Columbian Oil, it would be an act of injultice to you, and a want of feeling for those who may fuster under similar complaints, were I not to use my utmost endeavours to give this public testimony of the wonderful virtues it possesses.

I was attacked with a violent pain in my left leg, which I supposed was a touch of the rheumatism; it continued to grow worse every day, so that at last my knee began to get sliff, and could by no means bend it; during this which lasted a-bout five weeks, I was seized with a most dreadful pain in my right breaft, which pierced through to my shoulder blade, and extended down my arm. During this situation a variety of remedies were applied, but all without effect. At last I was advised to try l'aul's Columbian Oil ; I accordingly procured a bottle, and found some relief from the first application; and by paying proper attention to the directions for uling it, I was, to the aftonishment of all who were acquainted with my fituation, in five days entirely free from all pain, and have now the use of my leg as well as eyer; and any person who may peruse the above certificate, being defirous of any information respecting my case, I have no objection on their making application, to give them every fatisfication in my power respeding it.

I am fir, yours, &c GEORGE L.-HUGHES, Market-ftreet, Baltimore.

To Mr Thomas Paul, Inventor of the Columbian Oil, Harrifon's Creek, Baltimore.

Str.-Conceiving it to be my duty not to conceal from the public the virtues of your most valuable Columbian Oil, from which I received fo much benefit, I am therefore induced, from a principle of gratitude for my recovery, to give a short flatement of r'e complaint under which I suffered. I was first seized in the right hip with a most inby your request I do certify, that I had been a tolerable pain, which seemed exactly in the joint, and time dangerously indisposed, and was reduced back, which lasted about three weeks; during the lawes sate of weakness, in so much that which time I could not walk upright, but always

in a bent posture, and if seated in a chair, the pain would be so excrutiating in the act of rising, that it was impossible for me to retrain from fcreaming. My appetite had entirely left me, and a confiant headach would formetimes almost deprive me of my senses; in fast I was in a very deplorable condition. A great number of remedies were tried, but to no purpose; I had also the advice of an eminent physician, who prescribed the hot bath, &c. which were regularly attended to, but without the smallest advantage. I had about nine ounces of blood taken from me, still the complaint did not give way in the least degree. I was plaint did not give way in the leaft degree I was then advised to try Haul's Columbian Oil, but with very little hopes of fucceeding; when to my great furprise and comfort, I was sensible of some ease in my hip on the first time of anointing; the next day the pain in my back was abated, the headach left me, and in four days I was pertectly re-
