truly return all the King's Writs. It is probable Mr. Wilkes did not know the Nature of the Sheriff's Oath, when he talked of refusing to make a Return in Case of Mr. Luttrell's Seat being vacated as Member for the County of Middlesex.

The House of Commons will certainly finish their Business to-morrow, when they will adjourn till Monday or Tuesday, as it is thought impossible for the Upper House to finish the whole of their Business till To-morrow Se'nnight, so that the Prorogation is now fixed for Thursday Se'nnight.

Extra of a Letter from Lisbon, March 23. A very extraordinary Event has happened lately here in regard to Commerce. Some Days ago French

Cloths were refused Dispatch in the Custom-House, and stop; and since then a general Order has been sent to that Tribunal, to stop all Goods of French Manufacture, which are either composed of Wool, or have any Mixture of that Material in them; even their Druggets are comprehended. You may easily conceive what an Uproar this has occasioned among the French Merchants; they have applied to their Envoy here, who has sent home their Cafe, and written to his Court for Instructions.

May 2. Sunday Evening an Express arrived over Land from Bombay, by which we learn, that Hyder Aly has sued for Peace with the Morattoes; that he has also desired the Assistance of the English on this Occasion; and that upon the whole, it was generally imagined this Affair would, in a very short Time, be amicably adjusted. This little Check upon the Asiatick Chiefs has thrown great Weight into the Scale of the English, as it tends to convince Hyder Aly and the Asiaticks, of the absolute Necessity they are under of always keeping well with the English.

On Tuesday, in the Upper House, the Duke of Richmond made a Motion to rescind the Resolution which the House came to last Year, that the Middlesex Election was final and conclusive. After a long Debate, which lasted till Half past Seven o'Clock, there appeared for the Motion Thirty-five, against it Fifty-five.

Yesterday the principal Inhabitants of the Ward of Aldgate waited on the Lord Mayor in the Tower, and presented his Lordship with an Address, expressing their Approbation of his late Conduct.

This Day the Common Councilmen, and many of the principal Inhabitants of Bread-Street Ward, presented an Address to the Lord Mayor and Mr. Alderman Oliver.

On the Duke of Richmond's Motion Eight or Ten of the Ministry divided with the Minority. It is said that the honourable Charles James Fox will soon be promoted to a very important Office in Administration.

A Patent is preparing for creating Sir Jeffery Amherst a Peer.

It is reported with great Confidence, that a very extraordinary Preferment was lately offered to Sergeant Glynn, which he nobly refused, though it was tendered to him at the Instance of a great Personage.

It is a Mistake that Mr. Wilkes at Mile-End talked of making no Return to the Writ. He mentioned not obeying it so far as to call the County together, when there was no legal Vacancy, and returning the Writ with the special Matter endorsed on the Back.

The State of the Corn Trade, for allowing the Exportation of Grain, &c. from America, Duty free, is dropt.

May 4. It is said that Sir Edward Hawke will be created a Peer at the same Time that Sir Jeffery Amherst is.

The Bill to prevent divorced Persons from marrying with the offending Party, we hear, is dropped.

Lord Chatham never appeared in Parliament with greater Lustre than on Tuesday last. No Man questions the Intrepidity of his Spirit; no Man denies the wonderful Extent of his Abilities. The Dignity, Firmness, and Consistency of his Conduct make his Character complete.

Kingdom;—that they in Effect had made him an Alderman of London, and Representative of the County of Middlesex; and now it seems they intend to make him Sheriff, and, in due Course, Lord Mayor of London;—that the Proceedings of the House of Commons, in Regard to this Gentleman, made the very Name of Parliament ridiculous;—that after repeated Resolutions, by which they had made him amenable to their Jurisdiction, they had shamefully given up the Point at last, and, in the Face of the World, acknowledged him to be their Lord and Master.

The other Day the French King came, under a Plate that was set for him at Dinner, a Scroll of a Paper, on which was written, "the first Damien missed his Aim, the Second will be sure."

The Disputes between the French King and his Parliament, it is thought, will be carried to much greater Lengths than were at first imagined, as that Monarch is not satisfied with the Dissolution and Banishment of the Members, but is determined to compel them to resume their nominal Dignity; and, however Repugnant to their Inclinations or Consciences, to oblige them to subscribe to the Measures he shall choose to pursue.

It is supposed that the Day the Lord Mayor and Mr. Oliver quit the Tower there will be more publick Rejoicings in this City than ever were known on any Occasion. It is much wished it was also a Day of Reconciliation among the Patriots.

Some Letters from Madrid mention that Two Chiefs of the Spanish Ministry are at present in Disgrace at Court, on Account of the Part they took in a late Convention.

It is said the following Motion was made on Wednesday last, by the Earl of Chatham, in the Upper House: "That an humble Address be presented to his Majesty, most dutifully and earnestly beseeching his Majesty, that under the late Violations of the Rights of the Electors of Great-Britain in the Election for Middlesex, still undressed, and in the present Conflict which has so unhappily arisen between the Claims of Privilege of the House of Commons on one Side, and those of the Magistracy on the other, his Majesty will, in his paternal Wisdom, deign to open the Way to compose this alarming Warfare; and that, in order to prevent the said House and the Nation from being involved in intemperate Discussions of undefined Powers, which in the Extreme may endanger the Constitution, and tend to shake the Tranquillity of the Kingdom, his Majesty will be graciously pleased to recur to the recent Sense of his People, by dissolving, after the End of this Session, the present Parliament, and calling, with all convenient Dispatch, a new Parliament; Twenty-three for it, Seventy-two against it."

Yesterday a Court of Common Council was held at Guildhall, when it was moved, that this Court, with the City Officers, be desired to attend the Right Hon. Brads Crosby, Lord Mayor, and Mr. Alderman Oliver, in their Gowns, in Procession from the Tower to the Mansion-House, on their Enlargement from their present Confinement, and on being put was carried unanimously.

We are assured, that upon the Day the Parliament is prorogued, the whole City of London will meet upon Tower-Hill and Places adjoining, in Carriages and on Foot, to attend the Lord Mayor and Mr. Alderman Oliver to the Mansion-House. All the Bells in the City of London and Suburbs will ring the whole Day, and the Illuminations are expected to be more general than ever were known upon any other Occasion.

Mr. Alderman Wilkes, who stood foremost for the Discharge of the Printers, will attend the Lord Mayor to the Mansion-House.

Yesterday some farther Complaints from the British Merchants at Lisbon and Oporto were received by the Lisbon Mail.

By the last Accounts from Brest, Twelve Ships of the Line had just been laid up there, and their Crews discharged.
