Family Medicine.

Just received from RICHARD LEE and Son, and for Sale by

Gideon White, Church-street,
An Assortment of PATENT MEDICINE.

Lee's Worm Destroying Lozenges.

THIS medicine, which is as innocent and mild as it is certain and efficacious in its operation, cannot injure the youngest infant, should no worms exist in the body; but will without pain or griping, cleanse the stomach and bowels of what ever is foul or offensive, and thereby prevent the production of worms and many fatal disorders.

From the many cases of cures that daily come to our knowledge, we have selected the following:

Messrs. Richard Lee and Son.
You are at liberty to publish the astonishing cure performed by your Lozenges on my son, 10 years old, who was afflicted with fevers, pain in his side, and a continual headach, which reduced him so low that was unable to sit up. One of my neighbours advised me to use your Lozenges, which has had the happy effect of restoring him to a better state of health than he has enjoyed for several years, in the short space of seventeen days.

Messrs. Richard Lee and Son.

My son, five years old, has for sometime past been very unhealthy, having fevers, headach and loss of appetite. Hearing of the many cures performed by your Worm Lozenges, I was induced to give them a trial. The effect was beyond my expectation, as a large quantity of small worms was expelled; hundreds of them was alive for sometime after.

Messrs. Richard Lee and Son.

Having observed in the news-paper, an advertisement yours describing the good qualities of your Worm Lozenges, induced me to call at the store of Warner and Hanna, and to make a trial of them on a female of my friend's, who was in my care, which from symptoms of disease, viz. sickness, a picking at nose, offensive breath and other like circumstances, authorized myself and Mrs. M'Cormick to determine that worms was the complaint, accordingly 4 days since, I made a trial of the medicine, according to the directions, and I am happy to say, on the third day afterwards the child evacuated worms, and other offensive matter, such as to me was astonishing that any human being could have been cured—particularly at so early an age as 2 1-2 years old—for the good of society I have much pleasure in mentioning the case, and to observe that she is now perfectly well, and assumes a healthy appearance. Any other information I shall give with pleasure on application to me at my house in Frederick-street, near Messrs. Van Wyck and Dorsey's room.

Messrs. R. Lee and Sons

A long time I have been afflicted with a severe cough, attended with a distressing cough, sickness at the stomach, with a frequent inclination to vomit, having tried a medicine which is said to have performed cures of this kind, but without receiving any benefit, I procured a bottle of Lee's Elixir, a bottle was procured at Messrs. Warner and Hanna's book store, which has entirely removed this distressing complaint—in fact it is not possible for one to say too much in favour of this valuable medicine; being convinced those persons labouring under severe cold, by the use of Lee's Elixir would soon be restored to a perfect state of health.
