By captain Duplex, who arrived here yesterday, in days from Corke, we learn, that all is buffle and confusion in England; that the day before he sailed, information was received at Corke that 47 vellels had been ordered by the British ministry into service against France; that the Squirrel, a king's cutter, on the Irish station, was seen coming into Corke harbour. for the purpose, it was faid, of pressing men for the fleet. From the complexion of the above information, the affairs of France wear a very ferious aspect.
