

**LANDS FOR SALE,
OF GOOD QUALITY,
In the neighbourhood of Annapolis,
consisting of the**

RISEING SUN FARM,

Formerly a Tavern—the land adjoining formerly held by Edward Baldwin—and also adjoining it a body of Woodlands, known by the name of *Salmon Hills*, containing together upwards of 500 acres. These lands have nearly all been enclosed by a good fence; and much improved by plaster and clover, which operate with very great effect. The soil is generally of a red loam, and is susceptible of great fertility by clover cultivation—best of tobacco is made in the neighbourhood especially on lands of this quality. There have been many improvements added to the houses and many other conveniences erected, since it has been in the hands of the present possessors.

A credit of one, two and three years, will be given to the purchasers, on paying one fourth of the purchase money down, and annual interest on the unpaid portions.

Also for sale the Land formerly held by Henry H. Brown, called "Prospect Plains," containing about 270 acres, on which Mr. Welch now resides, under certain covenants. This land is very advantageously situated on the banks of the Severn, with a most convenient landing on Plum Creek, is adapted to Plaster, and yields Tobacco of superior quality. This tract will be sold on the same terms of payment as the preceding ones—and if the whole be not sold by private contract before the first Monday in October next, they will on that day, at 10 o'clock, be sold by public Vendue at the Rising Sun stand—Apply for particulars to Mr. James Pollard, on the premises, to Mr. Joseph Sands in Annapolis, or to the Subscribers in Baltimore.

Also offer for sale the land called
BODKIN NECK,

on the river Patuxent and the Bay, containing upwards of 1100 acres.—This land is held by tenants under certain covenants, yielding \$700 a year. A part of it has comfortable dwellings on it, and is in a high state of improvement—The supply of lumber by depots on the Bay, is beyond the wants of the land. There is an abundance of deer and wild turkey on the land, and a great portion of it is in wood of second and original growth. Its vicinity to Baltimore, its fisheries, and other circumstances independent of its value as a farm, give it great advantages.

I will also sell all the lands that are known by the name of "The Connexion and Howard's Fancy," lately held by Major T. Dorsey and Mr. Yeald, all adjoining the Blackhorse tavern, 10 miles from Annapolis. They contain together, about 600 acres, and constitute one of the first positions for a farm of any location in that section of the country.

The quality of the soil is a red loam, similar to the best lands on West River. Plaster and clover will in one year produce great fertility, and wheat may be raised on it, yielding a great crop, as may be seen by the crops within the neighbourhood on lands of similar quality. There are the best natural meadows on this farm, of any in the neighbourhood. A long credit will be given to the purchaser for the greatest part of the money. Apply to Mr. Joseph Sands in Annapolis, or the subscribers in Baltimore.

Land for Sale.

By virtue of a decree from the Chancery Court of Maryland, the subscriber will expose to public sale on the premises, on Thursday, the 31st day of the present month, if fair, if not the next fair day thereafter, the Real Estate of Thomas Nicholls, late of Anne Arundel county, deceased, being part of "Snowden's Second Addition to the Manor," containing
About two Hundred Acres of Land, lying in the county aforesaid, on Snowden's river, and within three miles of Owings' Merchant Mills. This land is nearly central between the city of Washington and Baltimore, the soil of a good quality, and would no doubt, with an inconsiderable expense, be made a valuable farm; the land lies high and healthy; is well watered, and has a sufficiency of wood to support the place.

Terms—one fourth cash. On the ratification of the sale, the balance to be paid in twelve and eighteen months from the day of sale, the purchaser to give bond with approved security, commanding interest from the day of sale; and on the ratification of the sale and the payment of the whole of the purchase money, the trustee will execute a deed according to law. Sale to commence at 12 o'clock.

Nicholas Worthington, of Thos. Trustee.

**TO THE CULTIVATORS OF THE SOIL.
THE AMERICAN FARMER.**

The first number of the AMERICAN FARMER was issued on the 2d of April, 1819. It may now be announced as an established National Work, adapted to all the varieties of our climate, since many of the most eminent citizens in all the States, contribute by their patronage and their pens, to its circulation and its usefulness.

To make known all discoveries in the science and all improvements in the practice of Agriculture and Domestic Economy, and to develop the means and designate plans of Internal Improvements generally, constitute the chief objects to which the AMERICAN FARMER is devoted. It takes no concern of interest in party politics, nor in the transient occurrences of the day.

The Farmer is published weekly on a sheet the size of a large newspaper, and is folded so as to make eight pages, and to admit of being conveniently bound up and preserved in volumes. Each volume will consist of fifty two numbers, a title page and an index, and numerous engravings to represent new implements and approved systems of husbandry.

Each number gives a true and accurate statement of the then selling prices of country produce, live stock, and all the principal articles brought for sale in the Baltimore market.

Terms of subscription \$4 per annum, to be paid in advance. But for the sum of five dollars, the actual receipt of every number is guaranteed. That is, when numbers fail to come to hand, duplicates shall be sent until every number shall have been received.

As the editor takes the risk and cost of the mail, should subscription money be carried, he holds himself, nevertheless, bound to furnish the paper.

To those who may think the price of subscription too high, it may be remarked, that on a comparison of their actual contents, one volume of the American Farmer, will be found to contain as much as four vols. of the "Memoirs of the Agricultural Society of Philadelphia," and the four volumes of that patriotic and exceedingly valuable work sell for \$12.

