

MARYLAND GAZETTE.

ANNAPOLIS, WEDNESDAY, APRIL 10.

We understand (says the National Intelligencer) that Mr. SMITH has resigned the office of Secretary of State, and that JAMES MONROE, esq. of the commonwealth of Virginia, has been appointed by the President of the United States to fill that station.

From a New-Orleans paper of the 4th March. Archibald McCloy, was shot last night, on board a flat boat near the Levee, about 8 o'clock, and died this morning—an inquest was held who gave the following verdict, that he received his death by a musket shot fired off the Levee at a distance of about 50 yards from an unknown hand. & from the testimony of John Wilson, it appears that the shot came from a party of the city guards.

A quarrel took place yesterday at or near the market-house, between 2 Choctaw Indians, one of which drew his knife and stabbed the other to the heart who fell lifeless at his feet. One of the chiefs immediately ordered the murderer to be put to death and he submitted—accordingly the sentence was executed in the following manner: the culprit lay down beside the defunct, and the Indians beat his brains out with stones and sick-bats.

MURDER.

Mr. Loudon, of Franklin county, West-Tennessee, was unfortunately murdered in his bed, in the early part of last March, by two Creek Indians, who had been partaking of his liberality for two or three days previous to the horrid deed, and it is believed without any provocation on the part of Mr. Loudon. Steps were taken to bring the perpetrators to justice.

William Williams and Ichabod Hovey, in attempting to cross the Niagara river, on the 14th ult. were unfortunately upset in a boat, and were dashed down the tremendous cataract of Niagara.

METHODISTS.

The Methodist annual conference for Baltimore District (composed of a small part of Pennsylvania, the Western Shore of Maryland, and the Northern neck of Virginia) commenced their sitting in this city on Wednesday the 20th March and concluded on the 8th. The number of Members during the last year within the bounds of this conference, is 704. To this statement is attached an address of the Conference to the members recommending the 21st of June, and 20th Oct. as days of fasting and prayer to be observed in all the Societies. This address shall be an early insertion. [Et. Post.]

BALTIMORE, APRIL 2.

VERY LATE FROM CADIZ.

Arrived below last evening the ship Leda, Hobson, in 29 days from Cadiz. Capt. H. Lane up to town last night, informs, that on the 22d February, an expedition failed from Cadiz, consisting of about 15,000 men, 3,500 English, the remainder Spaniards, destined for Conel, a small town 21 miles to the southward thereof, with the intention of attacking the French besieging army before that place, which was supposed to be very weak, owing to considerable bodies of troops having been sent to reinforce Soult, before Badajoz and Medina. The English part of the expedition was said to have made a safe landing on the 15th; on account of the badness of the weather the Spaniards returned and failed again on the 26th. It was expected the French would be driven from before Cadiz—5000 Spaniards were also to march from Algeiras to Medina Sedonia to act in concert with the other troops. Gen. Graham commanded this expedition; the whole French force from St. Lazar to Conel was not supposed to be more than 7 or 8,000 men, and no possibility of getting reinforcements nearer than Badajoz or Grenada, the siege of the former in that case they would be obliged to give up, or entirely give up the other, and leave Malaga exposed. Reports were in circulation that the French had been forced to abandon the siege of Badajoz and march to the relief of Victor commanding before Cadiz, but this was not believed.

The British force in the Bay of Cadiz consisted of six line of battle ships, two frigates, three bomb-ships and a great number of brigs of war and gun-boats, under the command of Rear Adm. Sir Richard Keats, which was supposed would attack the French batteries in front while the army attacked them in the rear. The church of St. Philip in Cadiz was fitted up for the reception of the Cortes, and they removed from Ifiga, and met for the first time in that city on the 24th of Feb. Provisions of every description was

plenty, and when the Leda left Cadiz, there was from 25 to 30,000 barrels of flour afloat in the bay, and in consequence of the number of arrivals with that article, it had fallen from 17 to 16 dollars.

Two American vessels had been lately taken into Gibraltar and condemned under the orders in council, they being bound to a French port—the cargo of one was green fish, of the other sugar, coffee, dye-wood, &c.

and until he were obliged to abandon the idea, it would be in vain to indulge the hope of a solid and permanent peace. He congratulated the House on the moderate tone which had been adopted in the negotiations with the United States of America, which he trusted would be attended with a happy effect.

Mr. Ponsonby—Agreed. that there was disposition in Ministers to conciliate, as far as circumstances would permit, the United States of America.

LONDON, FEB. 16.

Letters from Germany of a late date, mention that the constant refusal of the Emperor of Austria to co-operate in the "continental system," has produced an evident coolness between the courts of Vienna and Paris.

FEB. 19.

The letters from Sweden by the Arabian mail, state that Russia, Denmark & Sweden, are at length convinced of the ruinous tendency of the measures which they have been pursuing, and they only wait a favourable opportunity to restore commerce its usual channels.

Bernadotte is reported to have expressed himself so strongly in favour of a renewal of the commercial intercourse between Sweden and G. Britain, as to have gained the entire confidence of all those who are so deeply interested in the establishment of that connection.

The French minister Caulincourt has been able to extort from the emperor Alexander his consent for acting up to the spirit and intention of the "Continental System." No British merchandise has been burned in Russia. The French minister was particularly anxious to have this insulting part of his master's system adopted, but all his solicitations to that effect failed. Indeed the Russian Government is said to have manifested much firmness on this and other important points as to render it evident that Alexander only waits for some arrangement with the Porte to re-assume his independence. France was fully aware of this disposition, that she was believed to be secretly encouraging the Porte to continue the war against Russia.

It is a positive fact, that a Russian general has been arrested and thrown into prison by his government, on the charge of having traitorously disclosed to Caulincourt the French minister, the strength, positions & resources of the Russian military forces.

FEB. 21.

A disposition is said to have been manifested by the northern powers, favourable to the interests of this country.

A decree from Copenhagen is in which states among other arrangements, that ships with English licenses, shall not, on account of being provided with such licenses, be liable to confiscation. In consequence of this edict, a great number of vessels, which were detained in the ports of that kingdom, will, it is understood, be immediately set at liberty.

We find in the Paris Moniteur, a decree for calling out eighty thousand of the conscripts for the present year. The first detachment are to march from their respective departments on the 10th of April.
