NATURAL PHILOSOPHY:

IN FIVE VOLUMES.

BY **JOHN WESLEY, A. M.**

"These are thy glorious works, Parent of Good;
"Almighty! Thine this universal frame,
"Thus wondrous fair! Thyself how wondrous
"then!"

THE erudition of Mr. Wesley stands in competition with the first writers of the present age. He was of a deep penetrating mind—matured by long experience in scientific studies. He willingly embraced any toil which might promote the wisdom and happiness of mankind. With this view, he compiled this SYSTEM OF NATURAL PHILOSOPHY.

This work is not too diffuse, not expressed in many words, but comprised in so moderate a compass, as not to require any large expence, either of time or money—Not maimed or imperfect; but containing whatever is known with any degree of certainty, either with regard to the earth or the heavens, and this in the plainest dress; simply and nakedly expressed, in the most clear, easy, and intelligible manner, that the nature of things would allow—To which are added, the most valuable discoveries both of our own and the foreign societies, ancient and modern. The learned have admired this performance as a most useful and instructive compendium.

CONDITIONS.

I. This work will be neatly printed, with a new type, on fine medium paper, in five volumes, each volume containing nearly four hundred pages, duodecimo.

II. A volume will be published every three months, neatly bound and lettered, payable on delivery, 1 dollar and 40 cents.

III. Subscribers names will be annexed to the last volume.

IV. An elegant portrait of the author will be given as a frontispiece, executed by the first American artist.

V. As soon as sufficient encouragement is met with, the work shall be put to press.

VI. Those who obtain ten subscribers, and are responsible for their payment, shall receive one copy gratis.

**H. HAYDEN,
DENTIST,**

OFFERS his sincere thanks to the ladies and gentlemen of Annapolis for their generous encouragement during his stay in February, and by his strict attention to delicacy and tenderness in all operations on the teeth and gums, and the most implicit candour in his advice, he hopes to merit a continuance of theirs and the public's patronage. From the numerous opportunities he has had of proving his abilities in this as well as other towns in this state, he deems it unnecessary to enter into a detail of the operations that come within the line of his profession, the utility of which (when judiciously performed) is too well known to need any comment. Those persons who favoured him with their custom during his former stay, may have their teeth examined gratis, and those who wish to be waited on at their residence will please to send a line, or servant, to him at Mrs. NIXON's boarding house, Corn-hill-street.

KENNEDY,

Carver, Gilder, and Looking-Glass Manufacturer, No. 2, North Gay-street, Baltimore.

RESPECTFULLY informs the inhabitants of Annapolis, that he executes all kinds of ornamental carving and gilding looking-glass and picture frames, gerandoles, brackets, window cornices, gilt chairs, tables, &c. He has erected tables for the polishing and silvering of old looking-glasses, which will in every respect render them equal to new. He flatters himself, from the encouragement he has already received from several inhabitants of Annapolis, that he will be enabled to give that general satisfaction, which will be the height of his ambition, to accomplish which no exertion on his part shall be spared. He has, for their greater convenience and more correctly receiving their orders, appointed Mr. J. Shaw to receive their commands, which will be executed at his general prices, which are the lowest Philadelphia. The greatest allowance made for old looking-glasses in exchange. 2

Fifteen Dollars Reward.
