BY Knowledge taken from a Receipt to discover  
Coals and Marl, upon Estates that can afford  
such, the Subscriber made his first Discovery; and,  
doubting whether the Climate would agree with it  
as well here as in Europe, caused him to practise a-  
bout 50 Loads of it upon a poor Piece of Land, and  
planted in it Indian Corn, Tobacco, Wheat, Flax,  
Cotton, Potatoes of both Sorts, Melons of different  
Sorts, and many others too tedious to mention;  
which grew to so prosperous a Growth, to the Asto-  
nishment of the Neighbours and many other Specta-  
tors who came to view them. Though this is a new  
Kind of Husbandry here, first proposed by John Kel-  
ly, yet it has been practised for 1000 Years or more  
in the Three Kingdoms, where it is well known  
that no Kind of Manure is to be compared to Marl;  
nor will bring Crops to such Perfection, as Wheat  
to 70 Pounds a Bushel, and other Things in Pro-  
portion; it is well known that, by the Use of it,  
Estates have been raised, from less than Ten Shil-  
lings an Acre per Annum to a Guinea: There are  
Two Sorts of Marl, Stony and Clay, much the same  
in Quality; but it has been experienced, that the  
Clay Marl suits best with poor and dry Levels, and  
the Stony with a sandy and light Soil. There are  
few Pits but what produce both Sorts, the Clay  
Marl at Top. A Discovery is seldom made but  
where a great Body of Marl lies. The 5th of May  
the Subscriber made a Discovery of a Tract of Land  
of about 12 Acres; the Body of Marl discovered  
was thought by the Spectators to be sufficient for a  
Thousand Acres a Thousand Years; yet Three  
larger Tracts adjoining to it had none. The Sub-  
scriber intends to practise this Summer from St. Ma-  
ry's County to Philadelphia. He has made Ten Dis-  
coveries in St. Mary's County, and in One of them  
both Coals and Marl. There is no European ac-  
quainted with farming (and there are many in Ame-  
rica) but will testify, that wherever Marl is used,  
the Ground will bear Crops 24 Years, no Ruit will  
infect the Wheat, or any Worm or Mole live in it, to  
infect any Kind of Plant; though a Cordial to the  
Crop it is Poison to them.

The Subscriber proposes a Bet of Fifty Pistoles or  
more, that if any Man in this Province, desirous of  
such Discovery, can shew him 1000 Acres of tenant-  
able Land, he will discover Coals or Marl upon it,  
and perhaps both. Any Person in the neighbour-  
hood may have their Lands looked over gratis, and  
where he makes a Discovery he will expect 5 l. Cur-  
rency. He will likewise direct them how to build  
their Carts and cultivate their Land in the Marl  
Way. It will be found of great Value near Towns,  
where Land is dear, and old Plantations, to bring  
their Crops near their Dwellings. It is no Matter  
how poor the Ground is, so as they can light on a  
convenient Marl-Pit. When People come to expe-  
rience it a little, there is no Doubt but there will  
become a great Demand throughout the Province.  
It can be evidently made appear, that it is car-  
ried Two Miles in England to Lands that cannot produce  
it. Where both Discoveries are made on one Estate  
10 l. Currency will be expected. Direct to the Sub-  
scriber at the Post-Office in Chaplin St. Mary's  
County.

JOHN KELLY.

THERE is at the Plantation of Edmund Osmond,  
on the Head of Severn-River, taken up as a  
Stray, a small gray Mare, about Eight Years old,  
branded on the near Buttock IH, trots and gallops.  
The Owner may have her again on proving Prop-  
erty and paying Charges.

County having purchased a Piece of Ground,  
near to the City of Annapolis, will be glad to agree

a Work and Alms House thereon; the Plan may be  
seen by applying to Mr. Jacquet, with whom Pro-  
posals in Writing are desired to be left, or they may  
be delivered in to the Trustees, at their next Meet-  
ing, at the Coffee-House, on Tuesday the Sixteenth  
Day of June next. On entering into Bond with suf-  
ficient Security for the Performance of the Condi-  
tions, the Person undertaking the said Work may

it may be wanted.

Annapolis, April 29, 1772.

in a short Time; those indebted to him are  
requested to make immediate Payment, and those  
who have Claims against him are desired to bring in
