

POET'S CORNER.

SELECTED.

A FRAGMENT.

Addressed to James Currie, M. D. F. R. S. of Liverpool on his edition of the Works of Robert Burns, for the benefit of the widow and orphan family of that immortal bard.

See plenty exults in her green waving blade, As the light breeze sweeps gently along. And labour reclines in the soft leafy shade Where the real breast awakes his sweet song; How beautiful the landscape, when summer is drest With a cresset of roses so gay; But ah! when shall Scotia with pleasure be blest, Since her Burns sleeps so cold in the clay!

To the Voters

Of Anne-Arundel County, and the City of Annapolis.

GENTLEMEN. You are hereby respectfully informed that I offer myself a candidate for your suffrages at the ensuing election of sheriff. I flatter myself that you will continue to me the support that you generously manifested at the late election, in consequence of which I am now in the office, the gentleman returned first on the then poll having resigned.

I undertake it, gentlemen, under circumstances of considerable difficulty, and flatter myself that my endeavours to give general satisfaction have not been altogether unavailing. Continue to me your confidence and support, and depend upon it that every exertion shall be made on my part to discharge the duties of the office with fidelity and every degree of indulgence, that shall comport with justice.

I am, Gentlemen, Very respectfully, Your obedient servant, SOLOMON GROVES. May 7, 1812.

Annapolis, April 21, 1812.

Ordered, that the following letter and orders of the adjutant general be published five times in the Maryland Republican and Maryland Gazette, at Annapolis. The National Intelligencer at Washington. The Star at Easton. The American, Whig, Sun and Federal Gazette, at Baltimore. The Republican Gazette, at Frederick-town; and the Maryland Herald, at Hagar's-town.

By order, NINIAN PINKNEY, Clk.

War Department, April 15th, 1812.

His Excellency the Governor of the State of Maryland.

Sir,

I am instructed by the president of the United States to call upon the executives of the several states to take effectual measures to organize, arm and equip, according to law, and hold in readiness to march at a moment's warning, their respective proportions of 100,000 militia, officers included, by virtue of an act of congress passed the 10th instant, entitled, "An act to authorise a detachment from the militia of the United States."

This therefore is to require of your excellency to take effectual measures for having six thousand of the militia of Maryland (being her quota) detached and duly organized in companies, battalions, regiments, brigades and divisions, within the shortest period that circumstances will permit, and as nearly as possible in the following proportions of artillery, cavalry and infantry, viz. one twentieth part of artillery, one twentieth part of cavalry, and the residue infantry. There will, however, be no objection on the part of the president of the United States to the admission of a proportion of riflemen, duly organized in distinct corps, and not exceeding one tenth part of the whole quota of the states respectively.

Each corps should be properly armed and equipped for actual service.

When the detachment and organization shall have been effected, the respective corps will be exercised under the officers set over them, but will not remain embodied or be considered as in actual service, until by subsequent orders they shall be directed to take the field.

Your excellency will please to direct that correct muster rolls and inspection returns be made of the several corps; and that copies thereof be transmitted to this department as early as possible.

I have the honour to be, Sir, Very respectfully, Your obedient servant, WILLIAM EUSTIS.

HEAD QUARTERS,

Government-House, April 25th, 1812. In consequence of the above call by the president of the United States, I am directed by the commander in chief of the militia of the State of Maryland, to require of the officers commanding regiments and extra battalions, to cause immediately to be enrolled in their several districts all un-bodied free white male citizens from 18 to 45, in order more speedily to enable him to comply with this requisition.

By order, JOHN GASSAWAY, Adjutant General.

PAUL'S PATENT COLUMBIAN OIL.

