PAUL'S DOMESTIC INFALLIBLE COLUMBIAN OIL.

THE inventor of this highly esteemed medicine is a native of America, and the composition is the preduction of American soil, consequently it is in every sense of the word domestic, it is not puffed up with a numerous train of pompous foreign certificates of persons from whom by the great distance that separates us 'tis impossible to obtain information, therefore the public has better security for their money as there cannot be the last shadow of deception to cover his medicine, for he simply appears before the community ter seconty for their money as there cannot be the least shadow of deception to cover his medicine, for he simply appears before the community with his invention and an experimental detail of the various caves in which it really is so wonderfelly efficacious, and in which he is supported by the following certificates of respectable charafters, whose names are not only subscribed, but their persons may be also consulted, being residents within the circle of our own neighbourhood. The following are the complaints in which the Columbian Oil has been tound so efficacious and rardy ever fails of effecting a cure, viz: Rheumatism, Consumption, Pains in any parts of the body, but particularly in the back and breast, Colds and Coughs, Toothach, Pleurisies, Cholic, Cramps, External and Internal Bruices, Sprains and Flesh Wounds, Scalds and Burns, Whooping Cough & Memps, and Dysentary or Bloody Flux, Croup and the summer complaint in children, and in a weak stomach that is caused by indigestion, a constant sinking and loss of appetite, it will act as a powerful bra, er to the relaxed fibre and restere it to its proper tone.

as a powerful bracer to the relaxed fibre and restore it to its proper tone.

It seems also as if nature had ranked it the first of the class of all pedorals and espedorals for the relief of the breast and lungs, as it scarce ever fails of removing obstructions in either, particularly those who are troubled with Phthisick or Asthmatic complaints, who in the act of walking fast, stooping or lying down, are almost suffocated, half a teaspoonul of the Columbian Oil will render some relief instantaneously, and if continued agreeable to the directions in such cases, will prove a radical cure by producing the full power prove a radical cure by producing the full power of inflation to the lungs and free expansion to the

ELEANOR ELIOTT.

Sir,

I comply with your request of stating my opinion of Faul's Columbian Oil, being an effedual remedy for the tetter worm. I have been afflicted with the tetter in my hand for 12 years, and have made trial of many medicines which have been recommended, but all to no effect. Hearing of Faul's Columbian Oil, about the 15th of January last, proving an effectual cure for the ringworm and fimilar complaints, I immediately got a phial of your Oil, and applied it agreeably to the directions for about two months successively—when the tetter left me, and has not made its appearance since.

N. B. My Susanna, a child aged 20 months & 6 days, was taken about the middle of July last, with a violent cough, which the neighbours said was the whooping cough; I gave her six drops of the Columbian Oil, which gave immediate relief, and proved an effectual cure.
