**Dr. HAMILTON'S ELIXIR**  
A sovereign remedy for colds, obstinate coughs, asthmas,  
sore throats, and approaching consumptions.

To parents who may have children afflicted with the  
**HOOPING COUGH,**

**T**HIS discovery is of the first magnitude; as it is  
an immediate relief, checks the progress, and in  
a short time entirely removes the most cruel disorder  
to which children are liable, the Elixir is so perfectly  
agreeable and the dose so small, that no difficulty  
arises in taking it.

From **LUTHER MARTIN, Esq;** attorney-general  
of the State of Maryland.

Gentlemen,  
I comply with your request in stating my opinion  
of Hamilton's elixir.—It has been used in my family  
for two or three years past, with uniform success,  
whenever colds, coughs, or similar complaints have  
rendered medicine necessary.—I have myself found it  
an excellent and agreeable remedy for a very painful  
and troublesome affection of the breast, accompa-  
nied with soreness and with obstructed and difficult  
breathing.

On these accounts I do not hesitate to recommend  
Hamilton's elixir, as a valuable medicine, and deserv-  
ing public attention.

**LUTHER MARTIN.**

Mr. Abijah Henly, Bridge-street, Baltimore, was  
cured by one bottle of Hamilton's elixir, of a very  
complicated disorder occasioned by a severe cold  
caught several months ago.—He breathed with the  
greatest difficulty, and was often thrown into weaken-  
ing sweats when he attempted to walk any distance, and  
his voice would frequently fail in such a degree that he  
could only attempt to whisper; he has been upwards  
of six weeks without a return of his complaints, and  
desires to give this public testimony in favour of this  
invaluable medicine.

**DR. HAMILTON'S GRAND RESTORATIVE**

IS recommended as an invaluable medicine, for the  
speedy relief and permanent cure of the various com-  
plaints which result from dissipated pleasures—juvenile  
indiscretions—resistance in climates unavourable  
the constitution—the immoderate use of tea, frequent  
intoxication, or any other destructive intemperance to  
the unskillful or excessive use of mercury—the diseases  
peculiar to females, at a certain period of life—bad  
layings in, &c. &c.

And is proved by long and extensive experience,  
to be absolutely unparalleled in the cure of

Nervous disorders	Violent cramps in the stomach and back
Consumptions	Indigestion
Lowness of spirits	Melancholy
Loss of appetite	Gout in the stomach
Impurity of blood	Pains in the limbs
Hysterical affections	Relaxations
Inward weaknesses	Involuntary emissions
Seminal weaknesses	Obstinate gleet
Fluoribus (or whites)	Impotency, &c. &c.
Barrenness	

In cases of extremity where the long prevalence  
and obstinacy of disease has brought on a general  
impoverishment of the system, excessive debility of  
the whole frame, and a wasting of the flesh which no  
nourishment or cordial could repair, a perseverance in  
the use of this medicine has performed the most aston-  
ishing cures.

**HAMILTON'S**

**ESSENCE AND EXTRACT OF MUSTARD,**  
A safe and effectual remedy for gout, rheumatism,  
palsy, sprains, bruises, pains in the face and neck,  
&c.—And has performed more cures in the above  
complaints, than all the other medicines ever before  
made public.

From **Dr. Weatherburn,**  
Wythe county, Virginia.

Gentlemen,  
I purchased at your shop the preparations you call  
*Hamilton's Essence or Extract of Mustard*, which  
I believe has perfectly removed a chronic rheu-  
matism (of that kind named sciatica, or of the hip  
joint) under which I had laboured for a long time,  
and which had baffled every article in the *Materia  
Medica*, and every mode of treatment received into  
practice for the cure of this obstinate disease.—If  
you think this letter useful you are at liberty to make  
it public. Yours, &c.

**JOHN HOOVER,** rope-maker, South Second-  
street, between Mary and Christian-streets, Philadel-  
phia, voluntarily maketh oath as follows, namely—  
that his wife *Mary Hoover* was so severely afflicted  
with violent rheumatism, very dangerously situated,  
the consequence of a severe cold after lying in, as to  
be confined to her bed for several weeks, and was at  
length reduced to the melancholy apprehension of re-  
maining a cripple for life, notwithstanding the most  
respectable medical advice was followed, and every  
probable remedy attempted: when seeing several  
cases of cures performed by *Hamilton's Essence and  
Extract of Mustard*, they were procured from Mr.  
Blyth, No. 17, South Second-street. The first ap-  
plication enabled her to walk across the room, and

the use of one bottle restored her to her usual state of  
health and strength.

**HAMILTON'S WORM DESTROYING LOZENGES.**

Which have within four years past cured upwards  
of one hundred and twenty thousand persons of both  
sexes, of every age, and in every situation, of vari-  
ous dangerous complaints arising from worms, and  
from obstructions or foulness in the stomach and  
bowels.

This medicine bears no analogy whatever of similar  
title, so commonly complained of as operating with  
violence; on the contrary, a particular excellence  
of this remedy is its being suited to every age and  
constitution; contains nothing but what is perfectly  
innocent, and is so mild in its operation that it can-  
not injure the most delicate pregnant lady, or the  
tenderest infant of a week old, should no worms exist  
in the body; but will, without pain or griping, cleanse  
the stomach and bowels of whatever is foul or offen-  
sive, and thereby prevent the production of worms  
and many fatal disorders. They are particularly ef-  
ficacious in carrying off all gross humours and erup-  
tions; feverish and bilious complaints, and are the  
safest and mildest purgative that can be used on any  
occasion.

