PAUL'S DOMESTIC INFALLIBLE COLUMBIAN OIL.

THE inventor of this highly esteemed medicine is a native of America, and the composition is the production of American soil, consequently it is in every sense of the word domestic, it is not puffed up with a numerous train of pompous foreign certificates of persons from whom by the great distance that separates us 'tis impossible to obtain information, therefore the public has better security for their money as there cannot be the least shadow of deception to cover his medicine, for he simply appears before the community with his invention and an experimental detail of the various cases in which it really is so wonderfully efficacious, and in which he is supported by the following certificates of respectable characters, whose names are not only subscribed, but their persons may be also consulted, being residents within the circle of our own neighbourhood. The following are the complaints in which the Columbian Oil has been found so efficacious and rarely ever fails of effecting a cure, viz: Rheumatism, Consumption, Pains in any parts of the body, but particularly in the back and breast, Colds and Coughs, Toothach, Pleuritis, Cholick, Cramps, External and Internal Bruises, Sprains and Flesh Wounds, Scalds and Burns, Whooping Cough & Mumps, and Dysentery or Bloody Flux, Cramp and the summer complaint in children, and in a weak stomach that is caused by indigestion, a constant sinking and loss of appetite, it will act as a powerful bracer to the relaxed fibre and restore it to its proper tone.

It seems also as if nature had ranked it the first of the class of all pectorals and expectorals for the relief of the breast and lungs, as it scarce ever fails of removing obstructions in either, particularly those who are troubled with this sick or Asthmatic complaints, who in the act of walking fast, stooping or lying down are almost suffocated, half a teaspoonful of the Columbian Oil will render some relief instantaneously, and if continued agreeable to the directions in such cases, will prove a radical cure by producing the full power of inhalation to the lungs and free expansion to the breast.

CERTIFICATES OF ITS EFFICACY.

No. 1. Sept. 1809. I do certify, that I have been along nearly two years with a hectic cough and violent impression at the breast—I applied to the most eminent physicians and could get no relief from my low state of health, until I got Paul's Columbian Oil; and found immediate relief. I take this method of informing the public of the efficacy of this valuable medicine, from the cures which I have experienced—I think it an incumbent duty to offer the same to the public. ELISHA SOWARD. Baltimore No. 16, Water-street, sign of the plough.

No. 2. Sept. 1809.

From the great benefit I received from your Columbian Oil, I am induced to state, I was taken with a violent sore throat, about the 26th of August, which continued till the first of the month, when I applied your oil externally, and washed the part affected with the oil diluted in the same quantity of molasses, which took away pieces of purrid flesh and healed my throat in about 48 hours.

N. B. I also certify, that I nursed my grandchild, and infant of 17 months old which was taken about the first of August with slow fevers and loss of appetite. We immediately applied for a physician who gave every attention for about 10 days but all to no effect; the child was given up by the physicians, and had every appearance of death, when I applied for Paul's Columbian Oil, and gave five drops morning and evening, for five days, when the child began to recover, and is now in perfect health. MARY UNDERWOOD. Baltimore, by Peter's Bridge.

No. 3. Sept. 6.

I hereby certify, that I had a cough and pain in my stomach for upwards of two years, when I was recommended to Paul's Columbian Oil. I procured one phial of that valuable medicine, which has restored me to a good state of health again. THOMAS ELIOTT. On the Hook's-town road near the turnpike gate.

No. 4. Feb. 12, 1809.

I have great reason to be very thankful for being recommended to Paul's Columbian Oil I had been afflicted with a violent pain in my back, so that I was not able to walk. I procured one phial of the oil, and I received immediate relief, & I have been very well ever since.

N. B. I had a violent toothach about two or three months ago, when I dropped a few drops of the above oil, or some lint, and applied it to the tooth affected, and I received immediate relief.

ELEANOR ELIOTT.

No. 5.

Sir, I comply with your request of stating my opinion of Paul's Columbian Oil, being an effectual remedy for the tetter worm. I have been afflicted with the tetter in my hand for 12 years, and have made trial of many medicines which have been recommended, but all to no effect. Hearing of Paul's Columbian Oil, about the 15th of January last; proving an effectual cure for the ring worm and similar complaints. I immediately got a phial of your Oil, and applied it agreeably to the directions for about two months successively—when the tetter left me, and has not made its appearance since.

SUSANNA PURDEN.

N. B. My Susanna, a child aged 20 months & 6 days, was taken about the middle of July last, with a violent cough, which the neighbours said was the whooping cough; I gave her six drops of the Columbian Oil, which gave immediate relief, and proved an effectual cure. Saratoga-street, Baltimore, Aug. 21, 1809.

The above valuable Medicine for sale by Childs & Shaw.

