

only of the eight millions of dollars had been received at the treasury at the close of the year 1783; that these had been applied to the services of the years 1782, and 1783, and that for other services of the same years, debts were contracted to the amount of about one million of dollars more, which depend for their discharge on further receipts under this requisition. Your committee then are of opinion that a surplus of 5,513,488.28 dollars will remain of this requisition after answering all the demands which actually arose against it, which were not answered by other means, nor transferred to other funds; and that this surplus ought to be applied so far as it will go, to the common purposes of the United States, so as to prevent new requisitions on them till the old shall have been exhausted, and to shew to those who may have paid their whole quotas any requisition, that they will not be called on anew till all the other states shall in like manner have paid up their quotas.

[To be continued.]

April 20, 1784.

On Thursday the 27th day of May next, if fair, if not on the next fair day, will be exposed to public sale, at Lower Marlborough, in Calvert county,

THE subscriber's plantations in the said county, lying within three miles of the town aforesaid, adjoining each to the other, being part of that valuable tract of land called Hall's Craft, and containing near or about six hundred acres. This land has the advantage of a fine range for stock, the greater part lies very level; the soil is well adapted to the produce of grain of every kind, and it is equal for making fine tobacco to any land in the state. Its situation is remarkably healthy; it abounds with never failing springs of excellent water, and the whole together will make as valuable a seat as any in the forest of Calvert, or either of the counties adjacent for the quantity of acres; about one fourth is wood land which is covered with large quantities of very excellent timber, a fine stream runs through a part of it, whereon is a good seat for a mill, and there is a large proportion of low ground that may easily be converted into the best of meadow; there are also good apple and peach orchards thereon, with a variety of other valuable fruit trees, and the improvements are in good repair. Adjusted state certificates of any kind, except those granted to soldiers, and transferred before the 16th day of January 1783, will be taken in payment for near one half this land, and possession of that part given immediately; the remainder will be delivered up next fall, when a small proportion of the purchase must be paid in cash. Credit will be given for the residue, or such part of the whole as the purchaser may require, on bond with approved security. The terms of which, with other particulars, shall be made known on the day of sale, by

CLEMENT SMITH,
PATRICK SIM SMITH.

AT the request of Mr. Basil Williamson, who by my directions inspected a certain hoghead of tobacco I bought of William Evans, and shipped to colonel Forrest, which hoghead of tobacco, by colonel Forrest's letter, contained 322 pounds of stones; I do hereby certify, that I viewed and broke the aforesaid hoghead of tobacco, and was perfectly satisfied it was as fine a coloured hoghead as I ever saw, I likewise believe the deception could not be found out by any inspector who was not aware of it, likewise Evans confessed that he had placed the stones in such a manner that though Mr. Williamson opened the hoghead and broke it in three places, yet it remained undiscovered; as witness my hand,
