ONNER DAVIDGE.

Richmond, James River, Virginia, Jan. 1, 1773.
To be S O L D by the Subscriber,
THAT valuable Tract of Land, called *Moscock's
Island*, lying within a Mile of the Mouth of
Chickabomony River, One Mile from *James River*, a
Quarter of a Mile above *Barron's Ferry*, and within
Ten Miles of the City of *Williamsburg*; it contains Six
Hundred Acres of the highest, driest, and richest
Marsh in this Colony, in its present State during the
Spring and Summer Months; it will afford grazing for
above One Thousand Head of Cattle.

In the Marsh are Three Islands; the easternmost or
low Island, contains about One Hundred and Fifty
Acres of rich high Land, has Two good Springs upon
it, a Barn, Two Negro Quarters, and an Overseer's
House; a Quarter of a Mile distant is middle or *High
Island*, containing about Forty Acres, Half a Mile dis-
tant lies westernmost Island, containing Three or Four
Acres; and they are so situated that the banking in
the Marsh is rendered very easy: The eastern and
northern Parts of these Islands are divided from the
main Land by a Branch of the River, no more than
Thirty Yards broad, and the southern and western
Parts are divided by the main Body of *Chickabomony*,
about Three Hundred Yards broad. Up this River is
Navigation for Forty Miles for Vessels of Four Thou-
sand Bushels; the Branch dividing the Island from the
main Land, is esteemed the best towing and filling in
this Colony. Opposite *Low or Great Island*, there are
on the Continent, One Hundred and odd Acres well
timbered Land belonging to this Plantation, pleasantly
situated and over-looking the whole Island: This Land
runs from the Branch about Half a Mile across the
main Road leading from the Ferry to *Williamsburg*, so
that the Distance from Town is not above Nine Miles;
common Tides cover no Part of the Marsh; Spring
Tides, with a continued North East Wind cover the
greatest Part of it, with Four Inches Water, but the
best Criterion of the Tides over-flowing it, is taken
from the remarkable great Gulf on Friday the 8th of
Sept. 1769, which spread over a great Part of America,
and then there were only Seven Inches Water in the
said Marsh: Any Person purchasing this Island, may
have the Stock and Utensils upon reasonable Terms.