To show that the American Farmer is conducted in a manner to answer the practical purposes for which it was established, and that it is not undeserving the encouragement of the agriculturists of the United States, the following testimonials are respectfully submitted; others equally conclusive might be offered.

Extract of a letter from Governor LLOYD, who is acknowledged to be one of the most wealthy, well informed and best managing farmers in the United States. "The Farmer so far, is the best Agricultural compilation, in my humble opinion, that I have ever seen, and deserves the patronage of the public."

From the President of the Agricultural Society, Eastern Shore of Maryland. "I am anxious to preserve the whole of the work, and wish it was in the hands of every farmer in the United States. It is by the diffusion of knowledge, and not by the accumulation of it, that we can expect our country to improve in Agriculture, which thy paper is admirably calculated to impart, to all who will take the pains to be improved by reading." Respectfully thy friend,
ROB MOORE.

From an address delivered by THOMAS LAW, Esq. President of the Agricultural Society of Prince George's county. "Before I conclude, let me recommend to you the American Farmer, a paper which collects into a focus all the rays of light on husbandry, which are emanated from every quarter of the globe. I have requested Mr. Skinner to give an annual index, which will make it equal to a Library for a farmer."

From Doctor Calvin Jones, of Raleigh, North-Carolina, a gentleman of high repute for his devotion to the interest of Agriculture, and for his attainments in other sciences.

For the Raleigh Register. Mr. GATES—I request of you the favour to inform those respectable friends who have interested themselves in the success of the "Farmer's Magazine," that the patronage professed is not such as will justify its publication. The best service I now can render them is, to recommend to you the "American Farmer," an agricultural paper, published weekly by John S. Skinner of Baltimore. An acquaintance with this work will prevent any regret being experienced at the non appearance of mine.

The following notice was addressed at their own expense, through the public papers of that state, by the board of managers of the Agricultural Society.
To the Planters of South-Carolina.
The "American Farmer," which is as appears from its title, dedicated principally to subjects relating to agriculture, contains a great variety of matter, the result of actual and well digested experiments, embracing the whole range of domestic and rural economy, such as cannot fail, if duly observed, to be highly beneficial to your interests. The great object of this society is, to promote agriculture, and thereby advance the prosperity not themselves individually, but of their fellow citizens generally. They believe they cannot do more effectually, in this early stage of their organization, to promote their object, than by recommending this paper to your perusal. They therefore take the liberty to recommend the American Farmer as highly worthy of your attention. By order of the Board of Managers,
J. CHAPPELL,
Vice President presiding.

Extract from the proceedings of the Agricultural Society of Albemarle, Virginia, at their last meeting, May 8, 1820.
"In order more generally to disseminate the Agricultural intelligence and improve the state made throughout the United States, the Society resolve to present each of its members with the first volume of the American Farmer, edited at Baltimore, by John S. Skinner, Esq."
"P. MINOR, Secy."

All gentlemen who feel an interest in the circulation of a journal devoted to these objects and conducted on this plan, here described, are requested to transmit the name of subscribers—but in all cases the money must be remitted before the paper can be sent. It will however, be returned in any case where the subscriber, on a view of the paper, not being satisfied, may think proper to return it to the editor within three weeks.

An allowance of ten per cent will be made when claimed, on all monies received for, and remitted to the editor.
A few of the first volume, either in sheets or well bound, with a copious index, remain on hand for sale.
Notes of the Banks of North and South Carolina, Georgia and Virginia, generally, will be received at par.
All communications to be addressed to
John S. Skinner,
Baltimore.

June 28, 1820.
P. S. For all editors in the United States who may have the goodness to give the preceding notice a few weekly insertions, the editor of the Farmer will be glad to transact any business they may have in Baltimore, or to return their good offices in any other way in his power.

South River Bridge Stock

Notice is hereby given, that the Debts of the South River Bridge Company will be again opened on the first Monday of September next at William's Tavern, in the city of Annapolis, at 9 o'clock A. M. for the purpose of receiving subscriptions for the residue of stock. The Directors feel well assured, that when the many advantages taken into consideration, that must result to the proprietors of land in the neighbourhood of South River, from the erection of this bridge, no further inducement need be offered to encourage subscription. It may not be proper to state that the Directors in person examined the different points on the River, and from that examination, and the advice of experienced Bridge Builders, have selected as the most proper site, that part of the river known by the name of Great Ferry. Many proposals to erect bridges, accompanied by estimates of the expence, have already been received, from which the directors, are satisfied that the amount of the proposed subscription will greatly exceed the probable cost. Persons who may be disposed to subscribe, need not attend any delay in the erection of a bridge, as they have determined to proceed with all possible dispatch, believing as they do, that if the opportunity be neglected, and equally favourable may never occur, the directors confidently look for a full subscription of the remaining shares.

Applications for the purchase of the same will be received by any one of the directors, at any time prior to the Monday of September.

The Maryland Republican will publish the above once a week until the 1st of September.

and sufficient Reasons for not supporting the Democratic Ticket.

It was mere party opposition, or a desire to rule, that the federalists of Maryland oppose the democratic party at this time of day, it would be unwarrantable to make a contest for objects so remote as the public welfare; but not the case, and the following show at once, that the real federalists to contend for at this time, are serious ones, such as vitally affect the liberty of the people and the very existence of the Republic.
