The present system of imprisonment and labour, they say, not only fails to produce reformation in the criminal, but generally makes him more hardened and expert on villainy, by association and con-trivance. Labour, it is further remarked, should only be allowed as furnishing should only be allowed as a favour; as, when not severe, it operates as an agression instead of a punishment. The plan of confinement in cells, is said to be recommended by economy as well as a proper regard to the end of punishment.

Mr. Green, Mr. Green,

That the horse of mine, which Mr. A. Gambrill boughest Public Sale, was what is called hip shoton, both he and every body else at the six knew. The price at which he was sold the six knew. The only question in which I have any concern is, whether I had any knowledge of his being lame, otherwise than himshotten, while ing lame, otherwise than hipshotten, while in my possession, before the morning of sale. Mr. Gambrill has taken great pains to prove that I had. To his certificates, I oppose the following, out of many more which I might produce if necessary.

This is to certify, that during the month of October 1821, I sold a certain hipshot sor rel horse to Mr. John N. Stewart; at which time he was not lame, nor had Mr. Stewart and myselt any conversation about lame-ness. Nancy Sewell. ness. Nancy Sewell.

If the horse had been lame, while Mrs.
Sewell's property, as Mr. A Warfield certifies, and as Mr. Brown and Mr. Glover

tifies, and as Mr. Brown and Mr. Glover say Mr. Wm. Sewell acknowledged in their presence, I was not informed of it, and am not answerable for it.

Mr. William Gambrill swears, that in riding with me on my way to Severn Church, he discovered my horse to be lame;

that he mentioned it to me, and that I re plied, othat he was lame, &c." This I ab-

plied, 6that he was lame, &c." This I absolutely deny; and I prove the utter improbability of my saying any such thing by the following certificates:

I hereby certify, that on a certain rainy sabbath, between the hours of one and two o'clock, I saw Mr. John N Stewart, on his return from Severn Meeting House, to which place Mr. Stewart said he had been to hold meeting, but from the smallness of the congregation, he only sand and prayed the congregation, he only sang and prayed with them, and returned I saw the horse which he has since sold to Mr Augustine Gambrill, and he had not the least appear-

ance of tameness, at that time.

Annapolis, March 19th, 1522.
This is to certify, that on this 18th day of March 1822, I was at the house of Mr. Thomas W. Turner, and heard Mr. William Combillion. liam Gambrill, (while in conversation with at which time it states the horse being lame, was on a rainy Subbath, and the same day

ing at the Severn Meeting House, and went back so soon, there being so few people out to attend meeting. John H. Williams. To the certificate of Mr. Dennis Miller I oppose the following of Mr. Montgomery Waters.

I hereby certify, that during the time Mr. John N. Stewart owned the hipshot sorrel horse which he sold to Mr. Augustine Gambrill, I saw Mr. Stewart bring the said horse out to trade with a horse drover, being mysolt there, and saw the horse led and rode about at this time, and noticed him particularly, but did not discover the least appearance of lameness in said horse. This, as well a I can recollect, was about two or three weeks previous to said. Stewart's selling said horse to said. Samprill.

Wrighton, March 22d, 1822.

The affidavit of Mr. Sappington war, he heard Mr. P. Hammond, Jr. say, wis that he (V. Hammond) discovered my horse to be "orry lame" on the day that I rode home with him from church, and that he and I had some conversation about it, &c.

Mr. P. Hammond, sen, makes it still stronger, and certifies, that he heard his son Philip, say, that on the day that I rode home with him from church, my horse

home with him from church, my horse were so lame that he was afreid that the horse would not carry me to his house,"

Now it happens that there was a ther person in company at the very time there spoken of, and of which Mr. P. Hammond jun, also speaks in his own certificate, and Jun. also speaks in his own certificate. I am thereby enabled positively to disprove all that he has said on this point. This I do by the following certificate of Mr. Morriken.

I hereby certify, that on the 18th day of Nov 1821, I rode in company with John N. Stewart on the morning of the said 18th day of Nov. 1821, from Annaholis to the Methodist meeting house in Bload Neck, and from thence in the afternoon of the same day to the Cross Roads meeting house head of Severn, and from thencesby the way of Mr. Wrn. But it has been said, that I acknowledged to Mr. P. Hammond, jon. that the torid was lame. Sin't I have happily been aware of the traps that were laid for me, and have it in my power to meet this part of the subject as fully as the rest. Bir. Thomas W. Turner was in company with me at the time alluded to, and the following is his certificate.

