ST. JOHN'S COLLEGE.

HE visitors and governors of St. John's College having, on the 10th of May, 1786, auth Samuel Chale, Nicholas Carroll and Alexander Contee Hanson, or any two of them, to appoint a person to collect the money, then or thereafter to be subscribed: we, the said Nicholas Carroll and Alexander Contee Hanson, did accordingly, soon after, appoint Archibald Golder, of the city of Annapolis. Of this appointment the public was duly notified. The collector advertised times and places for his attendance in several counties. He attended agreeably to his notice, and moreover made personal application to many of the subscribers. But, although the stipulated periods of payment have long fince elapsed, not more than 1500l. out of 11,024l. have been paid.

We have this day renewed our agreement with the collector. Subscribers who have not yet paid their first third, are requested, without delay, to pay the fame, and such further part, as they shall think proper, to the said Archibald Golder, or to Benjamin Harwood, treasurer. They will be called on, within a reasonable time, to make the second and third payments, the last of which was due on the 1st of June, 1787.—All legal methods of compulsion would be as disagreeable to the visitors as disgraceful to subscribers. But it is the indispensable duty of trustees to adopt such modes of exacting payment, as shall be found necessa-

ry, or expedient.

The building of the college was projected, and begun on a plan, in some measure, proportioned to its nominal funds. For a considerable length of time, it has been suspended, for want of money .- The gentlemen who subscribed liberally, and paid with punctuality, had a right to expect, in the course of four years, that the work would be complete, and the leminary beginning to flourish. They cannot but remember the generous patriotic ardor, with which the institution was commenced. They have sustained an injury from all those whose neglect or failure has retarded it's progress; and, for their satisfaction, as well as for other purposses, a list of subscribers names, with the sums subscribed, and the sums paid, will probably be published as soon as conveniently may be, after the 22th day of May next.

At a meeting of the visitors and governors, on the 5th of July, 1786, the second Tuesdays in February, May, August and November, were appointed for their quarterly meetings. A sufficient number hath not, fince that period, been convened, although extraordinary meetings have been requested, by public advertisement and personal solicitation. As the repeated disappointments of those who have repaired to Annapolis, at their own expence, for the fole purpose of meeting the visitors, may perhaps, without some particular notice, prevent their attendance, at the next regular stated meeting, we take the liberty of most earnestly entreating every gentleman, who has accepted the true of a visitor and governor of St. John's College, to attend on the second Tuesday of May next. As the general court will be held on that day, we

presume no time more convenient can be mentioned. It is perhaps proper to inform the public, that the number of vilitors cannot exceed twenty-four, that not leis than nine can form the corporation; that it has never exceeded eleven; that by death it is reduced to ten; that not less than seven have authority to act; and that only two, at this time, refide at Annapolis. It is almost needless to add, that matters of the greatest importance await their confideration. It is much to be wished, that the number were completed or increased. Whether this object may not be attained, provided nine shall be convened, will be debated at their next meeting; and we hope that, if any gentleman be disposed to resign, he will at least bestow his endeavours, that the body may be first enabled to supply his place. IX/ILL cover mares this season at the subscriber's plantation in Charles county, at the low price five pounds currency per mare, and one dollar to the groom, but if the money is paid when the mare is taken away, three pounds, and one dollar to the groom, will be taken in lieu of the five pounds. It is useless to insert his pedigree as it is will known, but it claimed; there is great plenty of wood and timber, may be seen at his stable. ROEBUCK's stock is remarkable, both for the turf and saddle, I believe equal to any in the state. Good pasturage is provided for mares that come a distance, at two and fix-pence per week, and great care will be taken of them; but I will not be answerable for escapes or accidents. 819 WILLIAM M.
