POR THE WARYLAND GAZETTE:

The following Lines were composed by a Gentleman, late a resident of this City, distinguished by his eminent talents and exemplary piety.

" Our Father! who art in Heaven"-

"Father-in heaven"-does God, who made And rules this universal frame, Bay, does he own a Father's love? And answer to a Father's name?

Saviour divine! Cleanser of guilt! Redeemer of a ruin'd race These are thy cheering words, and this
The kind assurance of thy grace.

My God! my Father! may I dare, (I, all debas'd, with sin defil'd,)
These awful soothing names to join Am I thy creature and thy child?

Art thou my Father? then no more My sins shall tempt me to despair; A Father pities and forgives,

And hears a Child's repentant pray'r. Art thou my Father? let me strive With all my powers to learn thy will;
To make thy service all my care,
And all thy kind commands fulfill.

Art thou my Father? teach my heart Compassion for another's woe, And ever to each child of thine A Brother's tenderness to shew.

Art thou my Father? then I know When pain, or want, or griefs oppress, They come but from a Father's hand, Which wounds to heal, afflicts to bless.

Art thou my Father? then in doubt And darkness, when I grope my way, Thy light shall shine upon my path, And make my darkness like thy day.

Art thou my Father? then no more Tremble my soul at Death's alarms! He comes, a Messenger of Love, To bear me to a Father's arms.

My God! my Father! I am vile, Prone to forget thee, weak and blind, Be thou my help, my strength, my trust,
Hope of my heart! Light of my mind!

PAUL'S PATENT

The inventor of this highly esteemed Medicine is a native of America, and the composition is the production of American soil, consequently it is in every sense of the word Domertic, it is not puffed up with a numerous train of pompous foreign certificates of persons from whom by the great distance that separate us, its impossible to obtain information, therefore the public has better security for their money as there cannot be the least shadow for deception to cover this medicine, for he simply appears before the community the least shadow for deception to cover this medi-cine, for he simply appears before the community with his invention and an experimental detail of the various cases in which it really is so wonder-fully efficacious, and in which he is supported by the following certificates, whose names are not only subscribed but their persons may also be con-sulted, being residents within the circle of our neighbourhood. The following are the complaints in which the Columbian Oil has been found so efficacious and rarely ever fails of effecting a cure s-viz. It seems as though nature had ranked it the first of the class of all petforals and expetiorals for the relief of the breast and lungs, as it scarcely ever fails of removing obstructions in either, particularly those who are troubled with Phtuisic or Asthmatic complaints, who in the act of walking fast, stooping or lying down are almost suffocated, half a teaspoon full of the Columbian Oil will render some relief instantaniously, and if continued agreeably to the directions in such cases, will prove a radical cure, by producing the full power of inflation to the lungs, and free expansion of the breast. Sir-At your request that I should give my opi nion respecting what effect your Columbian Oil had in a certain case wherein I was afflicted, I most cheerfully comply by saying that I verily believe that I might have died with one of the severest cramps in the stumach, had it not been for your Columbian Oil; and hat I have been a se cond time relieved of the same complaint by the assistance of that valuable medicine, and as such assistance of that valuable filtering, and as a large of the same of the best remedy, because there is no manner of doubt of its proving effectual.

Str—Conceiving it to be my duty not to conceal from the public the virtues of your most valuable Columbian Oil, from which I received so much benefit, I am therefore induced, from a principle of gratitude for my recovery, to give a short statement of the complaint under which I suffered. I was first seized in the right hip with a most intolerable pain, which seemed exactly in the joint, and on the day following a dreadful pain in my back which lasted about three weeks, during which time I could not walk upright, but always in a bent posture; and if seated in a chair, the pain would be so excruciating in the act of raising that it was impossible for me to refrain from screaming My appetite had entirely left me, and a constant head ach would sometimes almost deprive me of Sir-Conceiving it to be my duty not to conceal head ach would sometimes almost deprive me o my senses; In fact, I was in a deplorable condi tion A number of remedies were tried but to no purpose, I had also the advice of an eminent phypurpose, I had also the advice of an eminent physician, who prescribed a hot bath, &c. which were regularly attended to, but without the smallest advantage I had about nine ounces of blood taken from rie, still the complaint did not give way in the least degree. I was then advised to try Paul's Columbian Oil, but with very little hopes of succeeding: when to my great surprise try Paul's Columbian Oil, but with very little hopes of succeeding: when to my great surprise and comfort, I was sensible of some ease in my hip on the first time of anointing; the next day the pain in my back abated, the head ach left me, and in four days I was perfectly recovered.

this state, viz.

Resolved, That in the opinion of this board, the "abstract of Colonel Herries" instructions for volunteer corps of cavalry, adapted to the use of the volunteer and militia cavalry of the United States," is the best treatise extant, or now to be pro-cured; and that the same be adopted for the cavalry of this state. With the excep-tion, that in as much as but one lieutenant to a troop is allowed or provided for by that system, and in order that too many commissioned officers may not be placed in the Serre file Rank:

telligent private; and the quarter-master sergeant, farrier and saddler in the rear. Resolved, That it is deemed impractica. ble at this time for the board to determine upon proper "trumpet soundings" to be a-dopted by the cavalry of this state; but that lieutenant colonel Moore, and majors Ridgely and Barney, be and are hereby appointed a committee to agree upon a system of trumpet and bugle soundings, and report the same to the governor, which with his approbation shall become binding and obligatory upon the field officers, and captains, and subalterns of all troops concerned.

Resolved, That the "Uniform dress of the cavalry field-officers of this state" shall consist of a black cap of beaver or polished leather, seven inches high in the crown and one inch and three quarters more in diameter at top than bottom, with a front of leather projecting downwards, a black velvet ribbon one and ap half inches wide round the upper and lower extremities of the crown; a long white plume in front, its casing concealed by a black polished leather cockade, with a silver eagle in the centre grasping a thun-derbolt in its talons; a white plated band or tress hanging in a festoon before and behind from a silver button affixed to the upper part of each side the crown, with a double cord three feet long, and tassels of the same pendant from the button on the right side, and a tassel from that on the
