## Family Medicine.

Just received from **Richard Lee and Son**, and for sale by

## Gideon White, Church Street, An Abolition of PATENT MEDICINE.

For the prevention and cure of bilious and malignant fevers, is recommended

## Lee's Anti-Bilious Pills.

Each article has on the outside wrapper, the signature of

## RICHARD LEE and SON.

Without which, none are genuine.

Prepared by **Richard Lee and Son**, Baltimore. PERSONS wishing to purchase this valuable medicine, are requested to be particular in inquiring for Lee's anti-bilious pills, put up in wooden boxes, having on the outside wrapper the signature Richard Lee and Son, this is necessary, as there are other pills of the same name.

THE operation of these pills is perfectly mild, so as to be used with safety by persons in every situation and of every age.

They are excellently adapted to carry off superfluous bile, and prevent its morbid secretions, to restore and amend the appetite, produce a free perspiration, and prevent colds, which are often of fatal consequence. It is also useful to remove colds taken on its first appearance, as they are celebrated for removing habitual constiveness, sickness at the stomach and severe headache, and ought to be taken by all persons on a change of climate.

They have been found remarkably efficacious in preventing and curing disorders attendant on long voyages, and should be procured and carefully preserved for use by every seaman.

The high opinion I have of your bilious pills, and a desire to make known their utility for the benefit of mankind, I wish you to publish the following:

For two months past, I have been afflicted with a violent sickness at the stomach, an inclination to vomit, and a loss of appetite, by taking two doses of your pills, I am restored to a perfect state of health, which induced my wife to try them, also, which was attended with the same good effects; do my opinion, this medicine is unequalled in stomach and bowels complaints, not being attended with that griping pain common to other remedies.
