Formerly a Tavern-the land adjoin ing formerly held by Edward Baldwin and also adjoining it a body of Wood-lands, known by the name of Salmon Hills, containing together upwards o 500 acres. These lands have nearly all been enclosed by a good fence; and much improved by plaster and clover, which operate with very great effect. The soil is generally of a red loam, and is susceptible of great fertility by clover cultivation—best of tobacco is made in the neighbourhood especially on lands of this quality. There have been many improvements added to the houses and many other conveniences erected, since it has been in the hands of the present

I will also sell all the lands that are known by the name of 'The Connexion and Howard's Fancy,' lately held by Major T. Dorsey and Mr Yealdhall, adjoining the Blackhorse tavern, nine miles from Aunapolis. They contain together, about 600 acres, and constitute one of the first positions for a farm of any location in that section of the country.

The quality of the soil is a loan, similar to the nest lands on West River Piaster and clover will in one year pro duce great fertility, and wheat may be raised on it, yielding a great crop, as may be seen by the crops within the neighbourhood on lands of similar quality There are the best natural meadows on this farm, of any in the neigh bourhood.
