Arundel. county, about 3 miles fr m navigable water, 12 from the city of Annapolis, 28 from Ba timore town, 24 from George-town, and about 7 from the inspection houses of Indian Landing. and Queen-Anne, is well adapted for cern, wheat, and particularly tohacco.

I his plantation has not been tenanted for 3 years, as a most pleasing and desirable situation, and capable of great improvement at a very imail expence; there are 259 acres of timber land, a greater part of the timber is very valuable. - The subscriber would prefer disposing of the whole in one lot, but has no objection to making several of it, the timber land is conveniently fituated for miking fuch divitions in equal proportions, an there are many pleasant situations for electing different huildings; it is also well watered-a very good mill stream runs through it, and there is some meadow ground, and much more may be very readily made. The improvements upon it are, a good dwelling house with three rooms on euch floor, kitchen, quarter, cornhouse, stables, tobacco house, and two very fine apple orchards, one of which contains 220 trees, together with a number of other valuable fruit trees.
