One Thousand Dollars Reward. COME few COUNTERFEIT POST NOTES of The Bank of Maryland, having been lately difcovered in circulation, and on tracing the same were found to come from the back parts of Virginia, where they have probably first illued; to avoid imposition, it is thought necessary to give the following description of them, by which they may be readily detected:-

They have the letter D for their alphabetical mark, at the left hand side of the note.

The paper on which they are printed is more fost and tender, the strokes of the letters in the engraving are in general stronger, and have a darker appearance than in the true bills.

The fignature, Wm. Patterson, is badly done; the strokes of all the letters are stiff and laboured, and appear to be painted over with the pen, as well as the flourish under the name.

The value is left blank in the engraving, to be filled up in writing, so that the sum may be more or less, at

pleasure. No true Post Notes of the alphabetical mark above described, have been lately issued, and very few are now in circulation.

The above reward of ONE THOUSAND DOL-LARS will be gaid to the person or persons who shall For terms apply to Mr. THOMAS HYDE, in Annadiscover and prosecute to conviction the several of- polis, or to the subscriber. fenders, or any of them, of the following description,
