.. There has been a hurricane at the Bay of Hon-

uras which has done much damage. " We expect nothing elie but a war with the reach; the king's ships here are all getting in realinels, and impreffing feamen, to have them full anned. The packer failed this morning for Engand, with a frigate to convey her through the vindward passage.

Captain M'clenachan, who arrived at Marcus Hook in 36 days from Dominica, lays, that between our and nee thousand failors and negroes were daily mployed in fortitying that island—I have well of bitish men of war were crrived at Antigua-That here was a very hot press there, and in other of the Inglish islands—That two French frigates were seen ruiting off Lominica feveral days before captain 1. Clanachan faired.

By captain Malowny, in three weeks from Haliax, arrived at the Piers, Fort Mand, we are informd, that admiral Sawyer, in a 50 gun ship and 4 or frigates and floops of war were at that place, that' very exertion that possibly could be made, were by recting fortifications, &cc. and mounting guns on hole already made.

## RICHMOND, December 22.

We are credibly informed, that Mrs. Tabb of lingston panish in Gloucester county, has in her offession a small stone, that has the efficacy of action so powerful as to extract poison; and we are atherifed to mention two trials which have been tade on this valuable curiofity, viz. Mr. Lewis Veod, of Gloucetter, had a ton bit by a dog fupofed to be mad. (Mr. Wood confined the dog unhe was quite raving and his madness sufficiently reved.) Mrs. Tabb applied the stone to the place ffected, and in a short time the child got pertectly vell-Mr Thomas Debnam, of Gloucester had s virtue of her Rone; he at the same time told her e could not believe it had and the power, to prove e virtue thereof, she desired him to wound the egro in a part distant from the place and bind the one thereon for a short time but it would not slick. he then told him to bind it on the place that was hit and it fluck as tight as a blitter plaitter, until it vas full charged with porion, and then fell off: they but it into a vellel hilled with clear water, and in a hort time they discovered the water to be very much bloured, the stone was taken out, wiped dry and pplied to the place again, and repeated until the bison was all extracted; the negro is now perfectly
