PAUL'S PATENT COLUMBIAN OIL.

The inventor of this highly esteemed Medicine is a native of America, and the composition is the production of American soil. Consequently it is in every sense of the word Domestic, it is not puffed up with a numerous train of pompous foreign certificates of persons from whom by the great distance that separate us, 'tis impossible to obtain information, therefore the public has better security for their money as there cannot be the least shadow for deception to cover this medicine, for he simply appears before the community with his invention and an experimental detail of the various cases in which it really is so wonderfully efficacious, and in which he is supported by the following certificates, whose names are not only subscribed but their persons may also be ascertained, being residents within the circle of our neighbourhood. The following are the complaints in which the Columbian Oil has been found so efficacious and rarely ever fails of effecting a cure: viz Rheumatism, Consumption, Pains in any part of the body but particularly in the back and breast, Colds and Coughs, Tooth Ach, Spleen, Pleurisy, Cholick, Cramps, external and internal Bruises, Sprains, and Flesh Wounds, Scalds and Burns, Whooping Cough, and Mumps, Dysentery, or Bloody Flux, Croup and the summer complaint in children, and in a weak stomach, that is caused by indigestion, a constant sinking and loss of appetite, it will act as a powerful bracer to the relaxed fibre and restore it to its proper tone.

It seems as though nature had ranked it the first of the class of all peccators and expellors for the relief of the breast and lungs, as it scarcely ever fails of removing obstructions in either, particularly those who are troubled with Phthisis or Asthmatic complaints, who in the act of walking fast, stooping or lying down are almost suffocated, halt a teaspoon full of the Columbian Oil will render some relief instantaneously, and if continued agreeably to the directions in such cases, will prove a radical cure, by producing the full power of inflation to the lungs, and free expansion of the breast.

Certificates of its Efficacy. We do certify, that on Thursday, the 17th inst., we were tarring a new seine for Mr. Clark, and by accident the seine took fire, which by endeavouring to put out the flames, John Clark and Thomas Adams got severely burnt in the face, we immediately got some Columbian Oil from Mr. Paul, and applied it to the parts burnt, which gave ease in the course of twenty minutes, and has left the parts free from blisters.

John Peacock, Thomas Adams, John Clark. Baltimore, April 19th, 1812.

Sir—At your request that I should give my opinion respecting what effect your Columbian Oil had in a certain case where I was afflicted, I most cheerfully comply by saying that I verily believe that I might have died with one of the severest cramps in the stomach, had it not been for your Columbian Oil; and that I have been a second time relieved of the same complaint by the assistance of that valuable medicine, and as such I recommend it as the best remedy, because there is no manner of doubt of its proving effectual.

E. Catharine Walker. Sign of the Buck, Market-Space, Baltimore.

Sir—Conceiving it to be my duty not to conceal from the public the virtues of your most valuable Columbian Oil, from which I received so much benefit, I am therefore induced, from a principle of gratitude for my recovery, to give a short statement of the complaint under which I suffered. I was first seized in the right hip with a most intolerable pain, which seemed exactly in the joint, and on the day following a dreadful pain in my back which lasted about three weeks, during which time I could not walk upright, but always in a bent posture; and if seated in a chair, the pain would be so excruciating in the act of raising that it was impossible for me to refrain from screaming. My appetite had entirely left me, and a constant head ach would sometimes almost deprive me of my senses; In fact, I was in a deplorable condition. A number of remedies were tried but to no purpose, I had also the advice of an eminent physician, who prescribed a hot bath, &c. which were regularly attended to, but without the smallest advantage. I had about nine ounces of blood taken from me, still the complaint did not give way in the least degree. I was then advised to try Paul's Columbian Oil, but with very little hopes of succeeding: when to my great surprise and comfort, I was sensible of some ease in my hip on the first time of anointing; the next day the pain in my back abated, the head ach left me, and in four days I was perfectly recovered.

Apolonia Walker. Lexington-street, two doors from Liberty-street, Baltimore.

