**T**HE subscriber having some time ago received an appointment from J. Pierce, Esq; paymaster-general of the forces of the United States, constituting him his deputy to settle the accounts of pay, &c. of the Maryland line of continental troops, which business he has hitherto been prevented from entering upon, for want of the necessary rolls and papers respecting the same; he, therefore, in compliance with his instructions, requests the officers of the Maryland line, and other officers of the quota of that state, will, without delay, furnish him with every necessary roll and information which in any way concerns a final settlement of their own claims upon the United States, and to pay and other accounts of the soldiers which they have from time to time commanded, since the 1st day of August, 1780.

He further informs the officers, that the documents he requests must be delivered to him, and be in his possession some time before they can receive their certificates, as Mr. Pierce, who is to sign them in behalf of the United States, will not attend at Annapolis to put the finishing hand to them, until they are all nearly ready.

**M**R. WALL, intending to reside in Annapolis for some time, will instruct gentlemen at their houses, in the rudiments of that noble science.

His design being rather to oblige, and assist in rendering this accomplishment more universal, (as well as obtaining in the course of constant practice further improvement to himself) than for any pecuniary advantage, will take no entrance, and his terms for teaching will be found reasonable. He will attend at his leisure a few miles in the country, as well for amusement, as emolument.

### The DAUPHIN,

**W**ILL stand this season at Magruder's Ferry, and cover mares at three guineas, payable on or before the first day of August next, and one dollar to the groom, otherwise five hundred pounds of merchantable crop tobacco.

The Dauphin is a bright bay, beautifully spotted, with black legs, mane and tail, full fifteen hands two inches and a half high, four years old this spring, and is allowed by competent judges to be superior in figure and form to any horse of his age in this state, and from his uncommon activity I have not the smallest doubt of his making a capital turf horse. The Dauphin's sire, colonel Lloyd's noted Traveller, his dam by Dr. Hamilton's imported Figure, his grand-dam by the well known and imported Dove, his great-grand-dam by colonel Taker's Othello upon the celebrated Selima, whose sire was the Godolphin Arabian, all horses of high blood and form, and the most esteemed breed of horses in America. Good pasturage for mares at two shillings and six pence per week, and the greatest care taken of them, but I will not be liable for escapes or accidents.
