ST. JOHN'S COLLEGE.

The Visitors and Governors of St. John's College, have the pleasure of an-... nouncing to the Public, that the Col-... lege has recently been revised under... the direction of the Rev. Henry L. Dav-... is, and the Rev. William Haffery. The... former of these gentlemen graduated... at Carlisle College during the Presi-... dency of the late celebrated Doctor... Noble, and few inhabitants of Mary-... land, accustomed to mingle in the lit-... erary world, will require any recom-... mendation of his learning and ability... or of his experience in the important... business of education. Mr Haffery was... educated at Glasgow, in Scotland, where... he obtained the degree of Master of... Arts; and the greater portion of his... time, since his departure from that re-... vowned seat of Learning, has been de-... voted to the instruction of youth, both... in Europe and America. He produces... from gentlemen of high standing, both... in that country and this, to whom he... was well known, the strongest testi-... monials with regard to character and... qualifications. With these gentlemen... the Visitors entertain hopes of being... soon enabled to associate a Professor... of Chemistry; and as the number of... pupils, and the funds of the institution... increase, additional Professorships will... be established.

The regulations of St. John's College... have lately been revised and new mo-... delled by the Visitors, who confidently... recommend it as possessing advantages... equal to any Seminary in America, both... in point of discipline, & as a nurs-... ery for the attainment of classical... Learning, and those branches of sci-... ence usually taught in Colleges. Annapolis has long been distinguish-... ed for the beauty of its situation, and... the salubrity of its air; and being the... seat of Government, where the Legis-... lature and Supreme Courts hold their... sessions, an opportunity is thereby af-... forded to the students of hearing the... principal orators and lawyers of the... state, which cannot but prove highly... useful to those, who may be design-... ed for the learned Professions. The... students can be accommodated with board... for two hundred dollars per annum, &... the price of tuition is Forty Dollars... per annum, payable quarterly in ad-... vance. It is only intended at this time to... submit a brief outline of the course of... studies designated by the Board; a more... detailed account of this, as well as of the... discipline of the College, will be given... hereafter.

An extensive selection of the Latin &... Greek Classics; the various branch-... es of the Mathematics, viz. Arithmet-... ic, Algebra, Geometry, Trigonometry, Surveying, Navigation, Conic Sections... and Fluxions; Geography, with the use... of the Globes; Natural Philosophy; Astronomy; Moral Philosophy; Rhetor-... ick; Logic; Reid's Essays; Dugald Stewart's Philosophy of the Mind; His-... tory, and Political Economy. While... prosecuting their other studies, parti-... cular care will be taken to instruct the... students in the nature and evidences... of the Christian Religion. Attention will... also be paid by the Professors to teach... them to read their own language with... propriety and elegance; for which pur-... pose they will hear them recite lessons... from Walker's Lectures on Elocution, and... such English Authors as they may... think best adapted to their capacity, &... calculated to be most useful to them.

It may be proper to observe, that al-... tho' there is no French Teacher attach-... ed to the College, there is a Gentleman... in Annapolis who teaches that langu-... age, so that the students will have an... opportunity of learning it during the... hours which are not occupied by Col-... legiate exercises.

Annapolis, March 30, 1819.

THE MORNING CHRONICLE,

A NEW DAILY PAPER,
TO BE ESTABLISHED IN THE CITY
OF BALTIMORE.

It is with unfeigned satisfaction that the... subscribers here have to inform the... public to a new daily paper, which... the proprietors with all possible ex-... pediton to establish in Baltimore, to be denomi-... nated THE MORNING CHRONICLE.

With regard to the political character... of this publication, he avers an entire... neutrality will be decided of the Editor... (That federalism, which was known and... practiced in the day of Washington—that fed-... eralism, for which Hamilton wrote, fought... and for which Montgomery fell—that fed-... eralism, which, with a large and compre-... hensive view, embraces all characters, so far... as they augment the prosperity and the gran-... deur of their country, and with turns... any eye of the most transcendent disdain on... the idle, despicable, mean, personal bickering... for office that federalism, which would... raise, enoble, and aggrandize the charac-... ter of our dear and beloved country, and in... opposition to that detestable, mischievous fed-... eralism, whose only aim is to raise and to ag-... grandize private families—that federalism... that exists in the spectacle of our country's... greatness; that delights to behold the star-... spangled banner glittering over every sea;... our commerce bounded by no other restric-... tions than those of the ocean; that federal-... ism, that cheers the honest husbandman at... his plough, the merchant at his desk, and... the mechanic at his anvil. He is too old, and... the grave too near, for the subscriber to... turn an apostate now; to lend himself to the... security, meanness of individual ambition; or... to mistake his own welfare for the welfare... of his country. These are the federal sen-... timents of the Editor, and such as he will... be governed by until the hour of his disolu-... tion. He seeks not in individual patronage... he looks for support on his countrymen at... large—if he fails in this appeal to their con-... fidence, he is content to remain unnoticed... and forgotten.

PAUL ALLEN,
Late Editor of the Federal Republican... and Baltimore Telegraph.

TERMS.

THE MORNING CHRONICLE will be pub-... lished daily, at eight dollars per ann. From... the patronage already offered, and from the... flattering prospects held out, it is expected... the publication will be commenced the 1st... of October next. Although the Editor in-... tends it shall be a newspaper, it is not his... wish nor his interest to disregard the ma-... rine and mercantile departments; in these... he will be assisted by persons well acquain-... ted with the management of a commercial... paper.

It is intended to issue from the Morning... Chronicle office, as soon as a sufficient num-... ber of subscribers are obtained, a paper for... the Country, to be published twice a week... at four dollars per annum, which will con-... tain all the news matter of the daily paper.
Every attention will be given to forward... the paper to subscribers at a distance with-... out delay.
