ROMULUS,
A thorough bred Colt,

WILL cover this season at the subscriber's, in Charles county, within four miles of Pifcawaway, at the moderate price of six dollars a mare, and two shillings and six pence to the groom. Romulus is a good bay, full fifteen hands high, rising four years old, stout, well formed, very active, and I have great reason to believe he will make a good running horse; he was got by True Whig, who was got by Regulus, who was got by Fearsnought, who was got by Martindale's Regulus, who was got by the Godolphin Arabian; his dam was Aurora, who was got by Monkey, upon a mare of the Spanish breed imported by Mr. Harrison, father to the present Mr. Nath. Harrison, on James river. I will find pasturage for mares at two shillings and six-pence per week, great care shall be taken of them, but will not be answerable for escapes or accidents.

BENJAMIN CAWOOD.

N. B. In order to establish the pedigree of Romulus, I have thought proper to insert the following certificates:

The bay mare Aurora, now the property of Mr. Benjamin Gwinn, of Fairfax, was bred by me, she was got by my imported horse Monkey, her dam was of the Spanish breed imported by my father. Given under my hand this 21st day of May 1783.
NATH. HARRISON.

True Whig was bred by me, and was got by my old horse Regulus, out of the dam of Apollo; she was an imported mare, and said to be of the first blood in England, but her pedigree being lost I do not at present recollect it.
June 17, 1783. WILLIAM FITZHUGH.

The bay colt Romulus, now the property of Messieurs Gwinn and Cawood, was bred by me; he was got by True Whig, out of my old mare Aurora, both mentioned above. Given under my hand this 22d day of June 1783.
BENJAMIN GWINN.

TWENTY DOLLARS REWARD.

RAN away from the subscriber, living in Anne Arundel county, near Queen-Anne, a negro man slave named SAM, about five feet seven inches high, well made, has a very flat nose, and when his mouth is shut his under lip looks very large and prominent, has a remarkable scar upon his neck reaching almost from his ear to his collar bone occasioned by an impostume, but on which side I am not certain; had on and took with him various articles of cloathing, among which were a coarse blue cloth coat, white kersey waistcoat, black worsted knit breeches, black leather shoes, white metal shoe buckles, striped holland coat, nankeen waistcoat and breeches, two spinning shirts and trousers, a crocus frock, and a new felt hat, but as he has been absent from my service since the 15th of July last it is probable he may have got other cloaths. I have been informed he has a forged pass and has changed his name from Sam to Jem, and endeavours to pass for a free man. Whoever will take up and secure said negro in any gaol, so that I may get him again, shall receive the above reward, and reasonable charges if brought home, paid by

NOTICE is hereby given, that a petition will be preferred to the next general assembly, to pass a law directing and empowering the justices of Anne-Arundel county, to assess on the inhabitants of Saint Margaret's Westminster parish, the sum of fifty-four pounds seven shillings sterling, with interest, to repay the reverend Mr. Magowan a sum of money by him advanced for the completion of the Chapel of Ease, in the said parish.

Intendant's-office, April 28, 1785.

AS many purchasers of confiscated British property, for the emissions of June 1780, and the emission of May 1781, neglected to give bond before the first day of this month, agreeably to the directions of the act to establish funds, &c. such debtors as are able to pay, are liable to immediate suit, and judgments can be obtained the first court, and executions thereon issue to compel the payment of the money due the state in the money contracted for: The intendant of the revenue, desirous to avoid bringing suits, if the intention of the act can be complied with, and substantial justice can be done without, gives notice to such debtors who have not given bond, that if they will pay to the treasurer of the western shore, on or before the 10th day of July next, in specie, or in the emissions of June 1780 (commonly called state, and state continental); one sixth of the sums due from them respectively, that they shall, on giving bond before the said 10th day of July next, with security for the residue, including interest to the first day of September last, have credit until the first day of January 1790; and they may discharge such residue of their debt in any specie certificates issued by this state. All debtors who do not comply with this offer, will be sued immediately after the said 10th day of July, without any distinction.

DAN. OF ST. THO. JENIFER, intendant of the revenue.

Intendant's-office, April 28, 1785.

THERE appearing to be about the sum of twenty thousand pounds of the emissions of June 1780, including interest, commonly called state and state continental paper money, in circulation, more than the amount of bonds lodged in the treasury, and particularly appropriated by law for the redemption of these emissions; to secure the payment of which bills, the act to establish funds, &c. directs, that after the first day of June next, a draught shall be made of bonds taken for the redemption of the emission of May 1781, and of the bonds taken in virtue of the said act for property sold, and not bonded for before the act passed: It being the desire of the intendant to avoid a draught, if the redemption of the bills to the amount above stated can be secured in any other manner, he proposes to all those who have bonds in the office liable to a draught as aforesaid, that the balance aforesaid directed to be secured, be paid by the 10th day of July next, into the treasury, by the debtors, in proportion to their several debts, in specie, or the said bills. This will require about one eighth of the sums due to be paid. If, therefore, the said debtors, before the day above mentioned, pay into the treasury one eighth of their debts respectively, in specie or the bills aforesaid, and the sum paid in is equal to the balance to be secured as aforesaid or nearly so, the intendant will apply the same, with such other means as may be in his power, to the purpose aforesaid; and the debtors to the state will be relieved from the hazard of a draught, which might be very distressing to individuals, though the contribution made by all will make the burthen very light, by being divided; and if there should not be a sufficient sum, for the purpose aforesaid made up by the debtors, with the other means in the intendant's power, by the day aforesaid, and a draught must take place, then those who do pay into the treasury, in consequence of this notice, shall have their money returned, and must stand their chance of being draughted, as the intendant has no power to excuse any individual, if there is a draught.

DAN. OF ST. THO. JENIFER, intendant of the revenue.