The inventor of this highly esteemed Medicine is a native of America, and the composition is the production of American soil, consequently it is in every sense of the word Domestic, it is not puffed up with a numerous train of pompous foreign certificates of persons from whom by the great distance that separate us, 'tis impossible to obtain information, therefore the public has better security for their money as there cannot be the least shadow for deception to cover this medicine, for he simply appears before the community with his invention and an experimental detail of the various cases in which it really is so wonderfully efficacious, and in which he is supported by the following certificates, whose names are not only subscribed but their persons may also be consulted, being residents within the circle of our neighbourhood. The following are the complaints in which the Columbian Oil has been found so efficacious and rarely ever fails of effecting a cure: viz Rheumatism, Consumption, Pains in any part of the body but particularly in the back and breast, Colds and Coughs, Tooth Ach, Spleen, Pleuritis, Cholic, Cramps, external and internal Bruises, Sprains, and Flesh Wounds, Scalls and Burns, Whooping Cough, and Mumps, Dysentery, or Bloody Flux, Croup and the summer complaint in children, and in a weak stomach, that is caused by indigestion, a constant sinking and loss of appetite, it will act as a powerful bracer to the relaxed fibre and restore it to its proper tone.

It seems as though nature had ranked it the first of the class of all perforals and expectorals for the relief of the breast and lungs, as it scarcely ever fails of removing obstructions in either, particularly those who are troubled with Phthisis or Asthmatic complaints, who in the act of walking fast, stooping or lying down are almost suffocated, half a teaspoon full of the Columbian Oil will render some relief instantaneously and it continued agreeably to the directions in such cases, will prove a radical cure, by producing the full power of inflation to the lungs, and free expansion of the breast.

Certificates of its Efficacy.

We do certify, that on Thursday, the 17th instant, we were tarring a new seine for Mr. Clark, and by accident the seine took fire, which, by endeavouring to put out the flames, John Clark and Thomas Adams got severely burnt in the face, we immediately got some Columbian Oil from Mr. Paul, and applied it to the parts burnt, which gave ease in the course of twenty minutes, and has left the parts free from blisters.

John Peacock, Thomas Adams, John Clark. Baltimore, April 19th, 1812.

Sir—At your request that I should give my opinion respecting what ailed your Columbian Oil had in a certain case wherein I was afflicted, I most cheerfully comply by saying that I verily believe that I might have died with one of the severest cramps in the stomach, had it not been for your Columbian Oil; and that I have been a second time relieved of the same complaint by the assistance of that valuable medicine, as I do such I recommend it as the best remedy, because there is no manner of doubt of its proving effectual.

E. Catharine Walker. Sign of the Buck, Market-Space, Baltimore.

Sir—Conceiving it to be my duty not to conceal from the public the virtues of your most valuable Columbian Oil, from which I received so much benefit, I am therefore induced, from a principle of gratitude for my recovery, to give a short statement of the complaint under which I suffered. I was first seized in the right hip with a most intolerable pain, which seemed exactly in the joint, and on the day following a dreadful pain in my back which lasted about three weeks, during which time I could not walk upright, but always in a bent posture; and if seated in a chair, the pain would be so excruciating in the act of raising that it was impossible for me to get up from my seat. My appetite had entirely left me, and a constant head ach would sometimes almost deprive me of my senses; In fact, I was in a deplorable condition. A number of remedies were tried but to no purpose, I had also the advice of an eminent physician, who prescribed a hot bath, &c. which were regularly attended to, but without the smallest advantage. I had about nine ounces of blood taken from me, still the complaint did not give way in the least degree. I was then advised to try Paul's Columbian Oil, but with very little hopes of succeeding: when to my great surprise and comfort, I was sensible of some ease in my hip on the first time of anointing; the next day the pain in my back abated, the head ach left me, and in four days I was perfectly recovered.

Apollonia Walter. Lexington-street, two doors from Liberty-street, Baltimore.

Philadelphia, July 8, 1807. By your request I do certify, that I had been a long time dangerously indisposed, and was reduced to the lowest state of weakness, insomuch, that my recovery appeared doubtful; my complaint seemed to be affections of the breast and lungs. I could procure no relief from incessant coughing, nor breathe without great pain & difficulty; when, by the use of one phial of Paul's Columbian Oil, my distressing cough left me, every other symptom was removed, and I was restored to an excellent state of health, which I now enjoy.

