CHARITABLE SOCIETY OF THE CITY OF ANNAPOLIS.

OFFICERS.
President, Rev. B. Judd,
Treasurer, Mr. George Shaw,
Secretary, A. C. Magruder, Esq.

Board of Managers—Messieurs Samuel Elobut, John T. Barber, Nicholas Brewer, Joseph Evans, John Randall, John Golder, Jeremiah Hughes and Nicholas J. Watkins.

RULES OF THE SOCIETY.

1. The officers of this Society shall be a President, Secretary, Treasurer and Board of Managers. There shall be eight managers, and the president of the Society shall be ex officio president of the Board.
2. In case of a vacancy in the board of managers, they shall, at their next meeting, elect a person to supply it; and an appointment, so made, shall continue until the next meeting of the Society.
3. Four managers, with the president, or, in his absence, five managers, shall be a quorum, & competent to transact any business committed to them—Any smaller number, to be agreed upon by the Board, shall be authorized to execute their resolves.
4. When the president is absent at any meeting of the board of managers, or in case of a vacancy in that office from whatever cause, the managers shall appoint a chairman, who shall have and execute, pro tempore, the powers of the president.
5. Whenever by death, resignation, or otherwise, a vacancy shall happen in either of the offices of President, Treasurer or Secretary, the board of managers shall fix a day for the meeting of the Society, in order to make a new appointment, and shall give due notice thereof. Until the meeting shall have taken place they are authorized to appoint, pro tempore, a person to the office, who shall possess all the powers and discharge the duties of the office.
6. All elections shall be made by ballot.
7. The secretary shall keep in a book provided for the purpose, the names of all the members of the Society, and in the same book shall record its proceedings, and such of the proceedings of the board and managers, as may be directed by them to be recorded.
8. The treasurer shall receive the contributions of the members, and such other contributions in money as the charitable may be disposed to make to the Society. He shall pay the orders of the board of managers which orders shall be signed by the President, or in case of his absence, or a vacancy in the office, by the Chairman appointed in the manner herein before provided. He shall make a report at each regular meeting of the Society, of his receipts and disburse-

ments and when required by the board of managers, shall give to them information with respect to the funds of the Society.

9. It shall be the duty of the board of managers to provide, as far as the funds of the Society will enable them, for the relief and comfort of the poor of the City of Annapolis, and to adopt such rules as may be found expedient in order to ensure a faithful application of the funds of the Society, to the purposes of its institution. They shall receive and dispose of all contributions, not in money, which shall be offered to the Society.

10. Under the direction of the board of managers there shall be opened a Soup House. The soup to be distributed to the poor in such quantities as the Managers may authorize. The persons entitled to it, shall receive tickets from the Managers, signed by the President. There shall also be prepared tickets for sale, and authorizing the holders of them to receive, for the time limited in them, a certain quantity of soup. The price of said tickets to be fixed by the managers, and the funds arising from the sale of them to be applied as the other funds of the Society.

11. For as much as to provide for the relief and comfort of the indigent is the desire of this Society, and nothing can contribute thereto, in a greater degree, than holding out inducements to labour, it shall be a part of the duty of the board of managers to receive and deposit, in some proper place, for sale, articles, the produce of the labour and exertion of the poor, & to purchase raw materials to be wrought up by them, for which they are to be paid out of the proceeds of the sale; and it is earnestly recommended to the charitable and humane to supply themselves, out of the same, with the articles of which they may be in want, when there to be had.

12. The primary object of this Society is to supply the wants of the poor in clothing, fuel and victuals, but an additional inducement to this association is to encourage them to industry and qualify them to become valuable members of Society, and to this end to provide for their instruction in the rudiments of useful knowledge. Whenever therefore the funds of the Society in its opinion will authorize it, a School shall be established for the education of those children, who without aid from the benevolent, have not the means of obtaining such instruction, and into which shall be admitted others, upon the payment of such sums by their parents or guardians, as it shall be thought that they can afford to pay. And in order to obviate the evils which might arise from a knowledge, by the instructor of the scholars who are taught gratis, no person shall be admitted into the school without a ticket from the board of managers, directing them to be received, and the managers are enjoined not to make it known upon what terms the said tickets were obtained.

13. In associating for the purpose of succoring indigence, the Society feel it to be their duty not to lessen the motives to industry and exertion, and to discountenance, as far as it possesses the power every species of vice. The funds of the Society shall not therefore be burthened with the support of any person able to work, who shall be known to refuse employment upon reasonable terms, or to have employed what it receives from the funds of this Society in the procuring of the means of intoxication, or in any other vicious indulgence. When known, the person guilty of such conduct shall receive no further aid, and the tickets which they may have obtained shall be forfeited; until in the opinion of the board of managers, a reformation has taken place, and except in cases of the most imperious necessity.

14. The regular meeting of the Society shall be holden on the first Saturday in January and July, and the members present at any meeting shall be a quorum for the transacting of any business of the Society.—The Board of managers to have the power to call a meeting whenever they think proper.

N. B. By the articles of Association any person may become a member, upon paying ten dollars; that is five dollars on the first day of January and five on the first day of July, in each year.

The Boston Palladium of December 11 contains the following article:—

"IMPORTANT."
"We learn, from an authentic source, that the Spanish minister has dispatched a cutter to Cadiz, to communicate to the Regency and Cortes governing Spain, information of the measure the Executive of the United States has taken with regard to a part of West Florida. This fact merits the very serious consideration of merchants engaged in commerce to Spanish ports."

DIED, on Friday night last, in the 64th year of his age, Mr. Charles Boone of Severn.

Extract of a letter from a gentleman in the Mississippi Territory, dated Fort Stoddard Oct. 23, 1810.

DEAR SIR,
We last night received information that general Thomas is on his march from Brooker's Landing (the last fort in the Florida he took possession of) to Mobile. The principal inhabitants have put up their most valuable effects into the Fort for protection, and it will be defended by all the citizens as well as the military. The Fort is one of the best pieces of military work in the world of its dimensions, and, military gentlemen say, will be one of the hardest to get possession of.—The general has no cannon, and of course it is uncertain the plan he will pursue—he is brave and desperate, and followed by men capable of any thing men can do. I have no doubt of a bloody scene on his reaching Mobile, as I am confident he will attempt some desperate movements! He acts under the authority of the Bayou Sarah Convention—their object appears now to add to their district, the districts lying between them & Pensacola—or in other words, all the districts of West Florida, and bring the whole under one general government. In this latter case they can raise at least 10,000 militia.—Any farther movements I will inform you of.
