LANDS AND LOTS FOR SALE.

THE subscriber, agreeably to the trusts reposed in him by an act of the Legis-lature of Maryland, passed at November session last, and by virtue of an order of the chancellor dated the fifth day of March last, will expose to public sale, to the highest bidder, on the days and at the places hereinafter mentioned, the following lands and lots, being part of the real estate of John Gwinn, Esquire, late of the city of Annapolis, deceased; that is to say, On Friday, the nineteenth of July next, at

12 o'clock in the forenoon, at the house of Mr. Richard Kirby, (on part of the premises,) on Deep creek, in Anne-Arun-

del county,
The following tracts or parcels of land, viz. "Rural Felicity," containing 223 1-2 acres; "Pratt's Neck," containing 201 1-2 acres; "Deep Creek Point," containing 80 1-2 acres; "Goldsborough's Choice," containing 114 acres; "The Chesapeake," containing 11 Facres; "In Chesapeake, containing 58 1-4 acres; "Greenwood," containing 129 1-2 acres; "Friendship," containing 58 7-8 acres, and "The Addition to Friendship," containing one acre and

an half. These lands are situated immediately on the Chesapeake Bay, nearly opposite to Poplar Island, and command a very extensive and beautiful prospect. The three first mentioned tracts, (adjoining each other, are divided into three tenements, on which there are good houses for tenants, and they are separated from the five last mentioned tracts by Deep Creek, over which is a bridge. On the last mentioned tracts, (also adjoining each other,) is a very hand-some brick dwelling-house two stories high with two rooms and a large passage on the first floor, and five rooms and a small passage on the second; there are two piaz zas, one in front and the other back. joining the dwelling-house is an excellent brick pantry or store room, and a kitchen, and near them all necessary out-houses. Also a large and well built stable and a house for an overseer. On different parts of the farm are several quarters for the accommodation of servants, and a very large barn and granary, all of which are in good repair. Also a windmill, to which most of the neighbours send their grain. The soil of these lands is adapted mostly to the growth of grain, and is of that nature that it will retain any improvement which may be made of it. The subscriber thinks it unnecessary to particularise the advantages of the situation of these lands, as it must readily occur to all, that any person residing on them, from their vicinity to the waters of the bay, will always enjoy the advantage of sending his produce to market with but little trouble, and may procure for his table all the luxuries which they afford in their different scasons. These lands are well timbered and the woodlands are conveniently situated for the use of the farms. There are stemently support, will fell at private sale, a time this summer or fall, cattle from one also two orchards on the premises, which

are now in their prime, and contain a variety of excellent fruit. The several tracts will be laid off so as to suit purchasers.

At the same time and place will also be sold, an undivided moiety of an Island in the Chesapeake Bay, called "Swan Is-land," containing 2 3-8 acres.

On Tuesday the twenty-third of July next, at 11 o'clock in the forenoon, at the Union Tavern in the city of Annapolis, One acre lot, being part of a tract of land called "Acton" lying in the precincts of the said city, on the road leading to Baltimore, and at present occupied by John Hicks. This lot is under enclosure, & has thereon an old stable and several fruit trees

Also lots numbered 62, 63 and 64, in the said city, near the Bath. These lots are separated into two distinct enclosures. and will be sold by enclosure. One of them is enclosed by a good post and rail fencing, land is in a high state of cultivation, with a number of very excellent fruit trees thereon, and a large and commodious stabe and carriage house, in good order and

The other is paled in, is highly improved as a garden, with a number of excel-lent fruit trees therein, and has an expo-sure favourable to the production of the earliest fruits and vegetables. There is also upon it a very good dwelling-house suitable for the residence of a small family.

On Saturday, the twenty-seventh of July next, at 11 o'clock in the forenoon, at the house of Mr. Nicholas Watkins, at

Elk Ridge Landing.
Parts of three tracts of land, viz. "Henderson's Meadows," "Young's Locust Plains," and "Addition to Samson," containing agreeably to a survey thereof lately made, 327 1-2 acres, These tracts, (all adjoining each other,) lie between 3 and 4 miles from Elk Ridge Landing, and a part thereof is at present rented to Mr. Francis Law-rence, who will shew the premises to any person inclined to purchase.

next, at 4 o'clock in the afternoon, at Mr. Pye's Tavern, in the town of Port-To-bacco, in Charles county,

Part of a lot in the said town, numbered 59 and also part of a lot or piece of ground ly ing on the east side of and adjoining the said lot, being part of a tract of land called "Chandler's Hope." Upon these lots there are a large commodious two story dwellinghouse, with four good rooms, and an extensive passage on each floor; an excellent cellar and kitchen under the house; a pantry and wash-house, meat-house and two separate stables—also a well of water shited to culinary purposes. There are likewise an excellent store and counting rooms with cellars under both. The counting room is at present occupied as an attorney's office, for which it is well calculated. The dwel-ling-house has been for several years used as a boarding-house, and lately as a tavern, and from its situation is suited for the accommodation of either a private family or a public Inn. The dwelling house and lot as at present under enclosure, will be sold separate from the store and counting

On Wednesday, the twenty first of August next, at 12 o'clock in the forencon at Mr. Pye's tavern in Port Tobacco, The following tracts or parcels of land, ly ing in Charles county, viz. " West Hatton, containing 500 acres, and "Hard Bar gain" otherwise called "Wicomoco Fields; containing 42 1-2 acres. These tracts are contiguous to each other, or nearly so, and will be sold together. The former tract lies upon Wicomoco river, about six miles below Allen's Fresh, and has a convenient landing, from which produce may be taken to vessels in the river. This is a very valuable farm, the land is level and very rich, and has thereon a tolerably good dwelling-house, and convenient necessary out-houses. The soil is well adapted to the cultivation of grain. Fish and fowl in their season may be procured in great abundance. There is an excellent spring of good water at the door. The other tract is wholly woodland, and is in-

tended to supply the farm with wood. &c.

Fish oysters and wild fowl, may be had in their season. The last mentioned tract is held in common with Mrs. Hungerford, and is distant from the other tracts between two and three miles-It is wholly woodland, and is intended to supply the other tracts with wood, &c. and will be sold either separate or with some one of the other tracts, or divided, and a part sold with each of the other tracts, as may best ac-

commodate purchasers.

Also "Brother's Gift," containing 377 acres 3 roods and 6 perches; " Blithwood" containing 10 acres 2 roods and 33 perches; and "Littleworth," containing 121 acres. These lands, (the two first tracts adjoining each other, and the other nearly so.) lie within one and two miles of Potomak River, on the road leading from Port-Tobacco to Laidler's Ferry; and the first men-tioned tract within one mile of Pickawaxon church-One half of this last tract is bottom land and very level—the other half is upland and also level. The soil is adapted to the growth of grain and tobacco. There is on it a comfortable dwelling-house, and other improvements, situate on a hill commanding a beautiful and extensive view of the River. There is also a good and convenient spring of water The other tracts are upland and mostly wood, on one of which is an old dwelling-house. They will be sold together, dr. separate, as may suit purch

The Subscriber deems it unnecessary to give more particular descriptions of the several lands and lots herein stated, as it is presumed that persons inclined to pur-chase will view the premises previous to the sale. He begs leave to refer persons, desirous of viewing the lands for sale, to Capt. Jacob Franklin as to those on the Chesapeake, to Col. Harris as to those on the Potomak, and to Mr. Maddox as to those on the Wicomoco.
