Charles county, July 20, 1784.

WENT away, on the 25th of May last, a small well set fellow, about 40 years of age, re- markably active, has a good set of teeth, and had on, when he went away, a country cloth jacket and breeches, new oinabrig shirt, and old hat; he went away in company with a couple of fellows who lived in St. Mary's county; if examined, he stammers in uttering some words, and formerly waited on Mr. Buchanan, merchant at Newport. Any person who may apprehend and secure the said fellow in any goal in this or the adjacent stat s. is requested to advertise him in the Annapolis papers. The said fellow is most generally called and known by the name of Toby, though his name is said to be Tom. Any person delivering the said fellow to the sub- scriber, living at the glebe of William and Marv parish, shall have a reward of four dollars, if ten miles from home six dollars, and if out of the county eight dollars, paid by JOSEPH SHAW.

TEN POUNDS REWARD.

Fairfax county, Virginia, July 5, 1784.

RAN away from the subscriber, about six weeks ago, two slaves, viz. DICK, a stout lusty mu- lato fellow, about twenty-two years of age, has large features and eyes, and a very roguish down look; he beats a drum pretty well, is artful and plausible, and well acquainted in most parts of Vir- ginia and Maryland, having formerly waited upon me. CLEM, a well set black negro l.d., of about nineteen years of age, has a remarkable large scar of a burn, which covers the whole of one of his knees. 'Tis impossible to describe their dress, as I am told they have stolen a variety of cloaths since their elope- ment. I suspect they have made towards Baltimore or Philadelphia, or may have got on board some bay or river craft. I will give the above reward to any person who will bring them to me in Fairfax county, or secure them in any goal, and give me notice so that I get them again, or five pounds for either of them.

West river, July 12, 1784.

To be RENTED, and entered on immediately, A VALUABLE PLANTATION in the neighbourhood of West river, and eight miles from Annapolis, containing 300 acres of land, a sufficient part of which is cleared, and in good order for either planting or farming, and a large pro- portion of meadow land, a part whereof is in timo- thy, and produces from 15 to 18 ton of hay yearly; this place bounds on navigable water, and has a large extent of salt marsh, has many fresh water streams, and a never failing spring of good water near the buildings; a variety of fruit-trees, with two good apple orchards, which will yield 2500 gallons of cider yearly. The improvements are, a brick dwelling-house, with two good rooms and a passage or entry on the lower floor, three rooms above stairs, and cellars under the whole house con- veniently divided; a large kitchen, with a very convenient oven in the inside; a meat house, poultry-houses, stables, and a 40 foot tobacco house. This place will be let from year to year, or for a term of years.

Also one other plantation adjoining the former, and containing upwards of 300 acres of land, adapted to either planting or farming, a sufficiency of cleared land for either purpose, a great abundance of meadow ground, a part of which is reclaimed for the scithe, and produces from 20 to 25 ton of hay yearly, a great part of which is timothy; a large peach orchard, and an apple orchard that will yield from 4 to 5000 gallons of good cider yearly, with a variety of other fruit-trees. The improvements are, a large two story brick dwelling house with four rooms on a floor and a fire place in each, a large and airy garret, and good and convenient cellars under the whole house, divided as the first floor; a large and convenient kitchen adjoining the dwelling- house by a 16 foot passage or entry; the other build- ings are, negro quarters, smoke-house, milk-house, stables, poultry-houses, a 50 foot tobacco-house, and a very good and convenient store-house; there is a spring of good water near the dwelling-house, several streams of fresh water run through the land, and a large range for stock. This place, as well as the former, is very convenient to fish, oysters, wild- fowl, &c. in the season; but both the e places will appear to much greater advantage by being view'd, therefore the subscriber thinks any further descrip- tion as to situation, &c. unnecessary.

The first mentioned place he would wish to rent as early this fall as he could, to give the person who takes it an opportunity of putting in winter grain; the last he would not give possession of till the first of December, there will be winter grain put in the ground, and a large quantity of hay, fodder, and straw, secured, which will be disposed of on reason- able terms to the person who takes the place; who may also have the stock of cattle, horses, hogs, and sheep, with the plant on utensils now belonging thereto; a few negroes may likewise be hired from year to year. This place could not be engaged for more than one year certain, but probably will be to let for several years on those terms. For further particulars and the terms apply to the subscriber on the premises. JOSEPH COWMAN.
