

MISSISSIPPI.
 WE have authority to communicate to the public, from his excellency Montfort Brown, Esq; governor and commander in chief of his majesty's Bahama islands. That his excellency being possessed of several very extensive and valuable tracts of land, (as well by grants from the crown as by purchase) situated on the banks of the rivers Mississippi and Mobile in West-Florida, to the amount of 150,000 acres and upwards; (exclusive of Dauphin island, whose situation for trade is so well known) is desirous of encouraging all substantial planters or others, who wish to become settlers in those parts. The fertility of soil, salubrity of climate, and most delightful situation of these tracts, are so well known, that they need no fuller description, than that printed by his excellency, for his majesty, who has thought fit to order the intended capital on account of its rising consequence, and most convenient situation, to be removed from Fort Bute, to *Brown's Cliffs*, nearly opposite to that most beautiful and populous town called Point Coupée, belonging to the Spaniards.

For further particulars, his excellency refers the public to the printed reasons, left with the printer heretofore, in order that those who are inclined to remove to that flourishing province, may be well informed, and may, by application to his excellency at New-Providencia, be well assured of meeting with every encouragement they can wish for or desire.

N.B. The greatest part of the above lands are fit for immediate culture, having no more wood on them than what will be absolutely necessary for tenantable use, and are watered by navigable rivers, containing rivulets, and innumerable springs.
