BY Knowledge taken from a Receipt to discover
Coals and Marl, upon Estates that can afford
such, the Subscriber made his first Discovery; and,
doubting whether the Climate would agree with it
as well here as in Europe, caused him to practise a-
bout 20 Loads of it upon a poor Piece of Land, and
planted in it Indian Corn, Tobacco, Wheat, Flax,
Cotton, Potatoes of both Sorts, Melons of different
Sorts, and many others too tedious to mention;
which grew to so prosperous a Growth, to the Asto-
nishment of the Neighbours and many other Specta-
tors who came to view them. Though this is a new
Kind of Husbandry here, first proposed by John Kel-
ly, yet it has been practised for 1000 Years or more
in the Three Kingdoms, where it is well known
that no Kind of Manure is to be compared to Marl,
nor will bring Crops to such Perfection, as Wheat
to 70 Pounds a Bushel, and other Things in Pro-
portion; it is well known that, by the Use of it,
Estates have been raised, from less than Ten Shil-
lings an Acre per Annum to a Guinea. There are
Two Sorts of Marl, Stony and Clay, much the same
in Quality; but it has been experienced, that the
Clay Marl suits best with poor and dry Levels, and
the Stony with a sandy and light Soil. There are
few Pits but what produce both Sorts, the Clay
Marl at Top. A Discovery is seldom made but
where a great Body of Marl lies. The 5th of May
the Subscriber made a Discovery of a Tract of Land
of about 120 Acres; the Body of Marl discovered
was thought by the Spectators to be sufficient for a
Thousand Acres a Thousand Years; yet Three
larger Tracts adjoining to it had none. The Sub-
scriber intends to practise this Summer from St. Ma-
ry's County to Philadelphia. He has made Ten Dis-
coveries in St. Mary's County, and in One of them
both Coals and Marl. There is no European
acquainted with farming (and there are many in Ame-
rica) but will testify, that wherever Marl is used,
the Ground will bear Crops 24 Years, no Rust will
infect the Wheat, or any Worm or Mole live in it, to
infect any Kind of Plant; though a Cordial to the
Crop it is Poison to them.

The Subscriber proposes a Bet of Fifty Pistoles or
more, that if any Man in this Province, desirous of
such Discovery, can show him 1000 Acres of tenant-
able Land, he will discover Coals or Marl upon it,
and perhaps both. Any Person in the neighbour-
hood may have their Lands looked over gratis, and
where he makes a Discovery he will expect 5 l. Cur-
rency. He will likewise direct them how to build
their Carts and cultivate their Land in the Marl
Way. It will be found of great Value near Towns,
where Land is dear, and old Plantations, to bring
their Crops near their Dwellings. It is no Matter
how poor the Ground is, so as they can light on a
convenient Marl-Pit. When People come to experi-
ence it a little, there is no Doubt but there will
become a great Demand throughout the Province.
It can be evidently made appear, that it is carted
Two Miles in England to Lands that cannot produce
it. Where both Discoveries are made on one Estate
10 l. Currency will be expected. Direct to the Sub-
scriber at the Post-Office in Choptico St. Mary's
County.

Newport, Charles County, March 10, 1772.

RAN away from the Subscriber's Plantation, near
Bryan-Town, a Mulatto Man Slave called Ste-
phen Butler; he is a lusty Fellow, about 6 Feet 2
Inches high, thin faced, has a small Scar on the right
Cheek-Bone, and has lost One of his under Jaw fore
Teeth: Had on when he went away a blue Duffel
Jacket, a white Cotton ditto, and spotted Cotton
Breeches; it is likely he may have changed them,
as he has different Suits. He plays on the Fiddle,
works at tight coopering, sawing and Wheel-work,
is by Trade a Carpenter, has been pretty well known
as a Runaway for these 30 Years, and has so great a
Correspondence amongst many white People, that he
never was once taken only by myself. He has con-
fessed to me and many others where he has been har-
boured and whose Houses he resorted; that he has
worked for several by Stealth, whose Names I shall
pass over in Silence at this Time, but for the future,
if I can possibly make Proof either against white or
black, I will proceed against them as the Law di-
rects. He is a very great Liar, an insinuating Fel-
low, and if taken into Custody will endeavour to
make his Escape. Whoever will take up and bring
the said Slave to his Master, shall have, if taken in
the County, Ten Dollars, if in any other County
Twelve, and if Fifty Miles from Home or out of the
Province Ten Pounds and reasonable Charges paid,