I hereby certify, that on the 27th of Dec. 1821, I went with Mr John N. Stewart to see Mr. Philip Hammond jun for the purpose of hearing the conversation that should pass between said Stewart and Hammond, pass between said Stewart and Hammond, respecting a certain horse that Mr Stewart sold to Mr Augustine Cambrill; and on our way we met Mr Hammond going to his Father's; when the conversation took place respecting the horse, Mr P. Hammond jun, observed to Mr Stewart that his horse appeared to be lame at the time alluded to in his certificate, and Mr Stewart's reply was, that if you did, friend Hammond, I did not heed you Mr. Stewart asked Mr. Hammond whether he, (Stewart,) acknowledged the horse to be lame, to him. (Hammond,) and his reply was, "No." mond.) and his reply was, "No."

And I further certify, that when at Mr. Philip Hammond's Sen I was present duing the conversation that Mr P. Ham mond, Sen. and Mr. Rezin Hammond, of Philip, allude to in their certificates, and did not hear Mr John N. Stewart acknow-

did not hear Mr John N. Stewart acknowledge the horse to be lame.

Thomas W. Turner.

March 11th, 1822.

Now, Sir, you will remark, that Mr.

Turner went with me for the, express purpose "of hearing the conversation that
should pass." It is to be presumed therefore, that he paid attention. Besides, I
went for the very purpose of refuting the
report that I had made shich an acknowledgment to Mr. P. Hammond. Mr. Turreport that I had made such an acknow-ledgment to Mr. P. Hammond. Mr. Tur-ner knew that I went for this purpose, and accompanied me as a witness. Is it proba-ble, then, that I should have gone and disrectly acknowledged, what it was my express object to refute? Or, it I had act-ed so inconsistently, is it probable that it would have made no impression on the mind of Mr. Turner? Mr P Hammond himself confessed, that I had not made such an acknowledgment to him - So Mr. Tur-ner positively certifies And while we were at his father's, Mr. Turner was present during our conversation. Mr. Turner went as a witness, "for the purpose of hearing the conversation," and he did hear it. But he heard no such acknowledgment as

that spoken of by Mr. R. Hammond, and Mr. P. Hammond, sen. Sir, I might here stop, with the confident hope that I have given entire satisfac-tion to every impartial reader. But to show how a plain case may be distorted, and what erroneous impressions the certificate of Mr. Rezin Hammond is calculated to make, I subjoin the certificate of Mr. Mulliken himself attested by four gentlemen who were present at the time of the conversation to which Mr. Hammond al-

We the undersigned, do hereby certify,. that we were present when Mr. Augustine Gambrill asked Mr. Osborn W. Mulliken. whether he had ever seen Mr. John N Stewart riding a lame hipshot sorrel horse. Mr Mulliken said, that sometime early last Beard's, in company with Mr. Stewart, to Bicknell's quarter meeting, (the time hodid not recoilect, but he thought it was in the spring.) Mr. Stewart's hore appeared to be lame, and he Mr. Mulliken, told Mr. Stewart that his horse was lame, and Mr. Stewart said something that Mr. Mulliken did not recollect what. Mr. Gambrill asked Mr. Mulliken for his certificate, herefused, and said that it would be of no use to Mr. Gambrill, as hewarnet positive that the harst was hipshot, neither would he know the horse if he was to see him again; and that he did not know whe her it, was the same horse or not, that Mr. Stewart sold Mr. Gambril; and Mr. Gambrill said, if Mr. Mulliken would not give his certificate, he would published what he had said, and it would do as well; and that if he had his certificate it would be of little use to him. And Mr. Mulliken said, if he was determined to publish any thing he had salber that Mr. Gambrill would publish what he had said than for him to give his certificate, and that he was welcome to do as he pleased, he would not give any certificate about it. meeting was at Bicknell's.
O.W. Molliken. Thus it turns out, that the "certain day in the year 1821," was at least many months before I ever possessed the horse at all; and) in fact, was a year before; as Mr. Mullikch now certifies that the time to which he al.

in fact, was a year clother, as his administer now certifies that the time to which he at linded, he has since discovered, was in the Fall of 1820, and the horse came into my possession in the Fall of 1821.

If Mr. Hammond had stated that it was in the Spring of 1821, instead of using the ambiguous phrase son a certain day in the year 1821," his certificate would have been as harmless as I trust I have now made it. I now take my leave of Mr. Gambrill, not doubting, If he determines to go the fore a court and jury," as he intimates, that I shall be able to confront tim as effectually there, as I hopa I have done here.

JOHN N. STEWART.

P. S. If necessary, I could easily have.

P. S. If necessary, I could easily have procured the oaths of those grutlemens whom I have called dn, but I know their certificates will be deemed softiefent by att that know them. Annapolis, March 22th 1622.
