

LANDS FOR SALE,

OF GOOD QUALITY, In the neighbourhood of Annapolis, consisting of the

RISING SUN FARM,

Formerly a Tavern—the land adjoining formerly held by Edward Baldwin and also adjoining it a body of Woodlands, known by the name of Salmon Hills, containing together upwards of 500 acres. These lands have nearly all been enclosed by a good fence; and much improved by plaster and clover, which operate with very great effect. The soil is generally of a red loam, and is susceptible of great fertility by clover cultivation—best of tobacco is made in the neighbourhood, especially on lands of this quality. There have been many improvements added to the houses and many other conveniences erected, since it has been in the hands of the present possessors.

A credit of one, two and three years, will be given to the purchasers, on paying one fourth of the purchase money down, and annual interest on the unpaid portions.

Also for sale the Land formerly held by Henry H. Brown, called "Prospect Plains" containing about 270 acres, on which Mr. Welch now resides, under certain covenants. This land is very advantageously situated on the banks of the Severn, with a most convenient landing on Plum Creek, is adapted to Plaster, and yields Tobacco of superior quality. This tract will be sold on the same terms of payment as the preceding ones—and if the whole be not sold by private contract before the first Monday in October next, they will on that day, at 10 o'clock, be sold by public Vendue at the Rising Sun stand—Apply for particulars to Mr. James Pollard, on the premises, to Mr. Joseph Sands in Annapolis, or to the Subscribers in Baltimore.

Also offer for sale the land called BODKIN NECK,

on the river Patuxent and the Bay, containing upwards of 1100 acres—This land is held by tenants under certain covenants, yielding \$700 a year. A part of it has commodious dwellings on it, and is in a high state of improvement—The supply of manure by depositions from the Bay, is beyond the wants of the land. There is an abundance of deer and wild turkey on the land, and a great portion of it is in wood of second and original growth. Its vicinity to Baltimore, its fisheries, and other circumstances independent of its value as a farm, give it great advantages.

I will also sell all the lands that are known by the name of "The Connection and Howard's Fancy," lately held by Major T. Dorsey, and Mr. Yealdhall, adjoining the Blackhorse tavern, nine miles from Annapolis. They contain together, about 600 acres, and constitute one of the best positions for a farm of any location in that section of the country.

The quality of the soil is a red loam, similar to the best lands on West River. Plaster and clover will in one year produce great fertility, and wheat may be raised on it, yielding a great crop, as may be seen by the crops within the neighbourhood of lands of similar quality. There are the best natural meadows on this farm, of any in the neighbourhood. A long credit will be given to the purchaser for the greatest part of the money. Apply to Mr. Joseph Sands in Annapolis, or the subscribers in Baltimore.

South River Bridge Stock.

Notice is hereby given, that the books of the South River Bridge Company will be again opened on the first Monday of September next at Williamson's Tavern, in the city of Annapolis, at 10 o'clock A.M. for the purpose of receiving subscriptions for the residue of the stock. The Directors feel well assured that, when the many advantages are taken into consideration, that must result to the proprietors of land in the neighbourhood of South River, and to the citizens of Annapolis, from the erection of this bridge, no further inducement need be offered to ensure a full subscription. It may not be improper to state that the Directors have in person examined the different points on the River, and from that examination, and the advice of experienced Bridge Builders, have selected, as the most proper site, that part of the River known by the name of Quynn's Ferry. Many proposals to erect the bridge, accompanied by estimates of the expense, have already been received, from which the directors are satisfied that the amount of the proposed subscription will greatly exceed the probable cost. Persons who may be disposed to subscribe, need not apprehend any delay in the erection of the bridge, as they have determined to proceed with all possible dispatch. Believing as they do, that if the present opportunity be neglected, another equally favourable may never again occur, the directors confidently look to the public spirit of the neighbourhood for a full subscription of the remaining shares.

Applications for the purchase of stock will be received by any one of the directors, at any time prior to the first Monday of September. The Maryland Republican will publish the above once a week until the 1st of September. Aug. 17.
