Annapolis, August 23, 1775.

WANTED immediately, a number of hands who are acquainted in the different branches of the manufacture of fire arms—good wages and encouragement will be given to such as have been used to work in any branch, according to their proficiency and industry, either by the piece or time.—As good lock-smiths, or other neat filers, will be soon handy in making several parts of gun locks, to such also I will give good encouragement.—There are many servants about the country who would be very useful in the necessary business I am now engaging in; I should be glad to be informed of such, and with to hire them, or purchase their times of service of their masters.

To be rented for any term of years, not exceeding fourteen, and entered upon next November,

THE houses and ferry opposite to Alexandria, either with or without an adjoining improved plantation; the land whereof is, in general good, with a large quantity of valuable meadow ground. This being a place much frequented, and likely to become daily more so with the rising importance of Alexandria, renders it peculiarly fit either for a tavern, or a place of trade, or both. The buildings now upon it, excepting one new house intended for a kitchen, are but indifferent; it is, therefore, proposed, that the tenant shall erect such as he may judge necessary, for which a proper abatement will be made in the rent. For terms, apply to the Rev. Mr. Jonathan Boucher, or Mr. John Addison near the premises. tf
