PORTLAND,
A NEW TOWN, is now laid out, in lots, at the Ferry Branch of Patapsco, otherwise known by the name of Moale's-point, one mile south-west from Baltimore. The natural advantages of this situation for a town, navigation, and a safe harbour, need no description to those that know it; but to those who are strangers, it is necessary to inform them, that this situation invited the first settlers of Baltimore to fix on this and the opposite point, (which formed the harbour) as the most advantageous of any near the head of Chesapeake bay; but were refused the ground by the owners, which fixed the town where it now stands. The harbour is commodious, the depth of water is superior to any in the river, there being from twenty to forty feet water; the worm was never known to bite there; the situation for ship-building surpasses any on these waters, being contiguous to the improved streets of Baltimore-town, to large bodies of timber from the forests, as well as by water from the creeks of the river and bay, and the extensive peninsula of the eastern shore of Maryland and Virginia; and it cannot be doubted, by those who know this situation, but it will be the grand resort of trade and shipping, when the present navigation leading to this increasing town, fills up with mud; an event which is approaching fast. The next convenient situation will of course, be resorted to, which none but this lays claim to. One third of the market truck that comes to Baltimore-town, crosses this ferry, and settlers may conveniently be supplied on the spot.
Nearly the whole of the lots will be water-lots: the banks of the river are mostly very high, which afford materials, on the spot, to make wharfs where shipping of any draught of water may lay along side the warehouses, and deliver and receive their cargoes; the channel runs near the shore, and the large London ships that frequented the river before the war, preferred this harbour for safety and convenience. Its distance from the west end of Baltimore, where the chief part of the produce for shipping centers, is nearly the same as to Fell's-point, where the produce is now shipped. The main road to Annapolis, and the southern states, leads through this situation, where there is a public ferry. The streets will be commodious, and the lots disposed of on lease for ninety-nine years, renewable for ever, on a moderate ground rent. The plat may be now seen by applying to me in Baltimore. It will also be transmitted to the post-offices in the principal towns of the United States.

JONATHAN HUDSON.

Port-Royal, February 9, 1779.
UPWARDS of two years ago I was struck with a paralytic stroke, which affected me very much; it happened that I met with Mr. Logan, who promised to make a cure of my leg and arm, without any inward application, by applying a kind of ointment; I found in about a fortnight a great deal of relief in my right arm, knee, and ankle; from the anguish of the gout it continued rather longer than I expected. I write this for the good of mankind.
EDWARD DIXON.

Gloucester county, April 14, 1779.
I HEREBY certify, that my wife has been bad with rheumatic pains these six years, and captain Whiston sent Mr. Logan to see her; when he came he said he could relieve her, and in three weeks time she was clear of all pains in her arms. This I write in behalf of Mr. Logan, as several doctors have had her in hand and did her no good.
EDWARD LAYTON.

Baltimore, August 6, 1779.
THIS is to certify, that Mr. Logan, of Annapolis, prescribed medicines for John Hayman, who was confined to his bed with the rheumatism for a long time, by which I was restored to perfect health.
JOHN HAYMAN.

Kent county, April 11, 1781.
MICHAEL EARLE, Esq; who had a white swelling for about sixteen years, was also restored to perfect health by Mr. Logan's medicine.

Prince-George's county, February 8, 1782.
A GENTLEMAN who had the piles and gravel for about sixteen years, was also restored to perfect health by Mr. Logan's medicine.

I ALSO relieve palsies, rheumatism, gout, gravel, fluxes, contractions of the limbs, white swellings, droopy, running ulcers, &c. &c. I will take patients at my own house, or elsewhere in Annapolis; but cannot attend any in the country, except such as are confined to their beds. Constant attendance will be given, by their very humble servant,
