To be SOLD for specie, at Middleton's tavern, in the city of Annapolis, on the 30th day of October next, in one, two, or three hundred acres lots, or by the whole, as may best suit the purchaser or purchasers,

A VALUABLE tract of land, containing about 1800 acres, and generally known by the name of Kent fork manor (the exact quantity will be specified on the day of sale) lying on the lower end of Kent-land, about 10 miles from Annapolis, and 25 or 30 from Baltimore, the annual rent amounts to 26 950 pounds of crop tobacco; this land has many natural advantages, such as fish, oysters, and wild-fowl in abundance; the soil is very fine, and remarkably level, and the whole tract is to advantageously interlocked with small creeks, that different and convenient farms or plantations may be laid off with very little fencing; there are several good dwelling houses, with brick chimneys, on the land; any person inclined to purchase will be shown the land, by applying to Dr. Roberts, on the island; five years credit will be given; bond with legal interest and approved security will be required.

WILLIAM BRENT.

N. B. The greatest part of the land is under lease, which will expire in November 1784; the plantation to be delivered up in good order, under the forfeiture of a heavy penalty. I have the greatest reason to expect to have the leases in my own hands before the day of sale.

Baltimore, September 20, 1782.

ON Thursday the 24th of October next, will be offered to public sale, at Ellicotts upper mills, the subscriber's valuable plantation in Anne-Arundel county, near the main road to Frederick, by way of Ellicotts mills, and within a mile of Poplar-spring chapel. This farm contains between five and six hundred acres, near one half of which is in cultivation; the rest is woodland, with a sufficiency of timber. It is divided into several fields, in each of which there is a plentiful spring of fine water, all enclosed with good fences. The meadows yield about thirty tons of timothy hay yearly, and there is meadow ground sufficient to produce double the quantity. The orchard, in favourable seasons, produces from 4 to 5000 gallons of good cider. The other improvements are a large paved yard and garden, a dwelling house, well finished, 28 feet by 24, an excellent cellar, a passage, and two rooms on the first floor, and two rooms above stairs, with kitchen, spinning house, meat and milk houses, stables, barn, cow and sheep houses, all new except the kitchen. The overseer will show the land and improvements to all who may think proper to examine them. Possession will be given on the 20th of November next. One fifth part of the purchase money must be paid in three months from the day of sale, and such credits will be proposed for the remainder, as cannot fail of being convenient to the purchaser, who shall also have the refusal of the fall crop; about 60 bushels, now in the ground. It this farm should not be sold at the time proposed, I shall then be ready to lease it, for three or five years, from the first of December next.

Once more request all persons indebted to me for dealings before the year 1776, to pay up the interest they owe, and give me new bonds for the principal; those who neglect this notice shall have suits entered against them to the ensuing November courts.
