

with convenience and satisfaction; for which purpose it will be indispensable to advance them a part of their pay before they leave the field; and whereas at the present juncture there are many other engagements, for which the public faith is pledged and the punctual performance of which is essential to the credit of the United States, neither of which important objects can be effected without the vigorous exertions of the several States in the collection of taxes: wherefore;

Resolved, That the respective States be called upon in the most earnest manner to make every effort in their power to forward the collection of taxes, that such a power may without delay be paid into the common treasury, as will be adequate to the public exigencies, and that congress confidently rely for an immediate and efficient attention to the present requisition, upon the disposition of their constituents, not only to do justice to those brave men, who have suffered and sacrificed so much in the cause of their country, and whose distresses must be extreme should they be sent from the field without the payment of a part of their well earned dues; but also to enable congress to maintain the faith and reputation of the United States, both which are seriously concerned in relieving the necessities of a meritorious army and fulfilling the public stipulations.

Resolved, That the superintendent of finance be directed to take the necessary arrangements for carrying into effect the views of congress into execution, and that he be assured of their firm support towards fulfilling the engagements he has already taken or may take on the public account during his continuance in office.

CHARLES THOMSON, secretary.

We are informed, that on the third of this month the superintendent of finance wrote to the president of congress, and informed him, that: "upon consideration of the acts of congress of the twenty-eighth of April and second instant, he has determined to comply with their views; but prayed that it may be understood, that his continuance in office is limited to the particular object of fulfilling his present engagements, and those which the necessity of our affairs may compel him to form;" and at the same time intreated his excellency to inform congress, "that he entertained a proper sense of their assurance of firm support, and that in a reliance on it, he would continue his zealous exertions for the service of the United States."

TAKEN up a drift at the mouth of South-river, some time the last of February, a old schooner boat, about 20 feet keel, and about 7 or 8 feet beam; she had only one mast standing, which was her main-mast, and her deck all tore up, two old sails all to rags, her gunwales painted red, she had on board a parcel of turneps, a half bushel, and a little box; she was half full of water when drove on shore.
