

Prince-George's county, October 1, 1784.

Some very good lands for sale,

and time allowed for payment, if desired. SEVERAL tracts of rich level lime stone land adjoining to each other, and lying within 2 or 3 miles of that healthy and pleasant place Sheppard's-town, in Berkley county, Virginia, on Patowmack river: the land is full of sumach, locust, black walnut, black oak, hickory, and poplar; lies partly on Opecon, the Swan-ponds, and Vanmeter's marsh; the great road to Winchester and Carolina goes through them; also the roads to the warm springs. The tracts all together contain about 1600 acres, but can conveniently be divided; it is about 75 miles to Alexandria, 25 to Fredericktown; the land is very fine for grais, fine tobacco, hemp, wheat, and corn; several small fields and tenements are cleared upon it ready for cropping. There is a good neighbourhood, and every convenience of gruit and saw mills, iron works, and a ready market for every produce; the land lies in the same rich valley with Congococheague, and is every way equal to the best of it, and multy, in a very few years, greatly increale in value.

Also four small tracts of good land, containing together between 7 or 800 acres, lying near the town of Bath, at the warm springs in Virginia, parly on the Cape-Capon river, capable of great improvement by saw and gruit mills, and plenty of fine oak and large pine timber, meadow, and arable and tobacco grounds. The lands lie near and bordering on Patowmack river, and from their situation and soil must every year grow more valuable.

Also several tracts of land lying near Benner's-creek, Bush-creek, and Seneca, in Mongomey county, Maryland, containing all together about 1600 to 2000 acres; they lie about 30 miles from George town and Bladenburg, 10 from Frederick, about 40 from Baltimore; the soil makes the finest yellow tobacco, and there is a very great and good range for stock of all kinds.

The very great distress and troubles our country has been engaged in for the last nine years, I have felt most severely, as well as others, and therefore I have not harassed by law-suits those indebted to me; but as we now enjoy the blessings of peace, a free trade, and a good crop, I earnestly request all those any way indebted to me, to contrive me as speedy and as liberal payments as possible, that I may be enabled the more readily to perfect my own engagements.

THE visitors of Talbot county school, having in virtue of an act of assembly, passed at November session seventeen hundred and eighty-two, disposed of the land belonging to the said school, and paid all such claims as have hitherto been made against said school; and being about to engraft and consolidate the residue of the money arising from the sale of the said land, with the funds and estate of Washington college; do hereby give notice of their intention, and request all persons having claims against the said school, to bring them in properly authenticated, on or before the first day of January next, to the subscriber, after which time the visitors will have no money in their hands belonging to said school.

10/7/84 BALDWIN LUSBY.

N. B. She tells people where she has been since she ran away, that she is free, and was set free by one of the Hopkins's; as they had set many free, perhaps she may change her name and her cloaths, and pass for a freed woman; some she tells that she was set free by the methodists.

THE executors of the rev. Mr. Isaac Campbell, late of Charles county, deceased, beg leave to inform the public, and those gentlemen in particular, who before his decease, became subscribers for the publication of the first volume of his work, entitled, "An Enquiry into the Origin, Foundation, Nature, and End of Civil Government," that it is their intention to comply fully with the proposals made with respect to the publication thereof, by the said rev. Isaac Campbell before his decease.

The aforesaid work having engrossed the attention of the rev. Mr. Campbell from the time of the commencement of the late war till his decease, (the principles whereof first suggested to him the subject of his enquiry); his extensive usefulness and success both in his public teaching as a citizen and as the head of a justly celebrated school for many years; together with the well known philanthropy and patriotism of his sentiments, and the anxiety he ever expressed for the publication of the present work, which he seemed to consider as a legacy he was in duty bound as a christian, and lover of mankind, to give to the world; afford a preface of the general usefulness and interesting nature of the work in question. The first volume will be immediately put into the press agreeable to the terms of the advertisement published by the rev. Mr. Campbell himself.

N. B. Subscriptions are still open in the hands of sundry gentlemen for those who may chuse to encourage the publication, there not being as yet a sufficient subscription to exonerate the executors from the expence of publication. All gentlemen who have subscriptions in their hands are requested to return them by the first of January, either to Dr. William Brown, at Alexandria, Dr. Gutavus R. Brown, at Port-Tobacco, in Charles county, or to William Campbell, at the city of Annapolis.

Subscriptions are taken in by the printers hereof.

DOCTOR FENDALL,

Operator upon the I E E T H, will attend the Annapolis races, and may be spoke with at Mr. Chisholms

HE cures the scurvy in the gums, be it ever so inveterate, first scaling and cleaning the teeth from that corrosive, tartarous, gritty substance which impedes the gums from growing, infects the breath, and is a principal cause of the scurvy, which, if not timely prevented, eats away the gums, so that many peoples teeth fall out sound: he prevents teeth from rotting, keeps such as are decayed from growing worse even to old age, makes the gums grow firm to the teeth, and renders them white and beautiful; fills up with gold or lead those that are hollow, so as to render them useful, and to prevent the air getting into them and aggravating the pain: he transplants natural teeth from one person to another, which will be as firm in the jaw (without any ligament) as if they originally grew there, and makes and fixes artificial teeth with the greatest exactness and nicety, and without pain, so that persons may eat, drink or sleep with them in their mouths as conveniently as with natural ones, from which they cannot be distinguished by the sharpest eye: he also extracts teeth and stumps in the easiest manner, be they ever so deeply situated in the jaw.

His dentifrice (the same as Baker's) he has found to be greatly superior, both in elegance and efficacy, to any thing hitherto made use of for the teeth and gums: It is free from any corrosive preparation, will restore the gums to their pristine state, prevent the tooth-ach, and render the breath delicately sweet, (if the tartarous substance is off the teeth) and will remedy all those disorders which are the consequence of scorbutic gums. It may always be procured at doctor Fendall's residence, in Charles county, near Port-Tobacco, Maryland.

N. B. The sooner gentlemen and ladies apply, the better, as the doctor's stay in the city will be but about a week or two at furthest.
