Patowmack Company.

A Ta meeting of the PRESIDENT and DIREC-TORS of the PATOWMACK COMPANY the 17th of February, 1789.

Agreeable to the acts of the assemblies of Virginia and Maryland, the said president and directors direct, that the proprietors advance and pay into the hands of the treasurer five per cent. on the shares held by them respectively, on or before the tenth day of April next.

GEORGE WASHINGTON, THOMAS JOHNSON, THOMAS S. LEE, GEORGE GILPIN, JOHN FITZGERALD.

The President and Directors, at the time of their last call, flattered themselves that another would not be necessary, till they could compel delinquent subscribers to pay up. Legal proceedings have been carried on as far as the service of executions against many, but the money is not yet in the treasury. The President and Directors have therefore been obliged, with other efforts, to make another call, or to see their exertions by which the Shanandoah and Seneca Falls are already so far reduced as to have permitted the passage of a few loaded boats, produce no substantial benefit. It is now, however, happily ascertained that a few months labour more, in a favourable state of the river, will effect a safe and easy navigation through the Shanandoah and Seneca, and to the Great Falls.

Those who have not complied with the two last calls, are requested to do it immediately, or coercive measures will be pursued speedily.

ROYAL GIFT,

KNIGHT of MALTA,

Two valuable imported Jack-Asses,

X 7 ILL cover mares and jennies at Mount Vernon the ensuing spring for three guineas the season, and two shillings and six-pence to the groom, for his care of, and attention to, the females. The first is of the most valuable race in the kingdom of Spain; the other of the best breed in the island of Malta. ROYAL GIFT (now seven years old) has increased in size since he covered last season. The KNIGHT of MALTA will be five years old this spring, about fourteen hands high, most beautifully formed for an ass, and extremely light, active and sprightly; comparatively speaking, resembling a fine courser.

These two JACKS seem as if designed for different purposes, but equally valuable; the first, by his weight and great strength, to get mules for the flow and heavy draught; the other, by his activity and sprightliness for quicker movements. The value of mules, 'on account of their strength, longevity, hardiness and cheap keeping, is too well known to

need description. The money is to be paid before the mares or jennies are taken away, as no accounts will be kept. Good pasture, well enclosed, will be provided, at half a dollar per week, for the convenience of those who may incline to leave their mares or jennies, and every reasonable care will be taken of them, but they will not be ensured against thefts, escapes or accidents.

In COUNCIL, February 24, 1789. TATHEREAS, by a report made by the treasurer of the western shore to this board, it appears that leveral of the county clerks have neglected to make regular returns of ordinary and marriage licences; licences to retailers of spirituous liquors, licences to sell liquor at horse races, and hawker's and pedler's licences granted, and of fines and forfeitures, forfeited recognizances, and amerciaments, accruing in their respective counties, and also that several of the sheriffs and other officers have neglected to make annual payment of the public money collected by them on the above-mentioned accounts, whereby the revenue of the state is greatly injured; notice is hereby given, that it is determined by this board to take effectual steps for compelling a compliance with the law in the before-mentioned respects, of which all persons concerned, as well on the eastern as the western shore, are desired to pay attention.
