FEMALE ACADEMY

At the request of the Misses Marcil ey, we attended on Monday last the public examination of the pupils in their Female Academy, and were much gratified with the result. The several lasses underwent a strict and careful examination-calculated by its manner not merely for a public exhibition but to try effectually the extent of their knowledge—It would be useless to name the classes or the individual young ladies who distinguished themselves in this examination. All of the classes gave the most satisfactory proof of their own industry, attention and improve-ment, and of the care and skill of the ladies by whom they have been in-

structed. We make this publication as an act of justice to the respectable and deserving ladies who have established among us this useful Seminary, and who have so conducted it as to merit a large share of the public patronage.

For instance: in Calvert, it was reported that from the year that 1812 to 1819, the federalists, who reg held the house of delegates, and peo thereby the purse strings of the state, had robbed the treasury of \$500,000 which they could in no wise account for. This same report, with not quite so large an amount, was circulated in Prince-George's, and most of the other counties. Those people, who, for 21 years past, have been indured to consider federalists | dam as their enemies, and democrats as taki their friends, received this charge that as a truth, and would listen to no denial. But it is not my intention to condemn those people; they heard the assertion made by one side, and denied by the other; how was it possible for them to decide which was most to be relied on? Unfortunatey for the cause of truth, federalises have neglected to offer that evidence to the people which they have al- ed f ways had it in their power to produce, in the votes and proceedings asse of the legislature, the only record conof the actions of both parties.
