Mount Vernon, July 15 1773.

THE subscriber, having obtained patents for
upwards of 20,000 acres of land, on the
Ohio and great Kanhawa, being part of 200,000
acres, granted by proclamation, in 1754. (10,000
of which are situated on the banks of the first men-
tioned river, between the mouths of the two Kan-
hawa's; the remainder on the Great Kanhawa or
New River, from the mouth, or near it, upwards
in one continued survey) proposes to divide the
same into any sized tenements that may be desired,
and lease them upon moderate terms, allowing a
reasonable number of years, rent free; provided
that, within the space of two years from next Octo-
ber, three acres for every fifty contained in each
lot, and proportionable for a lesser quantity, shall
be cleared, fenced, and tilled, and that by or be-
fore the time limited for the commencement of the
first rent, five acres for every hundred, and a propor-
tionably, as above, shall be inclosed and laid down
in good grass for meadow; and moreover, that at
least fifty good fruit trees, for every like quantity
of land, shall be planted on the premises.

Any persons inclinable to settle upon these lands,
may be more fully informed of the terms, by apply-
ing to the subscriber, near Alexandria, in Virginia,
or, in his absence, to Mr. Lund-Washington; and
will do well in communicating their intentions be-
fore the 1st of October next, in order that a sufficient
number of lots may be laid off to answer the de-
mand.

As these lands are among the first which have
been surveyed, in the part of the country where
they lie, it is almost needless to premise, that none
can exceed them in luxury of soil, or con-
venience of situation; all of them lying upon the
banks either of the Ohio, or Kanhawa, and ab-
ounding in fine fish and wild fowl of various kinds,
as also in most excellent meadows, many of which
(by the bountiful hand of nature) are in their pre-
sent state almost fit for the scythe.

From every part of these lands water carriage is
now had to Fort-Pitt, by an easy communication,
and from Fort-Pitt up the Monongahela to Red
Stone, vessels of convenient burthen may, and do
pass continually; from whence, by means of Cheat
River, and other navigable branches of Moronga-
hela, it is thought the portage to Patowmack may,
and will be reduced within the compass of a few
miles, to the great ease and convenience of the
settlers; in transporting the produce of their lands
to market; to which may be added that, as patents
have now actually passed the seals, for the several
tracts here offered to be leased, settlers on them
may cultivate and enjoy the land in peace and safe-
ty, notwithstanding the unsettled councils, respect-
ing a new colony on the Ohio; and as no right
money is to be paid for these lands, and a quitrent
of two shillings sterling a hundred, demandable
some years hence only, it is highly presumable that
they will always be held upon a more desirable
footing, than where both these are laid on with a
very heavy hand. It may not be amiss further to
observe, that if the scheme for establishing a new
government on the Ohio, in the manner talked of,
should ever be effected, these must be among the
most valuable lands in it, not only on account of
the goodness of the soil, and the other advantages
above enumerated, but from their contiguity to the
seat of government, which more than probable will
be fixed at the mouth of the Great Kanhawa

GEORGE WASHINGTON.

TO BE RENTED,

THE plantation whereon Mr. William Clifton
formerly lived, lately possessed by Mr.
Samuel Johnston, and at present in the tenure and
occupation of his daughters; this plantation, or

tains about 200 acres of cleared land, very good
for grain of every kind, and tobacco; as also one
of the largest and best springs on this side the
Blue Ridge, within twenty yards of the door; it
has a front upon the river of near a mile and an
half, affording several good fishing landings; one of
which only rented last spring, during the shad and
herring season, for twenty-five pounds; to this be-
longs a well accustomed ferry, upon the most direct
road leading from Annapolis through Colchester,
Dumfries, and Fredericksburg to Williamsburg; on
the premises are a dwelling-house, with two brick

hundred of which upon the banks of the Ohio, be-

ton's ten thousand acre tract upon the banks of the
great Kanhawa; he proposes to divide the same into
suitable tenements as may be desired, and lease them
upon moderate terms, allowing a reasonable num-
ber of years rent free provided within the space of
two years from the last of October next; three acres
for every fifty contained in each lot, and proportion-
ably for a lesser quantity shall be cleared, fenced,
and tilled; and that by or before the commencement
of the first rent, five acres for every hundred, and
proportionably as above shall be inclosed and laid
down in good grass for meadow, and that at least
fifty good fruit trees shall be planted on the pre-
mises. Any person inclinable to settle on those
lands, may be more fully informed, by applying to
the subscriber near Port-Tobacco, and would do
well in communicating their intentions before the
first of November next, that a sufficient number of
lots may be laid off to answer the demand. The
land is well watered and very rich, abounding with
fine fish and wild fowl of various kinds.
