LAW OF MARYLAND.

An act to establish a new Election District in Baltimore county.

Passed Feb 8, 1819.

Sec. 1. Be it enacted, by the General Assembly of Maryland, That a new election district, to be called The Eighth District, shall be established in Baltimore county, which district shall be bounded as follows: beginning at the head of tide water, at the mouth of the Little Falls of Gunpowder, and running up the said falls to the old Harford road near Amos's mill, and from thence down the said road, passing Cromwell's bridge, to Thomas Mills's dwelling house on said road, and from thence to the head of the White Marsh Run, and down the said run to tide water on Bird's river, and thence round with the shore of said river and Gunpowder River to the place of beginning.

2. And be it enacted, That all elections for said district shall be holden at the public house therein now kept by Abraham King, under the like authority and regulations as elections are or may be holden in other districts of the county, and all voters residing within the limits of said district, and none other, shall vote at the elections to be therein holden, and not elsewhere, under the like privileges and duties of voters in their other districts respectively.

3. And be it enacted, That if this act shall be confirmed by the general assembly after the next election of delegates, as the constitution and form of government directs, that in such case this act, and the alterations and amendments of the constitution and form of government therein contained, from and after the first Monday in October eighteen hundred and twenty one, shall be taken and considered, and shall constitute and be valid, as a part of the said constitution and form of government, to all intents and purposes, any thing to the contrary notwithstanding May 6.

THE STEAM BOAT Maryland, CAPTAIN VICKARS.

This Superior Vessel is now prepared, and has commenced the tour of operations for which she has been destined. She has been planned, constructed and equipped, by the ablest Artists; and the Machinery, Furniture and Workmanship, are all of the best kinds. These have all been provided and applied under the constant superintendance of Captain Barber & Captain Vickers, in alternate attendance, as the skillful Agents of the Company; and both are very deeply interested in the undertaking. The great confidence may therefore be reposed in the soundness of the vessel, and the safety of her machinery. The accommodations on board, and the arrangement of the apartments for elegance, convenience and security, cannot be exceeded; and her exterior appearance is extremely beautiful. She will leave Easton every Monday & Thursday, at 8 o'clock in the morning—call at Annapolis to land and receive passengers—and proceed to Baltimore in the evening of the same days where she will arrive at 6 o'clock. Returning, she will leave Baltimore every Wednesday & Saturday, at the same hour in the morning—call at Annapolis to land and receive passengers—and proceed to Easton in the evening of the same days, where she will arrive at the like hour. Passengers are respectfully invited to avail themselves of this agreeable conveyance; and they are assured that every care and attention shall be exerted to give them satisfaction. June 17.

N.B. Persons wishing to take Horses and Carriages on board, are requested to have them sent to the boat an hour previous to her sailing. A Mail Stage leaves Crawford's Tavern in Georgetown, early every Monday, Wednesday and Friday, for Annapolis and on its return route leaves William's Tavern in Annapolis early every Tuesday, Thursday and Saturday, passing through Queen Anne and Marlboro' in its route, offering a convenient and speedy conveyance to travellers going either to Baltimore or the Eastern Shore, as well as to those going from the Eastern Shore to the City of Washington.

Elkridge Academy.

As the subscriber had formed, during the Spring, some design of dissolving this institution, this method is embraced, to inform his friends and the public that arrangements are now making to establish it on a permanent foundation; and by enlarging its plan, he hopes to render it more worthy public patronage and more extensive in its utility. The Classical Department will be under the subscriber's own immediate care, whilst the entire attention of another will be devoted to the teaching of the Mathematics and elementary English. By which arrangement the pupil will advance with an equal step in Classical & Mathematical Science; his studies will be agreeably & profitably diversified, and he will be qualified, either for the course of philosophy at College, or the avocations of active life. It will also be understood, that the number of pupils is limited; that no teacher shall ever have more than 25—which number may be well taught by any man who will discharge his duty. The year is divided into two sessions of five and a half months each, board 75 dollars—Tuition 25 dollars per session—the pupil finding only bed and bedding.

N. B. The second session is now somewhat advanced, and a proper deduction will be made to those who now enter, for the time that has elapsed. A. H. DASHIELL, Elkridge Academy, near Ellicott's Mills, July 15 1819.