**DESCRIPTION OF WORMS,**

And the symptoms by which they are known.  
**WORMS** which infest the human body, are chiefly  
of four kinds, viz. the *Tere* or large round worm,  
the *Ascarides* or small maw worm, the *Cucurbitina*  
or short flat white worm, and lastly, the *Taenia* or  
tape worm, so called from its resemblance to tape—  
this is often many yards long, and is full of joints—  
it is the most hurtful and most difficult to cure.

Among the symptoms attending worms are, dis-  
agreeable breath, especially in the morning; bad and  
corrupted gums—itching in the nose and about the  
seat—convulsions and epileptic fits, and sometimes  
privation of speech, starting and grinding of the  
teeth in sleep—irregular appetite, sometimes loathing  
food, and sometimes voracious—Purging, with slimy  
and foetid stools—vomiting—large and hard belly—  
pains and sickness at the stomach—pains in the head  
and thighs, with lowness of spirits—slow fever, with  
small and irregular pulse—a dry cough—excessive  
thirst—sometimes pale and unhealthy countenance,  
and sometimes the face bloated and flushed.

Persons afflicted with any of the above symptoms,  
should have recourse to *Hamilton's Worm destroying  
Lozenges* which have been constantly attended with  
success in all complaints similar to those above de-  
scribed.

A dose of this medicine given occasionally during  
the warm season, will effectually prevent the vomiting  
and purging of children, a dreadful disorder which  
annually destroys thousands of the infant part of our  
cities. It is likewise the mildest and most certain re-  
medy known, and has restored to health and strength  
a great number when in an advanced stage of this  
fatal complaint. Particular and plain instructions are  
given for every part of the necessary treatment in  
such cases.

Children generally take this medicine with eager-  
ness; having a pleasing appearance, and an agreeable  
taste.

**CASES OF CURES.**

(Selected from thousands) the authenticity of which  
any person may ascertain, either by letter or personal  
application.

**TAP WORM.**

**Mr. SAMUEL FULLER,** *Imm-keeper, on the  
Harford road, ten miles from Baltimore,* began about  
20 months ago to be grievously afflicted with a tape  
worm, which increased fast in size and strength, so as  
to excite the most horrid sensations by its writhing  
motions and intolerable pains, resembling the gnaw-  
ing and tearing of his bowels, which deprived him of  
his necessary sleep, and caused such dreadful appre-  
hensions as cannot be conceived but by one in a si-  
milar situation—his appetite wasted rapidly, and with  
that his strength, so that he was unable to attend to any  
business—when he heard of some excellent cures per-  
formed by *Hamilton's worm lozenges*, he took a large  
dose, which brought away about **FOUR YARDS** of  
the worm (now in the possession of *Lee & Co.*)—  
but a renewal of his pains soon convinced him  
that this monstrous reptile had recovered its first vi-  
gor—Application was made to *Lee & Co.* for more  
of their medicine, with their advice—from which re-  
sulted the total expulsion of his formidable enemy,  
in several pieces, which he supposed to be **SIX** or  
**EIGHT YARDS** more. A few months have since  
elapsed, and *Mr. Fuller* is now in perfect health.  
The above facts are well known to a numerous circle  
of his neighbours, and himself will gratify any who  
may wish to make further inquiries on the subject.  
Although *Hamilton's worm lozenges* produce such  
powerful effects, when necessary, yet they are per-  
fectly innocent and mild in their operation on the  
human body, even taken in large doses, as *Mr. Ful-  
ler* will testify—their peculiar mildness is abundantly  
evident in innumerable cures of infants.

Communicated by **Dr. John Shengler,** *York-town,  
Pennsylvania,*

Letter from the reverend **Mr. JOHN MOLTHER,**  
minister of the Moravian church, in *York-town,*

*Tork, January 4th, 1802,*

Dear Sir,  
*Dr. Hamilton's lozenges* have been recommended  
to me as a very adequate means for the cure of chil-

dren afflicted with worms, I procured a box for the  
use of my family, to try, whether by means of this  
medicine, I might be enabled to gain a point, which,  
to accomplish, different other means had proved abort-  
ive. My eldest boy had a very sickly appearance,  
was very restless at night, grew leaner from time to  
time; in short, he seemed to be in a precarious state  
of health, which would yield to none of the medicines  
administered, until I gave him two doses of lozenges,  
agreeably to the directions, which carried off a sub-  
stance to all appearance a mere mucus, but upon close  
inspection quite replete with very small living ani-  
mals. Not one of that sort of worms which usual-  
ly afflict children, came from him. Since that pe-  
riod he grew remarkably better in health, and though  
lean, has got a fresh and lively complexion. Upon  
different occasions I have used this medicine as a  
purgative substitute, and found it to answer exceed-  
ingly well, without bringing on belly-ache, or any  
of those disagreeable sensations, so often occasioned  
by purging medicines. Upon the whole, I judge this  
medicine to be, besides its main object, one of the  
most salutary means for restoring lost appetite, and  
promoting a proper state of digestion, by carrying off  
that bilious substance, which engenders to much in-  
disposition both among children and adults.

I am, Sir, your most obedient servant,  
**JOHN MOLTHER.**

peding that natural, insensible perspiration which is  
essential to health—Yet its salutary effects are speedy
