

**In Council,**

Annapolis, March 4, 1822.  
Ordered, That the further supplement to the act entitled, "An act to regulate the inspection of tobacco" be published five times in the Maryland Republican and Maryland Gazette at Annapolis; the Patriot, American and Federal Gazette, at Baltimore; the Examiner at Frederick; Towns, Grieres and Herbert's Paper Hagerstown; the Star at Easton and Nat. Intelligencer.  
By order, NINIAN PINKNEY,  
Clerk of the Executive Council of Maryland.

**A FURTHER SUPPLEMENT**  
To the act entitled, "An act to regulate the inspection of tobacco."

Sec 1. Be it enacted by the General Assembly of Maryland, That from and after the first day of November next, except as to Charles and St. Mary's counties, it shall be the duty of the several inspectors of tobacco, before they proceed to discharge the duties of their respective appointments, to take, in addition to the oath of affirmation, already prescribed by the original act, to which this is a further supplement, the following oath, or affirmation, as the case may be: "I, A. B. do solemnly swear (or affirm,) that I will faithfully and honestly discharge the duties of inspector of tobacco in the several counties, that I will, whenever I shall draw samples there in the manner prescribed by the provisions of this act, select, without favour, affection, prejudice or partiality, such samples as in my conscience and judgment, I shall deem a fair sample of the average quality of the tobacco in the hoghead from which such sample shall be drawn, as far as can be ascertained by the breaks directed hereafter to be made; and further, that I will use every diligence to ascertain the true quality of tobacco inspected by me whenever I shall suspect that any fraud has been used or practised in the packing thereof."

Sec 2. And be it enacted, That it shall be the duty of said inspectors as aforesaid, to break each and every hoghead by him inspected, in not less than five different places.

Sec 3. And be it enacted, That it shall be the duty of the said inspector, as aforesaid, (when required by the owner or his agent) to draw samples of the tobacco which he or they shall inspect, to draw the same; and such samples to be drawn, shall consist of not less than three bundles, to be of the average quality of the tobacco in the hoghead from which the sample shall be drawn, as far as can be ascertained by the breaks hereafter directed to be made.

Sec 4. And be it enacted, That it shall be the duty of each and every inspector when required so to do by the owner of any tobacco by him inspected, to confine the said samples together in one bundle, by tying them together with a strong tape, run through the head of said sample, in such manner as may appear to him most likely to prevent the said bundle from separating; and it shall be the duty of the said inspectors, to confine on the said sample so united together, a slip of paste board, and to seal the said tape and paste board, by sealing wax, and to impress the said wax, with the stamp hereafter directed to be provided, so that the name of the inspection where the said tobacco shall be inspected, may be legible on the said wax. And it shall be the duty of the said inspector, to write on the said paste board, the number of the hoghead from which the sample shall be drawn, the name of the owner thereof, and the name of the said inspector.

Sec 5. And be it enacted, That it shall be the duty of the governor and council, from time to time, to cause to be prepared, a stamp for each and every inspection of tobacco as aforesaid, for which an inspector or shall be appointed, and on which stamp, the name of the inspection for which it shall or may be prepared, shall be engraven, and to cause the same to be forwarded to the inspector or inspectors thereof, to be by him or them used in stamping the said wax, by which the tape through the said samples as aforesaid shall be secured as aforesaid.

Sec 6. And be it enacted, That it shall be the duty of the clerk of the council, to transmit to the several counties, to which such stamps shall be sent, the amount of the expense incurred by the state in procuring the same; and it shall be the duty of the clerk of the county, who are hereby instructed and required, to cause the said sums so as aforesaid expended by the state for the use of such county, to be assessed on the assessable property of the said county, and for the use of the state, if the warehouse for which they are furnished be public property, and if they be private property, then the levy count be constructed to cause the inspector to retain a sum equal to the expense so incurred.

Sec 7. And be it enacted, That the inspectors aforesaid, for the performance of the duties imposed by this act, shall be permitted to demand and retain for themselves, five cents for each sample by them stamped according to the provisions of this act, to be received by them on the delivery of the tobacco from which the same shall have been drawn.

Sec 8. And be it enacted, That it shall be the duty of the inspectors aforesaid, when required by the owner or his agent to draw duplicate samples, so to do, and to stamp the samples so drawn, according to the provisions of this act, the owner or his agent first agreeing to pay him the sum aforesaid for every duplicate sample thus furnished.

Sec 9. And be it enacted, That it shall be the duty of the levy court of the county where an inspection warehouse shall be located, to cause a part of the warehouse to be provided for the safe keeping of samples, and it shall be the duty of the said inspector or inspectors to take care that the boxes to be provided by the owners, in which the samples shall be deposited, shall not be injured, nor the same opened, unless by the permission of the owners thereof, or their agents; and it shall be the duty of the said inspectors, to attend once in each of the months of April, May, June, July, August, September, October and November, in every year, for showing and said samples to dealers, which days shall be appointed by the said levy court, and notice thereof shall be published in as many newspapers in the District of Columbia and Baltimore, as they shall deem necessary to give information of the days so appointed; and the provisions of this section are hereby declared not to extend to the city and county of Baltimore.

