Conclusion of

Mr. Randolph's

It may be said that in the people of every por confederacy had themsel py to think of division sufferings of a war like f quisite, to rouse them to sary exertion; war is im governments; and wars f ear will be wickedly de wickedly waged, even by England confederacy as been by every governem excepting the Roman R which we have any know it does appear to me, no scription that the evil reached the point of when peace alone, will re nappies:) as we are the ple under the sun; at lea py to think of dissolving which as it carried us t war of our revolution, v bear us triumphant thro which we have been plu incapacity and corrupti neither willing to mainta tions of peace, nor able the operations of war. untiappily be mistaken pection; let us see wh the consequences of the not to us, but to your exclusion of your tonage satures from our ports. It will be our policy at our own, or even those in preference to yours more obvious than that ed us of the south, to discriminating duties in merican tonnage, in the this government. It is to say, to you, that I duties on imports, as we nage duty, when I alldo couragement of Americ It will always be our po vent your obtaining a n ority, and consequently off entirely from our car The same plain interest us to prefer any manufact own. The intercourse of the world, that excha plus for theirs, will be of our seaman. In the you will find rivals, not ly indisposed to shut o petition of your shipping section of the country. less west, you will find pelitors of your nec will be left to settle with England, the boundary on the side of rick, and unless you can fork to a state of utter to her own interests, thng and most populou he confederacy will pre the frontier to the only union at the ward, that nated as a city b hat repedant city b he ark of the Easter pa body will sit with arch of the most pap of New York (Dutch most equal to some o England state. I spea sion, but in soberness heart, I have let n thorough diplomatist, I ret every thing like a set this question as a calation, well kn me time, this in whi tion of what intere me instruct our me high authority has olument as of no r it is not found in al rober in Virginia, w hear of the bombard to so, I very much h one would not be y of a sensible insur But with I am sisting in another ce it should be once d like the m
