13. This day the dose of t bove medicine was increased pint and a half during the day ores still very much inflamed the application of emetic i

which had been repeated dail 15. This day both of the seem to be very much affected of them ies on his side, havin vulsive twitchings in the fo and jaw, repeated at interval other one is violently affected general convulsions, which m increased by fanning her or t

ing water upon her. 17. This day both of the died.

23. The decoction increas one quart a day, to each; the cation of the caustic entirely pended. 28. The boys still in p

health, this being the thirt day since they were bitten taking a quart each day. Sept. 7. Forty one days has

elapsed since they came und care; although I consider th nearly out of all danger, yet advised a continuance of the cine a few days longer. Having related the treatme

issue of the above cases, I sha endeavour to anticipate and some of the enquiries which, lieve will arise in the mind of ry man who read them. As dog's having been mad, I thin cannot be the least shadow of & when we take it into consi on that one of the hogs which mad, was bitten only on the one of the boys was bitten different places, every one v mit that the canine virus mu had as good, if not a better, tunity of infecting the latte the former. When we take consideration, also, that ever which the dog bit, but thos died with hydrophobia, (al nothing was bitten so badly of the latter,) I think we ma ly draw the conclusion that rus was not only absorbed in systems, but that they wou been affected with disease not been prevented. Wnich of the remedies numerated could have counteracted the effects of the poison? Was caustic? I think not; for hours had elapsed between fliction of the bite and the tion of the caustic; and eve it is applied immediately up reception of a wound, it is on by most respectable phy that it will not succeed in p ing the disease.

Our next enquiry is watur rected, in the next place, scutellaria; could that have s ed in preventing the infection this question I know the ac for the virtues of this plant him, he gave me the following his that about 45 hours before time dog, alluded to above, to him gently, bit off or nib too ready acceptation of the rous remedies which are da sented to the public by the prejudice or ignorance. B not this scepticism be car far? As regards the subject sent under consideration, I suaded that it at least meri ther trial than the ephemer. which is generally bestowe medies of this kind. In fa the scutellaria, it may be ac that the most simple and se inert vegetables succeed in or Pilosa, orders were im-fly sent to New York for a Witness the decided effects remedies in the hands of in curing the bite of a rattl the principal of which, I be a species of the Collinsonia. I hope, be plainly inferr my object to assert an enti in the scutellaria, as a spec

of the Scutellaria Lateriflo-1st. This day I removed har, caused by the caustic, oth patients, and scattered tartar treely over the clean what I have advanced, that of the sores. I may here t, that I found this article snto any other which I have cto excite a further inquiry, ed, as an irritant, in keeping stinued ulceration. The amove that apathy which is ten, perhaps, the cause of eatment was daily repeated, remedies which might o he eighth, when each one took prove useful. One word pect to the plant .- One sp 10. Having through the ly is said to be useful-the ess of Mr. Fitzwhylson, of La cateriflora. As there and, received a supply of the species growing in this ne aria lateriflora, I commenced hood, this may be easily c of it in form of decoction, ed with the others. The athe following manner, to cimen of this particular ace of the dried plant I put which I have seen gathered