Sec. 10. And be it enacted, That it shall be the duty of each and every inspector of this state, to make an entry of the tobacco by them inspected which may have been inspected at some other warehouse, and to incorporate a statement of the quality thereof so inspected, in the quarterly reports to be by them made as hereinafter directed.

Sec. 11. And be it enacted, That it shall be the duty of the several inspectors, on the first Monday of April, July, October, and January, in each and every year, to report to the treasurer of the state for the western shore, the quantity of tobacco inspected, re-inspected and delivered from his inspection house; and the form of such report, to be signed by the inspector shall be as follows:

A report of the tobacco inspected at, and delivered from — inspection warehouse during the quarter commencing on the — day of — in the year eighteen hundred and — ending on the — day of — in the year of eighteen hundred and —

Domestic Growth.	Growth of the State.	Re-inspected.	Total.
Number inspected.			
Number delivered.			

And it shall be the duty of the treasurer of the western shore for the time being, to cause copies of the said reports to be forwarded forthwith to the editor of "The American Farmer," to be by him published for the information of the people of this state; and if any inspector shall refuse to comply with the directions of the aforesaid last section, upon conviction thereof, he shall pay a fine not exceeding one hundred dollars, to be applied to the benefit of the county in which he is an inspector; and it shall be the duty of the treasurer of the western shore for the time being, to give notice to the judges of the county courts of said counties, or Baltimore City Court, as the case may be, to bring them submitted to the grand jury, of all such omissions.

**MARYLAND GAZETTE**

VOL. LXXVII.

PRINTED AND PUBLISHED BY JONAS GREEN, BURGESS-STREET, ANNAPOLIS.

Three Dollars per Annum.

From the National Intelligencer.

No. 11. THE MARYLAND PROPOSITION OF MASSACHUSETTS REPORT.

To the Editors.

Gentlemen,  
I have endeavored to show that the proposition taken by the committee of the Legislature of Massachusetts, that a full equivalent be paid for the reservations of land, for the support of schools, in new states, was altogether untenable, now remains to take notice of the error of that committee in the representation made of the Maryland report and the Massachusetts committee, that congress are at liberty to alter their system in relation to school reservations in the new states, where the rights of purchasers have not been reserved, in proof of which I refer to a compact made by congress, not with individuals of a township, but with the invention of Ohio, contained in the law of the admission of that state into the Union. This compact has been extended to the rest of the new states, upon their admission into the Union, and, it is believed, to all the states.

2. The Massachusetts committee represent the sale of every acre of the public lands as "an event, of the certain and speedy accomplishment of which the legislature of Maryland seem to entertain no doubt." There is not a sentence in the Maryland report which can justify the imputation of an extravagant and preposterous expectation.

3. In the next page of the report of the Massachusetts committee is the following sentence in relation to the claim set forth by the state of Maryland, in behalf of herself and the old states: "The boundless and trackless regions of Louisiana, for instance, which are yet not only unexplored, but over the greater part of which even the eye of an American citizen has never wandered, is [are] taken to be a present valuable and available fund."

I have read the Maryland report carefully twice over, and I can find no part of it a single sentence in which the "boundless and trackless regions of Louisiana" [are] taken to be a present valuable and available fund.

4. Half of the reasoning of the Massachusetts report is bottomed upon the erroneous supposition that the appropriation of public lands, for the purposes of education, proportioned to the amount of public lands possessed by the United States. Hence you find that committee, in one part of their report, in speaking of the "boundless and trackless regions of Louisiana," using the following language, viz. "If these lands can be taken in the amount for the purpose of swelling the quantity upon which our proportion is to be calculated, all being taken, as it is to be, of equal value, we cannot perceive why it would not be equitable to satisfy our claim out of the same lands."

In another part of the report you find them speaking of "that part of the claim of the state of Louisiana, which is not yet surveyed or explored."

Now, the Maryland claim, as solemnly and distinctly stated in the resolution of the legislature, is, "That the states in whose favour congress have not made appropriations of land for the purposes of education, are entitled to such appropriations as will correspond in a just proportion, with those heretofore made in favour of the other states."

What the Maryland legislature mean by a "just proportion," is perfectly clear from the report which precedes their resolution, just quoted. They ask of congress to appropriate, for the use of the states that have had no grants, for education, a quantity of public lands equal to one 36th part of the aggregate amount of the superficial extent of such states, for the support of common schools; because one 36th part of the superficial extent of the states formed out of the public lands, has been appropriated for the support of their common schools. They then go on and ascertain what the aggregate amount is, by adding together that of the excluded states. Their claim upon the justice of congress would be equally good in principle, and the same in amount, if appropriations of land, for the purposes of education, had heretofore been made in favour of one state only, instead of all the states and territories formed out of the public lands, and has no relation whatever to the quantity of the public lands. It would have been the same if Louisiana had never been purchased of France. The Massachusetts committee therefore, who have taken, for the basis of their reasoning, so palpable a blunder, in their interpretation of the Maryland report and resolutions, are only consistent, that the grant of a few hundred acres, or even a few millions, of acres, upon the upper branches of the Allegheny, the Mountains, or even upon the valley of the Columbia river, would hardly be regarded as a favour by Maryland or Massachusetts, especially if they were under ob-
