**F** O R the disposal of fifty lots in la Fayette Village, beautifully situated at the Cool Springs in St. Mary's county, allowed by the best judges to be as advantageous a situation for a manufacturing town as any on this continent. Charlotte Hall school is now building within two hundred steps of the place. These lots are to be laid off, and the inhabitants will have the advantage of educating their children, and gentlemen at a distance will have the advantage of boarding their children in this village. The healthfulness of this place, and the virtue of the waters, are too generally known to need a description. The drawing will be performed under the inspection and by the directions of Messieurs Henry Tubman, William and John Cartwright, and Hanson Briscoe, managers, who will see the prizes punctually paid, and the lots conveyed to the fortunate adventurers; prizes not called for in six months will be deemed generously given to Charlotte Hall school. The drawing will commence at the Cool Springs on the tenth day of January 1786, or sooner if full, and the fortunate numbers will be inserted in the Annapolis and Alexandria newspapers.

The scheme is as follows: Fifty lots, to contain sixty feet front and one hundred feet back each, subject to a ground-rent of one penny per foot, and five shillings to be paid on every alienation, with so much woodland as annexed to each number.