Who may be consulted if called on—Kitty McClain. Corner of Spruce and Fifth-streets.

The public will please to take notice; That Paul's Patent Columbian Oil, will always be sold in bottles which contain the words PAUL'S PATENT COLUMBIAN OIL, in the Glass; the bottles sealed with my initials J. L. in Red Wax, and the outside Label signed by me with Red Ink.

BOSTON, MAY 7. FROM ENGLAND.

Our accounts direct from England are late to the warlike preparations, carrying on by Russia and France.

LONDON, MARCH 24.

Two vessels arrived yesterday from Havre, having on board about 500 bales of silk; another vessel is also arrived from Ostend; that the trade with France was never more brisk than it is at present.

The late king of Sweden has been divorced from his wife, by the court of Switzerland. She with much grief acceded to his wish. Thus has he separated from a sister of the emperor of Russia, to marry perhaps a sister of the emperor of France, to be restored to his throne by Buonaparte's soldiers. He was formerly one of Napoleon's most bitter enemies.

AMERICAN VESSELS.

APRIL 2.

We learn that all American vessels now in Liverpool have orders to stop sailing until further arrivals from America!

The rumour of a dissolution of parliament has been revived amongst the members of the House of Commons, and it is expected to take place soon after the Catholic question is disposed of.

It is confidently said, that the right hon. G. Rose will shortly be called to the house of peers, by the title of Baron Lyndhurst.

Corn to the amount of twelve million sterling, was imported into England in 1811 nine of which were paid for by licensed barters, and 3 millions in specie.

The Gazette of Tuesday contains the official details of a gallant and successful attack made by the Rosario sloop on the enemy's flotilla off Dieppe.—Capt. Harvey, on Friday last, while cruising off the French coast fell in with a squadron of the enemy's privateers, 15 in number. Notwithstanding the disparity of force, capt. H. determined on engaging them; and after manœuvring so as to cut off their retreat, he most nobly brought the whole to action, and, after a desperate engagement succeeded in defeating the whole squadron, having captured 3, sunk 1, and driven 5 on shore; the others escaped owing to the incapacity of the Rosario to take charge of any more. The Rosario mounted ten guns and 75 men, the privateers mounted 90 heavy guns and 750 men.

FRANCE & RUSSIA.

APRIL 3.

We yesterday stated that the Russians were fully prepared for the commencement of hostilities, and we have now to communicate the important intelligence that an express has arrived in town, from Petersburg, with letters from that capital of the 4th ult. The Russian army on the frontiers of Poland is stated to consist of 280,000 men, but we may presume that this number is as usual over-rated—200,000 is more likely to be the real number. The emperor Alexander is to take the command of this immense force in person. Gens. Barclay de Tolly, Bennigsen and D'Armfeldt, are to serve under him.

In the expectation of large demands on the public treasury, many new taxes have been imposed on the authority of an imperial ukase, and others have been augmented; among these are an impost on land, an excise on tea, a stamp on merchant books, and an increase of the capitation tax, to the extent of one third.

The messenger who had passed through Berlin on the 3d of March with the ultimatum of Buonaparte to the court of St. Petersburg, it is understood had returned with the ultimatum of the Russian Government. Berthier was hourly looked for in that city, and it was supposed that Napoleon and Frederick William were to have an interview at Dresden, where the palace had been prepared for their reception.

A gentleman who has arrived from Prussia by the late Anholt packet, states that a corps of French troops was daily expected at Konigsberg.

The following are extracts from some letters which have been communicated to us:

"Pilau, March 11. All is confusion here, in consequence of the arrival of accounts, that the French armies are marching against Prussia. It is said that not less than 400,000 men are proceeding to that destination, viz. 200,000 French, 150,000 Austrians and 50,000 of the Confederation. Thank God, none of them are expected to come this way."

"Leipzig, March 12. All the Prussian troops have received orders to march from this neighbourhood, to