Great indeed was the conformation of the inhabitants, on the awful occasion. So severe were the shocks, that the parade ground of the fort settled from one to two inches below its former level. A tub of water standing on a table in the barracks was upset by the jarring of the building. Another severe shock was felt yesterday at twelve o'clock.

CHARLESTON, DEC. 20.

Extract of a letter to the Editor—dated COOSAWHATCHIE, DEC. 17.

Yesterday morning, at about ten minutes past 3 o'clock there was a very severe shock of an earthquake experienced by the inhabitants of this vicinity. Its violence was so great as to occasion the fall of poultry from their roosts, and the breaking of tumblers, &c. on sideboards. Its extent, as far as I can learn, has been about 40 miles north and south. At about 7 o'clock there was another shock experienced; and at half past 8 every person was again alarmed by a repetition of the same dreadful phenomenon. No material injury has been sustained as far as I have learned.

WM. S. GREEN, Adm'r.

BOSTON, DEC. 26. LATE FROM ENGLAND.

By the Galen we have received London papers and advices to the 18th of November.

On the affairs of the United States there were nothing in the papers but speculations. It was thought by many in London, that on the expiration of the restrictions on the Prince Regent, a partial change of the ministry would take place—the marquis Wellesley retiring to resume his former situation in India, and Mr. Perceval descending to a peerage—that Mr. Ruffel would furnish evidence that the French decrees, though not revoked, had ceased to operate against the commerce of the United States, and that the orders in council, so far as they affect our neutral rights, would also cease. This is the report, which we hope will be realized. The parliament will positively assemble early in January, and the restrictions, if not repealed, will die a natural death in February, and will not be renewed. The old King was gradually descending to the tomb.

While the Galen was lying at Spithead, a seaman from the Constitution, deserted to the British frigate Havana. He was demanded by capt. Hull, who was referred to the Port Admiral at Portsmouth, and by him informed, that the seaman should not be restored until the Admiralty Board had instructed him on the occasion. In a day or two after an American sailor swam from the Havana to the Constitution, and being demanded by the British commander, a captain Hull refused to deliver him, until he had received instructions to that effect from the United States, taking for the basis of his refusal the precedent which the British officer had furnished him in the first instance. The affair stood thus when the Galen sailed.

The latest accounts from Sicily stated that the whole people of that Island were in a state of insurrection, and wound up to the highest pitch of indignation against their government; it being supposed, that they were to be delivered over to the French. Every day there were said to be fresh importations of pretended Sicilian volunteers from Italy, supposed to be men introduced to support the French interest.

Letters from Germany to 2d instant. The Russian and Turkish armies were approximating, and a general engagement was shortly expected. It was reported that a general rising of the inhabitants of Dalmatia and Istria against the French was expected. Not confirmed.

It is mentioned that the marquis of Wellesley is to proceed again to India, in his former high situation, probably with the Christmas fleet.

SAVANNAH, DEC. 17.

EARTHQUAKE.

Four shocks of an earthquake have been sustained by our town and its neighbourhood within the last two days. The first commenced yesterday morning, between 2 & 3 o'clock preceded by a meteoric flash of light, and accompanied with a rattling noise, resembling that of a carriage passing over a paved pathway, and lasted about a minute. A second succeeded, almost immediately after, but its continuance was of much shorter duration.— A third shock was experienced about eight o'clock in the morning, and another to-day about one.

Persons from White Bluff (about 8 miles from town) felt it very sensibly; and several who were up at the time, state that the movements of the earth made them totter as though they were on ship-board in a heavy swell of the sea. Those who were up at the time, conceive its direction to have been from south-west to north-east.

We have received several communications on the subject apparently hastily drawn up. Having been promised a very particular account by a scientific gentleman, we have laid by all except the following, which have been previously in type:

"At three minutes past three, yesterday morning, the shock of an earthquake was sensibly felt in Savannah. The undulating motion of the earth continued upwards of two minutes, to the belief of the writer, and appeared to be from north to south. Was this occasioned by the retiring of the comet from our sphere? The mercury, in Fahrenheit's Thermometer, trembled excessively.— At a quarter before nine, the tremulous motion of the earth continued.

"The observations of others say, that at eight yesterday morning there were also two distinct shocks, and it is very possible that a violent earthquake has occurred in the West-India Islands, or South-America.

"In 1692, Port-Royal, in Jamaica, was totally destroyed by an earthquake, lat. 18, N. Lisbon, Nov. 1, 1755, lat. 38 42, N. and Lima, in Peru, in 1746, lat. 12 1, S. were also nearly destroyed, and many souls perished. This is the second in Georgia within a short period."

GEORGETOWN, (S. C.) DEC. 18.

Several shocks of an earthquake were experienced in this town, between the hours of three and eight o'clock on Monday morning.
