

motion of the Austrian troops began to make the court of Berlin (Prussia) very uneasy — that the three different encampments which the emperor intends to form the present spring seem rather designing to act offensively than defensively; and that the opening the Scheld was not the only object which engages his imperial majesty's attention — That the elector of Saxony had been solicited to furnish 12,000 of his troops to join with 30,000 Prussians in establishing a camp at Konegstein; while a Prussian army of 30,000 men was to be assembled in the environs of Schweidnitz, to penetrate, if required, into Bohemia and Moravia — That continental affairs had approached the crisis, and with the advancement of spring there was every reason to think an immediate war would break out.

As an instance of the horrid cruelty human nature may be capable of, when deluged with the restraining influence of the Almighty, we here insert a short account of a most horrid and unnatural murder, which has been just communicated to us — After the magistrate has investigated the atrocious deed, we may be able to give our readers further particulars.

“ On Saturday last Philip Pepple, of Frederick county, with his wife and four young children, the eldest but 9 years of age, was at his mother's house, eight miles from Tanney-town, when this unhappy man, frightened (as is supposed) by the spectre Poverty, murdered all of them with an ax, and then cut his own throat, to put an end to a wretched existence. — He is committed to prison but not expected to live, until sentence can be passed against him for his barbarous crime.”

EDWARD VIDLER.

May 10, 1785.
WAS found, by Walter Dyer, living in Queen-
Anne, Prince-George's county, some time
in August 1783, on the main road leading from
Upper Marlborough to Annapolis, a pinchbeck
watch, with a steel chain; the watch was made in
London by George Clark, and from a bill in her case
was repaired in Baltimore, by George Leveley. The
owner may have her again, on proving property and
paying charges.

N. B. The reason she has not been advertised
before will be made known to the owner.

ALL persons having claims against the estate of
Joshua Sanders, late of Charles county, de-
ceased, are desired to bring them in properly au-
thenticated, and those indebted to make speedy pay-
ment, that the subscriber may thereby in such man-
ner conduct herself as will ensure the most expeditious
close of her administration, with the least trouble
and expence to herself and the parties interested
therein.

ANNE SANDERS, administratrix.

THERE is at the plantation of Talbot Ship-
ley, in Anne-Arundel county, about three
miles from Hood's tavern, between Baltimore and
Frederick, taken up as a stray, a dark bay horse,
about sixteen years old, not branded, about thirteen
hands high, and does land. The owner may have
him again on proving property and paying charges.

Annapolis, April 6, 1785.

RICHARD FLEMMING,
TAKES this method of acquainting his old
customers and the public in general, that he
has moved from the house he lately occupied near
the town gate, to that convenient and very pleas-
antly situated house adjoining the assembly-room, lately
built by Mr. Jacob Huff, where he intends to keep
an assortment of the best liquors, and every other
convenience for the reception of those who may
please to favour him with their custom. He also
carries on as usual the shoemaking business in its
different branches, and doubts not, from his atten-
tion to business and earnest endeavours to please,
but he will merit the favour of those who have heretofore
been pleased to honour him with their commands.

Prince-George's county, April 2, 1785.
Some very good lands for sale, and time allowed for
payment, if desired.

SEVERAL tracts of rich level fine stone land
adjoining to each other, and lying within 2 or
3 miles of that healthy and pleasant place Shep-
ard's-town, in Berkely county, Virginia, on Pi-
towmack river: the land is full of locust, black
walnut, black oak, hickory, and poplar; lies partly
on Opecon, the Swan ponds, and Vanmeter's
Marsh; the great road to Winchester and Carolina
goes through; also the road to the Warm Springs.
The tracts all together contain about 1600 acres,
but can be conveniently divided; it is about 75
miles to Alexandria, 25 to Frederick-town; the
land is very fine for grass, fine tobacco, hemp,
wheat, and corn; several small fields and tenements
are cleared upon it ready for cropping. There is a
good neighbourhood, and every convenience of
grit and saw mills, iron works, and a ready market
for every produce; the land lies in the same rich
valley with Conococheague, and is every way equal
to the best of it, and in a very few years, much
greatly increase in value.

Also four small tracts of good land, containing
together between 7 and 800 acres, lying near the
town of Bath, the Warm Springs in Virginia, partly
on the Cape-Capon river, capable of great improve-
ment by saw and grit mills, and plenty of oak
and large pine timber, meadow, and arable and
tobacco grounds. The lands lie near and bordering
on Patowmack river, and from their situation and
soil must every year grow more valuable.

Also several tracts of land lying near Bennett's
creek, Bush creek, and Seneca, in Montgomery
county, Maryland, containing all together about
1600 to 2000 acres; they lie about 30 miles from
George town and Bladensburg, 10 to Frederick,
about 40 from Baltimore; the soil makes the finest
yellow tobacco, and there is a very great and good
range for stock of all kinds.

The very great distress and trouble our country
has been engaged in for the last nine years, I have
felt most severely, as well as others, and therefore
I have not harassed by law-suits those indebted to
me; but as we now enjoy the blessings of peace, a
free trade, and a good crop, I earnestly entreat all
those any way indebted to me, to contrive means
speedy and as liberal payments as possible, that I
may be enabled the more readily, as it is my desire
to perfect my own engagements.

STEPHEN WEST.
