gle letter; our correspondence and our periodical flaves, and some household furniture. The above propapers are intercepted, perhaps even the letters I write perty will be fold on three years credit, the purchasers do not reach their destination, for there never existed giving bond with approved security, paying interest a more renned lystem of desposition, than that of annually, Naples: Fear only prevents them from acting offenfively towards us; they dread a fleet from Toulon or Marfeilles; in every other respect they endeavour to jujure the French here, by all the little means in their power, by watching their every movement in a manner unknown even under your old government.

" Same people here are filent triends of the revolution; they would like to see the counterpart acted here, the people to the fouth of us appear allo very impatient of their bondage, and if the French armies prove fuccelsful you may expect to fee, at least tometuing like the French constitution, established in all their parts. Here every lawyer and lome patriots call the revolution, the fulvation of the bulnan race.

We lead by a private letter from Dublin, that the commocions in licerand are conuderable.—It lays, .. That a paper was fixed up in Dublin on the barrack and calle-gates, with the words, NO. KING AND LL-BERTY: On which a privy-council was called, and DARTS of SILVER STONE and MAJOR'S CHOICE, orders given to the commander in chief to repair to the parracks-There he interrogated, whether they knew or, were privy to the politing up of faid papers? they all remained filent; he then informed them, that is any of them were distatisfied with the service, they might be discharged, but no answer was returned. ivext morning, a fresh paper to the same purport, appeared on the faine places; on which a royal proclamation was issued in which the lord-lieutenant and council declared, is That, if any soldier should be detected in polting up any seditious paper, or, oath should be proven, privy thereto, he should receive 500 laihes, and be expelled the service; and if any foreigner should be detected having the book entitled, the Rights of Man, written by Thomas Paine, he inould be indicted as a felon."
