**TREASURY of the UNITED STATES,**

August 24th, 1795.

NOTICE is hereby given to all persons who are or may be creditors of the United States, for any sums of the funded debt, or stock, bearing a present interest of six per centum per annum:

1. That pursuant to an act of congress, passed on the third day of March, 1795, entitled, "An act making further provision for the support of public credit, and for the redemption of the public debt," there will be reimbursed and redeemed, on the first day of January ensuing, the rate or proportion of two per centum of the principal of the debt or stock, expressed in the certificates issued to the said creditors respectively.

2. The said reimbursements will be made at the treasury of the United States, or at the loan offices where the said stock may stand credited at the close of the present year.

3. The said reimbursements will be made to the said creditors in person, or to their attorneys duly constituted; but the powers of attorney which may be produced must contain an authority to receive the said reimbursement of principal, otherwise no more than the usual dividend of interest will be paid; and although the two per centum of principal to be redeemed, should not be demanded, yet the interest thereon will cease from the said first day of January next.

4. To prevent the great trouble and expence which would attend a renewal of the certificates, in consequence of the said reimbursement of principal, it has been determined that no renewal shall be made: And further, that the certificates which may be issued during the year one thousand seven hundred and ninety-six, in consequence of any transfers of the said six per cent stock, shall notwithstanding the reimbursement of two per centum, as aforementioned, be expressed for the respective sums of the original capital stock. All persons who may negotiate the funded six per cent stock of the United States, bearing a present interest, are therefore cautioned to observe, that during the year one thousand seven hundred and ninety-six, the value or true amount of principal unredeemed of the said debt or stock, will be sixty-eight per centum of the sums expressed in the certificates.

Given under my hand at Philadelphia, the day and year before mentioned, pursuant to directions of the secretary of the treasury.
