Lying in the lower part of Calver county, about 2 miles from the mouth of Patuxent. The greater part of this land is covered with wood of a very superior quality and of every descrip tion, viz. hickory, white oak, chesnut pine. &c: The cleared land, though at this time much reduced, might be easily, and at a trilling expense, made productive, by the use of plaister and clover. The improvements are few, and with the exceptions of a tobacco house, very indifferent. Fifteen or twenty acres of meadow land might be made at a trifling expense. To any person wishing to embark in the wood and timber business, it offers advanta ges equalled by few tracts of the same size in the county, being but a short distance from the head water of a creek navigable for boats carrying thirty cords of wood A more parti cular description is deemed unnecessa ry, supposing persons wishing to pur chase would view the premises Mr Wm. To the Benevolent and Humane.

It has become the painful duty of a parent to make the public acquainted with the unfortunate condition of his son who has been for some months deprived of his reason, and is at this time wandering through the country, un-conscious of his own affliction, & that which is felt by his parents. A long and fatiguing journey was undergone by his father in order to restore him to his home, and to the reason he had lost, but he fled from him through the mountain s rugged cliffs & disappeared. Trackless, however, as was his path. he was closely pursued, and heard of from the banks of the Ohio until he reached Rockville, in Montgomery county, Md. Any information that given of this unfortunate youth can be would be thankfully received; and he who would have the humanity and the benevolence to accompany him home, and thus restore him to his afflicted parents, shall meet with some other reward beside that of an approving conscience.

ST. JOHN'S

MOTORIEELW COLLEGES. The reputation and welfare of Ma-

ryland have been deeply afflicted by the fall of this University; and although it is the common duty of every, man in the state to endeavour to re construct t, there seems to be something more than an ordinary obligation upon those, who claim to be the Alumni of the Institution, to co-operate, and to make one vigorous, united effort, to resuscitate and to restore it to its ancient usefulness-and fame, that they may be the special means of transmitting to their descendants, and to posterity generally, the benefits of an Institution which the wisdom of their forefathers had created

It is therefore respectfully suggested to the Alumni of this University, whereever residing, to hold a meeting on the first Monday in August next, at St. John's College in Annapolis, (by permission of the Visitors and Governors.) to take into consideration the practicability of reviving this University, the plan, and the ways and means necessary to effect it.