Philadelphia, July 8, 1807. By your request I do certify, that I had been a long time dangerously indisposed, and was reduced to the lowest state of weakness, insomuch that my recovery appeared doubtful; my complaint seemed to be affections of the breast and lungs. I could procure no relief from incessant coughing, nor breathe without great pain & difficulty; when, by the use of one phial of Paul's Columbian Oil, my distressing cough left me, every other symptom was removed, and I was restored to an excellent state of health, which I now enjoy.

Who may be consulted if called on—Kitty McClain. Corner of Spruce and Fifth-streets.

The public will please to take notice; That Paul's Patent Columbian Oil, will always be sold in bottles which contain the words PAUL'S PATENT COLUMBIAN OIL, in the Glass; in the bottles sealed with my initials J. L. in Red Wax, and the outside Label signed by me with Red Ink.

John Love, Sole Agent for the U. S. of America and their dependencies. Without which characteristics none will be Genuine. The above valuable Medicine for sale by Childs & Shaw.

SUPPLE

TO THE PUBLIC

I am at a loss which to admire most, the gentleman-like language, or the persevering which the Editor of the Republican combats his patrons—For the first I give him full credit for the refinement of his education, and derives its origin from the purlieu of Bill genteeler neighbourhood of Grubb street. It springs from gratitude to his employers, it springs from knight-errant in their defence, much applaud his motive; I should be loth to venal or mercenary cause; I should be loth to the snug perquisites of office could have any person of his avowed disinterestedness. I have testimony that the Printer is neither venal or mercenary.

As this person has once more thought of my name upon the public, and that too without appendages with which he is wont to term first thank him for the importance which he has invested me, and next proceed to investigate charge of disaffection to this country, with and mighty effort, he has thought to overwhelm he have confined himself as usual to common and general abuse, I should have promised to the public, and no further intrusion; for general abuse from such channels to be wished for than deprecated; it provokes your enemies; and there are men so low that they are at variance with them, whilst to be them would be gross contamination. But the Republican has advanced a specific accusation, endeavoured to substantiate it by extracts of the times when the transaction occurred to myself to come forward and give a clear account, so as to remove any unfavourable impression, has been excited in the minds of those who are with the whole circumstances of the case, selected only just as much of it as the editor extracts, has thought proper to give, according to unjust and ungentlemanly remarks.

What then is his charge? We are carried, now eight and thirty years ago, to a time upon which to ground a charge of my being in this country. The affair of the Peggy's having a small portion of her cargo, among few chests of tea, consigned to myself, again revived; the burning of the tea by the presence of an incensed populace, and the per, humiliating in its acknowledgments, with acrimony and indelicacy. In order to the nature of this transaction, it is necessary period when it occurred, to develop the motives which actuated some of the leaders of the business, who formed part of the conduct and to shew in what manner the firm conducted themselves in the business. Seeing from an inquiry into my conduct, an opportunity that presents itself of exhibiting the part I acted was highly honourable. The part I acted was highly honourable. The part I acted was highly honourable. The part I acted was highly honourable.

We are extremely sorry that we are obliged to print on the present occasion, but our unfortunate affair being highly misrepresented, necessary, in justice to our characters, and to the information of the public, to give a full and impartial account of the proceedings on the whole, and must be for the perusal of those facts that we are before you, by which you will be enabled to judge, how far we merit the severe censure been imposed on us. On Friday the 14th inst. arrived here Stewart, having on board for us, with one whole, eight half and eight quarter of after her arrival, Mr. Anthony Stewart (of vessel) applied to us, and desired that we should Jackson with money to pay the duties otherwise the vessel could not be entered, Stewart what our determinations were with tea, and that we were then writing the gentlemen of the committee, and which immediately waited on them with.

TO THE PUBLIC.

To Charles Carroll and John Hall, Esq. gentlemen of the committee for Anne-Arundel County. Friday morning, 10 o'clock. Gentlemen, This is to inform you, that the brig Jackson, is just arrived from London, and in order of the 14th May last, have on board for us, among which are a number of chests of
