## SUPPLEMENT to the MARYLAND GAZETTE,

PROPOSALS

For Printing by Subscription,

A Geographical and Topographical HISTORY

## AMBRICA

Containing, Exclusive of the History of South-America:

DESCRIPTIVE account of the thirteen United States of America, generally and indivi-

In justification of the attempt, to undertake so arduous, so necessary, and expensive a publication, the Author can only affure a generous and fpirited public. whose indulgence he has already experienced, that he is totally detached from every occupation which could impede his progress in completing this great work with care and precision.

Independent of that affistance necessarily derived from a profusion of materials on this subject, it is his intention, as well as duty, to collect information from leminaries of learning and men of letters, wherever difperfed in the respective states.

The history of South-America.

The history of North-America. The history of every state in the union, from perfonal observation, and such documents, journals, and records as may appear conducive to complete an historical treatife of fuch importance.

This part of the hiltory will necessarily assume a biographical form; as the life, death, and misfortunes of illustrious characters concerned in the memorable contention for American independence will be delineated -without prejudice, from authorities whom prejudice sifelf, at his hour of calmness and candour, would not easily suspect of partiality or misrepresentation.

2. That this history shall consist of four volumes. each containing 400 pages, printed on fine paper, Octavo, and a new letter-Price & dollars.

2. That three volumes shall be delivered to the subscribers in the year 1788, and the first as soon as potfible, for which they are to pay 4 dollars, principally on the delivery of the work.

3. These volumes will contain, exclusive of maps, a variety of elegant engravings, taken from the Abbe Saviero Clavigero's new hiltory of Mexico.

4. The fourth volume will then go to preis, and be delivered on the payment of one dollar. This is to contain a map of the western territory.

c. As the actions and events of wars within the United States in this century, but-particularly the great scenes of the late revolution, may amplify materials to exceed the limits above described, gentlemen, disposed to continue furbicribers in supporting the continuation of this history; are to pay confiderably less than the price Ripulated for the first four volumes.

These volumes are to be printed by Messis. Prichard and Hall, in Philadelphia.

The wholegof this hittory will be collected, digested and compiled by JOHN O'CONNOR, Eig; a barrifter at law in the kingdom of Ireland, and now a traveller in America.
